1940-1945

Annual Report
OF THE
MUNICIPAL OFFICERS
OF THE
Town of
DOVER-FOXCROFT
MAINE

1940

ANNUAL REPORT
of the
Municipal Officers
of the
Town of
DOVER-FOXCROFT
Maine

For the year ending February 1, 1940

Observer Publishing Company
Dover-Foxcroft, Maine

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

“Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the Town at its Annual Meeting directs, to make and bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

TOWN MANAGER & TAX COLLECTOR

At Central Hall

8:30 a.m.—12:00 a.m. 1:00 p.m.—5:00 p.m.

Saturdays 8:30 a.m.—12m.

Please bring your Town Report to Town Meeting

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and the citizens of Dover-Foxcroft I submit my eighth annual report of the Elementary schools for the municipal year 1939-40.

TEACHERS

Teachers working in the elementary school system for the municipal school year 1939-40 have been as follows:

Teacher	Position	Enroll	Years Exper.	Salary
GRAMMAR SCHOOL:				
Harriette E. Crockett	Gr. 8B & Prin.	30	32	\$900.00
Bertha Tardy	Gr. 8A Spring	29	38	864.00
Clayton Smith	Gr. 8A F. & W.	35	0	792.00
H. Leon Andrews	Gr. 7B Spring	35	10	900.00
Sherwood Larson	Gr. 7B F. & W.	35	0	792.00
Bernice W. Sterling	Gr. 7A	37	20	864.00
Effie D. Bolton	Gr. 6	28	15	864.00
PLEASANT ST. SCHOOL:				
Ava E. Goff	Gr. 5 & Prin.	25	26	900.00
Alice Austin	Gr. 4	30	15	864.00
B. Thelma Nichols Greene	Gr. 3 Spring	28	29	864.00
Helen Pratt	Gr. 3 F. & W.	27	10	612.00
Ola F. Blood	Gr. 2	33	20	864.00
Patricia Cousins	Gr. 1	22	3	756.00
Mildred Bradford	Gr. Sub	40	7	720.00
NORTH STREET SCHOOL:				
Harriette H. Crockett	Gr. 6 & Prin.	23	24	900.00
Mildred C. Hewett	Gr. 5	33	15	864.00
Marion G. Rollins	Gr. 4	36	20	864.00
Mildred Pratt	Gr. 3	34	16	864.00
Dorothy Packard	Gr. 2	37	14	864.00
Louise MacFadyen	Gr. 1	27	11	864.00
Doris R. Hathorn	Extra Room	23	21	792.00
Dorothy Greenlaw	Gr. Sub	36	16	864.00
RURAL TEACHERS:				
Elizabeth Franklin	Bear Hill	19	6	720.00
Marion A. Doore	East Dover S-4	15	6	720.00
Nellie C. Downs	East Dover 5-8	16	28	792.00
Helen Pratt	South Dover			
Harriett N. Ladd	South Dover Sub.	24	14	648.00
SPECIAL TEACHERS:				
Gertrude Gately	Music		4½	1,000.00
Madelyn C. Ballard	Secretary		8	200.00
Dr. Ruth Thomas	School Physician			150.00

Due to closing of town accounts on Feb. 1 instead of Feb. 20, as previously has been the custom, the financial statement shows expenditures for 34 weeks rather than 36. It will be noted that the balance in Common Schools is \$2,958.43. Beginning this year and continuing, it will be necessary to carry an amount, equal to or greater than the above, in order that payment of two, two-week payrolls may be made between Feb. 1 and the annual meeting in March.

The Supply, Repair, and Insurance accounts for the first time have been overdrawn. The overdraft in repairs was necessitated because of the purchase of a new Boiler for the North Street Building. The condition of the old boiler was unknown until the annual government inspection in August. Additional costs of Boiler insurance at East Dover, not considered, plus a decrease in expected refunds on the blanket insurance plan, worked out last year, accounts for the insurance overdraft. The Supply overdraft is due to lack of closer checking in the office.

The School program has progressed reasonably well. The teaching force have worked well in endeavoring to give our boys and girls a profitable school year. Of course it is the wish and desire of each teacher that her or his pupils shall grade. This is the great desire of each parent. I believe it is the hope of each pupil in attendance. However well the cooperative thread between the home and school, is worked out, there are cases that do not respond to the point of doing satisfactory work. This may be due to health, poor attendance, careless habits, and in a few cases, lack of ability to profitably pursue the academic type of program offered. In order to meet the Academy standards, we find it necessary to raise our grades in the grammar school. It is likely, unless noted improvements are shown, that several pupils will be required to repeat

their eighth grade work. We should realize that it is necessary for pupils to have a good Elementary foundation in the tool subjects before attempting Secondary work.

The following teachers attended school last summer:

Harriette E. Crockett	U. of M.
Bernice W. Sterling,	Columbia Univ. N. Y. C.
Ava E. Goff	U. of M.
Effie D. Bolton	U. of M.
Alice Austin	Farmington Normal
Mildred C. Hewett	U. of M.
Marion G. Rollins	U. of M.
Mildred P. Pratt	Farmington Normal
Dorothy Packard	Farmington Normal
Elizabeth Franklin	Washington Normal
Marion A. Doore	Farmington Normal
Nellie C. Downs	U. of M.

It has been apparent for some time that pupil records of school attendance and accomplishments are being referred to by employment bureaus and Business concerns more closely each year. Due to this increasing demand upon the schools, your committee has voted to install the Kardex System of Functional pupil records which combines a very comprehensive and condensed inventory of the school life of each pupil, plus a follow up of occupations pursued after leaving school.

It was many years before the correlation of the printed page and the use of pictures was used extensively as a method of conveying learning. Today our systems of readings have worked out the technique of this method which fascinates the learner and gives the printed page a visual meaning and the pupil greater power of association. Along with this has come the moving picture with and without sound. 16mm films are now available, filmed for educational use. Studies have been made, as to the value of films in the schools,

which have revealed that the educational level has been raised 10 to 20% through their use in the schoolroom. Especially has this been true of the less academic pupils. In cooperation with the Academy, the school authorities and, I believe, many citizens of the town feel that a sound machine would be advantageous to our school system. If one is procured, the plan would be for its use in the schools, plus free showing to any organization, club, or group of citizens who wish to rent a film for showing, pertaining to their activities.

The program of Books and Supplies has been maintained, although prices have advanced. The present program of furnishing surplus commodities to noon pupils carries a transport charge from Bangor, or Gardiner for the remainder of the school year, which will amount to approximately \$100.00. If this is continued it will be necessary to increase the appropriation of the supply account to \$1,200.

At the close of the 1938-39 school year, Miss Bertha Tardy submitted her resignation to the S. S. Committee. Miss Tardy taught in the Elementary schools of Dexter, Foxcroft, and Dover-Foxcroft for 38 years, holding an enviable record throughout this period. Her pleasant and kindly manner in conducting classes was most noticeable.

Mr. Leon Andrews left the school work and is now director of N.Y.A. work projects in Piscataquis County.

During the latter part of the summer vacation B. Thelma Nichols, who began her teaching at South Dover and was later transferred to Pleasant Street, Grade III tendered her resignation after 10 years of most successful teaching. Miss Helen Pratt, teacher at South Dover, was transferred to Pleasant Street, Grade III.

Mr. Sherwood Larson, Monson Maine, a three year graduate of Farmington Normal School was elected to the 7B position.

Mr. Clayton Smith, a three year graduate of Presque Isle Normal, was elected to the 8A position held by Miss Tardy. Both men are well liked by pupils and associates. They have shown themselves to be conscientious workers and most interested in their chosen profession.

Mrs. Harriet N. Ladd has been substituting in the South Dover School.

The number of children at Norton Hill dropped to seven at the beginning of the school year. Your committee felt it advisable to convey these pupils to South Dover, which has been done very satisfactorily. The combining of these two schools has already shown that it has been an educational and social advantage to the pupils of both schools. The net saving to the town amounts to \$9.00 per week.

Instead of the exhibition usually held in May, the schools are planning a series of free programs as follows:

Pleasant Street	March 15
Grammar	March 29
North Street	April 5
Rural	May 3

All programs will begin at 8.00 p.m.

Your County Nurse, School Physician and Music Supervisor have carried out their programs very satisfactorily. Individual narratives are given in your town report. The music group has furnished entertainment for several organizations and clubs during the year.

The Secondary program in the Academy is meeting the Academic needs of our youth quite satisfactorily. There is need for courses in Manual Arts, Home Economics and Physical Education. I believe it is the desire of your Joint Committee, that these advantages be offered when suitable accommodations for housing and operating such courses can be made available. At pres-

ent, with careful administration and adequate teaching force, the building is sadly crowded. Satisfactory results from all pupils under such conditions are difficult to obtain.

At the close of the school year 1938-39, through resignation and election, several changes in the teaching force were made.

Miss Bessie Cooper, head of the English Department and Dean of girls, tendered her resignation after 14 years teaching service to the Academy. Miss Cooper's work was highly recognized by parents, pupils and school officials. During her years of service many changes were made. Miss Cooper was always progressive and most readily adapted herself to new situations.

Mr. K. W. Barker, Science Instructor since 1934, resigned at the close of the year and is now with the Federal Government Project Works Program.

Miss Dorothy Culley, Mathematics Instructor for several years, is now employed in New York City. Besides her teaching, Miss Culley showed much interest and talent in conducting one act plays and party socials.

Miss Lillian Bean, History Instructor, tendered her resignation, desiring to take work for an advanced degree in debating and public expression. She is attending Northwestern University in Chicago. Miss Bean was a very strong teacher, and her speaking service to clubs in town was much appreciated.

Principal F. G. Stone completed ten years of service with the Academy last June. Mr. Stone was much interested in the administration of the school, and the welfare of his teaching force. Many changes in the Curricula were instituted during his regime.

Miss Clara Swan, who was on leave of absence for the year 1938-39, resigned her position as Commercial teacher, to accept a more lucrative offer with the Maine School of Commerce in Bangor. Miss Swan had been

popular with teachers and students during her teaching period.

To fill these positions has been a momentous job for your Joint Committee; however, they accepted their task graciously. Under the guidance of teachers chosen, plus those remaining in the system, we find the Academy operating uniformly well. New teachers added came to us with the best of recommendations, plus most successful experience of one to ten years in other systems of the state. The broad program of the school has been carefully handled from the Administration, beginning in the Principal's office down through the entire teaching force.

Instructors added to the system are as follows:

Principal, Clair E. Wood, A. B. Colby, S. S. U. of M., Monticello, experience 15 years as Principal in Secondary Schools of the State, coming from South Paris High School to his present position.

William Soule, A. B., Bowdoin, M. A. Bates, Augusta, two years' experience, English assistant and coach of football and track.

Philip Clark, A. B. Dartmouth, Portland, two years' experience, Mathematics and coach of basketball and baseball.

Miss Virginia Harriman, B. S. Bates, Westbrook, 1 year experience, Mathematics.

Miss Alice Stewart, B. A. Maine, M. A. Radcliffe, Brunswick, two years' experience, History.

Mrs. Dorothy Ross, West Paris, thirteen years' experience, commercial.

Miss Madge Stacy, A. B. Maine, Maine School of Commerce, Shirley, was added to the faculty during the fall term to relieve the commercial load and also to coach the girls' basketball.

Miss Ruth Belknap, B. Ed. Boston University, was transferred to Head of the English Department.

REPAIRS

Common School repairs have been handled by Mr. Pearl, while no major repairs have been made, many jobs have been completed as follows.

Redecorating two rooms and one hallway at North Street.

Re-topping chimneys at North Street.

Wainscoting boys' basement at grammar school.

Cement floor for coal bin and extending across cellar to back stairway, Pleasant Street.

Cleaning and re-varnishing all furniture in buildings.

The expense of work on Boiler at North Street, consumed practically two weeks labor. Also our cleaning expense was much higher this year.

The School Office in Central Hall was re-built and equipment added at a total cost of \$300.00.

Your Committee have prepared a report to your budget Committee for expense of Common Schools for the year 1940-41. The budget submitted is as follows:

Common Schools	\$23,300.00	
Interest on School Fund	156.14	
C. S. Textbooks	1,000.00	
C. S. Supplies	1,100.00	or 1,200.00
Lights, tel., & water	475.00	
Supt. of Schools	1,425.00	
School Physician	150.00	
School Committee	75.00	
Insurance	650.00	
Repairs	1,666.69	
Playground	550.00	

\$30,547.83 or 30,647.83

In closing I wish to thank my Committee, teachers, boys and girls, the citizens and parents of Dover-Foxcroft for the splendid cooperation accorded me during my period of service to your town.

Respectfully submitted,

PERRY F. SHIBLES,

Superintendent of Schools.

REPORT OF FOXCROFT ACADEMY**To The Joint Committee of Foxcroft Academy:**

I hereby submit my first annual report as principal of Foxcroft Academy.

School opened Tuesday, September 5th with an enrollment of 276 pupils, a total slightly less than last year's record attendance. With so many changes in the faculty, it was obvious that some time must be spent in normal pupil adjustment to the change but school routine was quickly established and progressive work under the new conditions was soon underway. I feel that the very rapid attainment of this objective was in no small part due to the quality and calibre of the teachers retained from the previous year. Their knowledge of the school, the community, and the pupils, coupled with their very ready co-operation made what might have been a very difficult task, a relatively simple one.

In the department of English, we found many backward pupils and in order to give especial help to these and, also, to group pupils of relative abilities, remedial classes were set up under the guidance of Miss Belknap and Mr. Soule. A remedial class in one field of Mathematics was also undertaken and I believe the results obtained thus far fully justify the efforts expended to improve our pupils in these particular fields.

Some few weeks after school opened, it was felt necessary to strengthen our Commercial department by the addition of an extra teacher. For some years, this department has been handled by a single teacher but the increase in teacher load in this field had made it compulsory for the pupils in typewriting classes to carry on without benefit of proper teacher instruction or supervision. With the addition of the extra teacher, this department is brought to a point of efficiency which is very worth while and which will show more completely in the preparation of our students in future years.

THE FACULTY

Clair E. Wood, A. B.....	Principal
Alfred J. Fortier, B. S.....	Biology, Mathematics
Ruth V. Belknap, A. B.....	English, Speech Training
Elizabeth R. Eames, A. B.....	Latin, French
C. Ford Dyer, B. S.....	Sciences, Athletic Director
Mrs. Dorothy D. Ross.....	Commercial Subjects
Alice R. Stewart, A. M.....	History
Virginia M. Harriman, B. S.....	Mathematics
William H. Soule, A. M.....	English, Athletics
Philip G. Clark, B. S.....	Mathematics, Athletics
Madge Stacy, A. B.....	Commercial Subjects, Girls' Athletics
Gertrude Gately, B.S.E.....	Music
Madelyn C. Ballard.....	Secretary

THE BUILDING

Our building is in excellent condition both within and without. Rooms are neat and attractive and the conditions which surround our pupils are admirable in their school life. Much credit is deserved by the janitor, Mr. Campbell, for his untiring efforts to keep conditions at a high standard. Nevertheless, the school is overcrowded as every room has more than a normal pupil load. Our library is used every period of the day either as a classroom or a study hall. Such use obviously hampers our pupils in their efforts to make adequate use of library facilities. Many rooms do not possess sufficient black-board space for certain classes.

During the year, the Building Committee has found it necessary to install a new boiler for the showers in the basement. Arrangements are now being made for the installation of a fire escape to the third floor at the rear of the building to insure every precaution being taken for the regard of pupil safety. Each room has been equipped with fire warning signs and we have

found it possible to empty the building in one minute.

One dozen new library chairs were provided for the library at the beginning of the year by the Building Committee. This has done much to add to the appearance of the room as well as to increase its capacity in seating.

Some new equipment has been added in both the Chemistry and Biology laboratories and with the re-introduction of Physics next year more will be done in this field.

THE SCHOOL PROGRAM

The school program is being carried on with little change from that of a year ago with the exception of the above-mentioned changes in the remedial classes in English. Physics, which has been dropped from the school curriculum for a short time will be brought back next year. Some further changes are contemplated in the field of Commercial Subjects and in Social Sciences to keep pace with educational trends elsewhere in the nation.

We are operating this year upon a straight rotating schedule of six one hour periods per day with every class receiving the full benefit of an extra forty minutes of supervised instruction or study per week over the old eight period program.

In the field of our extra-curricular activities, the year has been most successful. Our orchestra and glee clubs, under the guidance of Miss Gately are making splendid progress. The Senior Class production of "Ice-bound" with Miss Harriman, as coach, was exceptional in high school dramatics. Our speech and debating groups under the instruction of Miss Belknap and Miss Stewart are receiving valuable instruction. Miss Stacy has done a very commendable job in coaching the girls while the success of our boys' teams under the leadership of Mr. Soule and Mr. Clark has been little short of

sensational. In keeping with this success in our extra-curricula activities, there has been a gradual but consistent rise in the level of our scholastic attainment. Too, we must not lose sight of the valuable lessons in sportsmanship, fair play and conduct which are being instilled in our pupils. Winning is nice but by far the most valuable thing about our year's experiences is the fact that our boys are being taught to win, and if necessity rises, to lose, like gentlemen.

In conclusion, I wish to express my appreciation to the many friends of the Academy, to my teachers, to the Building Committee, the Joint Committee and to the Superintendent of Schools who have so generously co-operated to render the year successful. This generous co-operation has made a difficult task a pleasant one.

Respectfully submitted,

CLAIR E. WOOD, Principal

MUSIC SUPERVISOR'S REPORT

To Perry F. Shibbes, Superintendent of Schools:

I herewith submit my sixth annual report as Supervisor of Music in the public schools of Dover-Foxcroft and Foxcroft Academy.

The Academy Glee Club and Orchestra have played for many events during the last year. There were several debates at which the orchestra or glee club furnished music, also at the Junior Plays, Senior Play, Speaking Contest, and for all the graduation events in June. The glee club participated in the Eastern Maine Music Festival held in Brewer May tenth. In October the glee club and several soloists provided a program for the Piscataquis County Nurses' association. Members of the orchestra and glee club assisted in the broadcast of the Piscataquis County Schools which was held in Milo in November.

In the grade schools in town we are using as a text the "World of Music" series which is one of the newest series of music books published. The songs used are of a superior quality using many folk songs or songs written by worth-while composers. The rural schools have new books this year. Each school has a different set so that they may exchange books another year. The Grammar school also had new books in September which they are enjoying.

Last year the combined glee clubs of North and Pleasant street schools gave an operetta entitled "Puddin' Head The First". At Christmas they gave a Concert. The tableaux were put on by students of the North Street school.

Music was furnished for the Spelling Contest by the sixth grades of the Elementary schools with Durwood Glidden as soloist. At most of the Parent-Teacher meetings students from the Elementary schools have sung or played.

Mr. Smith, music teacher at the Grammar school, has been taking the Grammar school orchestra. This makes it possible to have a girls' glee club which the Grammar school has not had for several years.

Plans have been made for a Concert in the spring by the glee clubs and orchestra. They also plan to attend the Maine Music Festival in Waterville May eleventh.

Again I wish to express my appreciation to the Superintendent, Principals, teachers, parents and students for the cooperation I have received. Without their help public performances would not be possible.

Respectfully submitted,

GERTRUDE GATELY,

Music Supervisor.

**REPORT OF THE SCHOOL PHYSICIAN,
DOVER-FOXCROFT, 1939-40**

To the Selectmen and Citizens of Dover-Foxcroft:

From March, 1939, to March, 1940, the school health program has been carried on as in the previous years when it was my responsibility. Physical examinations were made on the boys of Foxcroft Academy by Dr. W. B. S. Thomas before the athletic season opened. The girls were inspected a little later, before the beginning of basketball practice. This season the County Nurse was able to arrange her time so that the annual physical examinations of all the grades could be carried out somewhat earlier, beginning at the end of September. Any opportunity for the spread of communicable disease during the first weeks of school was offset by the interest and vigilance of the teachers, who, in the first few days, singled out those children presenting questionable symptoms and brought them to special medical inspection. In this way the few cases of communicable disease, particularly of skin disease, were excluded for treatment early, and the general incidence was kept low. Up to the present, cases of other communicable diseases have been infrequent, except for the colds that we shall always have with us as long as children go coughing to public gatherings and to school.

The type and frequency of physical defects found in the annual physical examinations are shown in the report of the County Nurse. Carious teeth deserve special mention here, because this defect is the most frequently encountered, and shows little signs of becoming rarer. So much of mouth health depends upon proper hygiene and proper feeding from infancy, and upon regular dental care, that I hope some day to see dental as well as medical service available for all children of pre-school and school age.

Because many posture faults of varying degrees of severity have been noted, a Posture Conference was arranged at the Mayo Memorial Hospital, with the cooperation of the School Board. Dr. Allan Woodcock of Bangor generously gave his services, and those children whose posture faults, while not crippling, seemed especially important, were invited. Adequate facilities for steady follow-up, both with general and with special corrective physical education, are urgently needed to bring about the desired improvements.

While each year a number of corrections are made, it is regrettable that not all the children who need it have had this advantage. But progress, though slow, is steady, reflecting the devoted efforts of the families, the school staffs, the public spirited organizations, and the county nurse—associates with whom it has been a pleasure to work.

Respectfully submitted,

RUTH BORING THOMAS, M. D.

STATE DEPARTMENT OF AUDIT

Division of Municipal Accounts

Augusta

February 17, 1940

TO THE INHABITANTS OF THE TOWN OF
DOVER-FOXCROFT

This is to certify that this department, represented by Mr. F. A. Doble, has completed an audit of the accounts of your town officials for the municipal year ended February 1, 1940.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of the above date.

The schedules contained in this report are as follows:
Comparative Balance Sheet with Proof of Change in
Net Debt

Report of Treasurer

Reconciliation of Treasurer's Cash Balance

Summary of Overdraft and Unexpended Balances

Schedule of 1939 Valuation and Commitment

Schedule of 1939 Abatements

Schedule of 1939 Uncollected Taxes

Schedule of 1938 Uncollected Taxes

Schedule of Change in Tax Deeds and Liens since 1938

Schedule of Tax Deeds and Liens

Schedule of Excise Tax Collections

Schedule of Accounts Receivable—Notes Receivable

Schedule of Notes Payable—Bonded Debt

Schedule of Cemetery Trust Funds

Reconciliation of all Accounts

We wish to thank your town officials for their co-operation during the course of this audit.

Respectfully submitted,

STATE DEPARTMENT OF AUDIT

(Signed) Harold E. Crawford

Chief Auditor.

 Total number of marriages 82

Thirty-one marriages were of couples with both bride and groom from other towns, and the ceremony performed in Dover-Foxcroft.

Twenty marriages were of couples with either bride or groom, or both, from Dover-Foxcroft, but the ceremony was performed in another town.

Nine of the brides were under 18 years of age.

Four of the grooms were under 21 years of age.

The youngest couple, the groom was 18 years old and the bride 15 years old.

Report of Librarian

The work of the library with the public schools and Foxcroft Academy has been greatly increased the past year. Because of this it was necessary to add a new study table and eight chairs to the study room equipment.

Book Week was observed in November and a large number of Juvenile books both fiction and non-fiction added. A story hour conducted by Miss Williams, Miss Gray and Miss Buck was held; also one at Christmas time.

Classes in Freshman English have also come to the library for instruction in using the many reference books.

It has been a very busy year, but with the aid and co-operation of all those connected with the institution it has been a pleasure to all to have increased our work to the extent which we have.

Hospital Day was observed in the usual way by holding "Open House" during the afternoon of May 12. It was a pleasure to have so many interested.

As customary, the Percolator Club sponsored a tonsil clinic in July and a second clinic in December, at which 38 children had their tonsils and adenoids removed. Also in December a Posture Conference was held, to which Dr. Allan Woodcock generously donated his time.

The many gifts and donations received during the past year are greatly appreciated. Through the generosity of the Miosac Club we were able to purchase bed-

reading lamps for the two female wards. From the many clubs and individuals, their donations made possible the purchase of a refrigerator for the second floor. A cash donation was received from the Cosmopolitan Club. The Town Club gave a much needed bed-side screen and the Nurses' Guild a rug for our living room. Many gifts of fruit, magazines, jellies and pickles have been received.

In March we opened our laboratory, which has proved to be an asset to the Hospital.

To the members of the Board of Trustees, to the Doctors and to the Hospital Nursing Staff, I want to extend my thanks for the interest, co-operation and courtesy shown me during the past year.

Respectfully submitted,

CLARICE N. LUNDGREN, R. N.,
Superintendent.

PISCATAQUIS NURSING SERVICE**To Board of Selectmen and Citizens of the Town of
Dover-Foxcroft, Maine:**

It would be impractical to attempt to give a detailed account of all the activities of the public health nursing service given by our organization to your town during the past year but the following report may give some of the highlights.

Our objectives have been health education as a prevention of disease by location of the need and arranging if necessary such assistance as possible in the correction of defects already existing and cooperation with all public health and welfare agencies. Special emphasis has been placed upon the child of school age, tuberculosis and adult health.

SCHOOL SERVICE

Assistance was given to Dr. Ruth Thomas in her annual physical examinations of all grade children and the girls in the Academy. Notices of defects found were sent to parents urging early attention to such defects to avoid further difficulty which might lead to disease. Weights were taken by the nurse and comparison in gains and losses made. The vision and hearing tests will be given by the nurse or teacher as time permits. Statistics regarding findings at physical examination in the school may be obtained from the school authorities or this office, no attempt will be made in this report to enumerate results except to speak of the large number of new or re-checked glasses and the appreciably large number of throat corrections since last examination. At the present time dental corrections seem to be the greatest need.

The Percolator Club has sponsored many pairs of glasses and many tonsil operations for children who otherwise would not have had corrections and a very

great deal of credit is due this fine organization.

Many additional visits have been made to school rooms for various reasons; health talks given as the need arose and many home visits and office calls attended to in behalf of school children.

TUBERCULOSIS

The Kiwanis Club of Dover-Foxcroft sponsored the Early Diagnosis Campaign last April. This has had far reaching results, not only in town but in the entire county. A new interest is being taken in tuberculosis. Unfortunately due to lack of local X-ray facilities it has been necessary to arrange conveyance of patients of all types of tuberculosis to the sanitorium at Fairfield for X-ray of the chest except at those times when the X-ray machine has been brought to town from Augusta. Transportation of patients involves considerable time and expense and many patients have had this service within the year. We have learned that for every case of discovered tuberculosis, we may expect five undiscovered cases and it is customary when a case is found to arrange for skin testing or X-ray of all contacts. The following statistics on tuberculosis in Dover-Foxcroft may be interesting and will show how the Christmas Seal money is used.

Records for 1939:

Pulmonary cases	open 1, arrested 6
Contacts	17
Suspects X-rayed and found negative	13
Other forms	11
X-rayed	40
Skin tests	163
Admitted to the sanitorium	4

A study of the deaths from tuberculosis in Dover-Foxcroft for the past 47 years shows a decline in rate since 1909 in which year there were 13 deaths from tuberculosis recorded. This number steadily declined

to none in 1924. The largest figure since that time was five in 1927 with none in 1926, 1931, 1932, 1933, 1934, 1936, 1937 and 1939 with the highest figure at two in other years.

The tuberculosis skin testing program carried out in the Academy in November revealed an additional number of reactors and these were X-rayed in addition to those in the grades who have been reactors in the past and are re-X-rayed each year. The figure for X-rays of school children was 13 for whom the Nurses' Guild of Dover-Foxcroft met the cost. This clinic for X-ray of chests was held at the Legion Hall and in addition to the school children several adults came in for X-ray and some came from outlying towns as well. The total number X-rayed at this clinic was 25. We are indebted to the American Legion for the use of the hall which was given to us. In January another X-ray clinic was held at the Mayo Memorial Hospital through the kind interest of hospital authorities. At this clinic 13 were X-rayed and nine found to have symptoms of tuberculosis in some form.

Thus it will be seen that with new interest of people in the problem of tuberculosis we are going to have need for added facilities and money to cover the cost of service.

OTHER SERVICES

In April in cooperation with State and local health authorities 91 children came to the American Legion Hall for immunization against diphtheria. Again we must thank the American Legion for the cooperation shown. The Schick tests are now due and will be arranged as soon as possible.

In August we had the honor of being the host town for the Three Quarter Century Club sponsored by the Maine Public Health Association. Much credit for arranging for the comfort of our guests is due town

officials, N. Y. A. group, Boy Scouts, Nurses' Guild, 4-H Clubs, Boys' Band, American Legion, Town Club and all the committees and individuals who helped to make this a great day for hundreds of the older folks who came from all parts of the State of Maine.

In October, the Annual Meeting of the Piscataquis County Nursing Service was held at Legion Hall. Miss Gately of the teaching staff furnished a fine program and the Nurses' Guild took charge of refreshments. We wish to extend our thanks for this assistance.

In December under the auspices of the school department and the Mayo Memorial Hospital a postural habit conference was held at the hospital for those pupils who appeared in need of correction of this defect. Dr. Allan Woodcock examined and gave advice to 19 pupils and their parents.

In September, October and November in cooperation with the Division of Services to Crippled Children of the State Bureau of Health, Exercise Clinics were held in our office for children having crippling defects. These clinics were held under the direction of the State Physiotherapist and are scheduled to take place four times this coming year. These clinics are for the benefit of children attending the Crippled Children's Clinic in Bangor who have had exercises prescribed.

In cooperation with the Farm Bureau, Mrs. Theresa R. Anderson R. N., Supervising Nurse for our organization came to Dover-Foxcroft and gave a fine talk to a group.

Many calls have been received from and made to adults. Arrangement for treatment has been secured for several. Some bedside care has been given in emergency and social welfare visits and investigations made as requested.

* * * * *

We wish to express our appreciation of the fine spirit of cooperation shown and which has existed for so

many years between the citizens of the town and our organization and to extend our hearty thanks for the support by town appropriation, purchase of Christmas Seals and Bonds as well as memberships, the proceeds of which make up the financial budget. We wish to thank all other agencies and individuals who have shown interest and helped so much and in so many ways to make the past year more healthful.

Respectfully submitted,
The Piscataquis County Nursing Service
Affiliated with
The Maine Public Health Association,
By LOUISE B. NICHOLS, R. N.
Public Health Nurse.

Calls on Siren	16
Vagrants taken to lodging	99
Street lights out, reported to Central Maine	102
Called to investigate motor accidents	8
Called to look after disturbances	6
Aid in making arrests	3
Arrests made	2

Respectfully submitted,
H. E. TRUE, Night Officer.

REPORT OF TOWN MANAGER
To the Board of Selectmen and Citizens of Dover-
Foxcroft:

Herewith is submitted a report on Town affairs
for the past year:

TOWN DEBT

The town debt was reduced from \$33,000 to \$25,000 during the year 1939. Items which went to reduce the debt included payment of a \$3,000 serial bond and a note payment of \$5,000 which were raised and appropriated at the last town meeting.

TAXES

The amount of uncollected taxes for 1939 was \$11,855.11. This is \$662.44 less than the amount uncollected for 1938 despite the fact the books were closed twenty days earlier this past year than the year before.

Much credit is due the taxpayers of Dover-Foxcroft when they pay their taxes and deprive themselves of the necessities of life. This privation is known to exist by your tax collector in many instances.

CHARITIES

Expenditures for direct relief under the town poor account showed a total of \$11,174.89 for the year 1939. While it was thought that the year 1938 was a satisfactory year from the standpoint of relief, it is a source of encouragement for the town officials that our relief expenditures for the past year were considerably lower than those for the year 1938.

If the present business recession shows some improvement during the coming year of 1940, then it can be said without question that direct relief expenditures will not be any greater than they were for 1939 and it might be possible to show a small decrease.

HIGHWAYS

This past year we constructed 2,700 feet of State

Aid road on Woodbury Hill road, thereby completing this State Aid designation. We also built 1,500 feet of Third Class Construction on Park street thereby making this road passable from North street to Benjamin Peakes'. This road construction will be continued next year. We repaired 4,000 feet of rural road on Norton Hill and the Briggs road.

We cut bushes on 33 miles of road this past year and we also widened 22.8 miles of road which were then accepted by the State under snow removal laws. This work was greatly simplified with the aid of the new power grader.

This past year we contracted our snow plowing which includes all roads and streets, excluding sanding and snow removal from the town streets. The Town's share due the contractor is \$4,200 per year which we believe will save the town a considerable amount of money in the long run.

This year we tarred Spring street in addition to all streets tarred in previous years.

There also was miscellaneous work completed this year which would be too numerous to be mentioned in this report.

MISCELLANEOUS

We built approximately 3,800 feet of asphalt sidewalks last year which includes walks on High, Court, Main and Lincoln streets.

During the past year we have distributed approximately 78,000 pounds of surplus federal food.

The WPA has averaged thirty-five men on its projects in this town during the past year. The projects represent work on all roads widened, State Aid, Third Class and Special Resolve construction and sidewalk building. We owe much to the local WPA officials for the cooperation they have given the town officials during the past year.

In conclusion, I wish to thank the Board of Selectmen and citizens for the splendid way in which they have cooperated during the year of 1939.

Respectfully submitted,

L. PHILIP THERIAULT,

Town Manager.

REPORT OF BUDGET COMMITTEE

To the voters and taxpayers of Dover-Foxcroft the budget committee desires to render the following report. In the pursuance of this report it should be borne in mind that this budget committee is composed of a group of individuals with diversified interests, none of whom would derive any personal gain or betterment by the rendering of this report.

It should be fully understood that as each year goes by the making of a budget becomes increasingly difficult, due to the fact that during the past few years the amount of taxable property has steadily grown less while the expenditures of the town have not decreased in the same proportion. For example, during the past year the town has experienced a loss of \$40,000 in taxable property due to fire.

We, of the budget committee, realize that the raising and appropriating of some \$123,000 is a serious proposition and we earnestly request that you, the tax payers of Dover-Foxcroft, give this matter your serious thought and consideration. We might remind you that each \$2,685, raised, accounts for one mill in your tax rate. Therefore you can readily see that each appropriation that is raised over and above the amount recommended by the budget committee will tend to increase your tax rate.

The committee feels that an explanation is due for their reasons for appropriating or not appropriating on various articles. These explanations are as follows:

POLICE PROTECTION

Although we deeply regret the necessity of cutting any department, we believe it possible to receive adequate police protection for the yearly sum of \$1000 and are recommending a cut of two hundred on this appropriation.

MAYO MEMORIAL HOSPITAL

In view of the action taken on article 53 in the Town Warrant of 1939, your committee is not recommending that any money be raised but that the balance of \$2045 be reappropriated, believing that their present balance is sufficient to carry them through the year 1940. For your information, article 53 of the 1939 town warrant had to do with the purchase of an X-ray Machine.

COMMON SCHOOLS

The increase of \$500 in this account is due to reduction of tuition from other towns and a slight amount to be used in equalizing the pay of the teachers.

The \$666.69 asked for in addition to the one thousand dollars customarily allowed for repairs, is due to the fact that a new boiler had to be purchased for the North Street school thus causing an overdraft which we think should be met by the town.

FREE HIGH SCHOOLS

We are recommending an increase of \$1500, in the amount to be raised for Foxcroft Academy. This will enable them to employ an additional teacher thus adding to the efficiency of the teaching staff and giving the Principal more time for personal supervision and will also help make up a deficit in the amount usually received from the State.

HIGHWAYS AND BRIDGES

In this appropriation is included a sufficient amount of money to permanently construct the three bridges on the Sebec Lake road. These are in bad condition and need immediate attention.

DUST CONTROL

It is felt that a slight increase in the appropriation for this account would in the long run actually result in a saving in the maintenance cost of our roads.

CARE OF CEMETERIES

In some of our rural cemeteries the fences are either in need of repair or there are no fences at all. We are recommending the sum of one hundred dollars in addition to the regular appropriation of \$500 to meet this need.

REPAIRS ON CENTRAL HALL

Concerning the article dealing with repairs on Central Hall, it was felt by the budget committee that it would be advisable not to recommend such a large sum of money to be spent on this building at this time.

The reasons for this decision are as follows:

FIRST. The \$5000 needed for repairs on Central Hall, according to the estimates presented, does not cover the entire repairs necessary. This \$5000 estimate included putting in new sills under the hall, rearranging partitions, painting the outside and strengthening the balconies. This would leave the auditorium of the hall in the same condition as at present and it was felt that within a year or so another appropriation would be necessary to repair the auditorium, and that this additional appropriation would also run into a considerable sum of money.

SECOND. The committee does not know whether or not it is the opinion of the town that the hall should be repaired. The matter has become a topic of conversation throughout the town and one hears arguments for and against this expenditure; one group feeling that the hall even after the expenditure of a large sum of money would be inadequate for the purposes for which it is used. The other group feeling that it would be more advisable to repair the building and get along in the easiest way possible for a few more years.

THIRD. The budget committee feels that the hall could be made safe as far as the town offices are concerned by the expenditure of a small sum of money

and that the auditorium would then be safe to use, providing its capacity was not overtaxed, for another year or so, during which time something else might develop which would make it unnecessary for the town to raise by taxation such a large sum as will be necessary if the hall is completely repaired.

The Budget Committee recommendations have been placed below each individual article.

The above recommendations are based on a tax rate of .046.

ART. 37. To see how much money the town will vote to raise and appropriate for construction and repairs of sidewalks.

Appropriation	Recommended
1939	1940
\$1,000.00	\$500.00

ART. 38. To hear and receive the following report of the Selectmen, relative to the laying out of a town way in said town, near Greeley's Landing, so-called.

The subscribers, Selectmen of the Town of Dover-Foxcroft in the County of Piscataquis and State of Maine, upon the application of Matthew Williams and Earl Palmer, both of said Dover-Foxcroft, to lay out a town way in said town for the use of said town three rods wide, the center line of which is described as follows:

Beginning at the center line of the road leading from Dover-Foxcroft Village to Sebec Lake at Greeley's Landing, so-called, at a point 83.0 feet southerly from a continuation of the south side of the C. H. Coy Dance Pavilion, which point is further identified as being 26 feet northeasterly from an electric light pole on the westerly side of said road and 41.7 feet southwesterly from a telephone pole on the easterly side of said road; thence running north 88 degrees, 61 minutes east 989 feet over land of Gerald Wiles and John E. Wiles to a stake in the westerly line of land of Francis C. Peaks.

Having given seven days' notice of our intentions to lay out the same and stating in said notice the termini thereof by posting said notice in three public places in said town and in the vicinity of the proposed route, to wit: at the Post Office, at Central Hall, at E. P. Peters' store, and outside of Coy's Dance Pavilion at Sebec Lake in the vicinity of the way, on the Eleventh day of August, 1939, and having met at the time and place appointed for that purpose, to wit, at the Selectmen's Office in Central Hall in said town on the twenty-first day of August, 1939, at eight o'clock in the afternoon, and having personally examined the route proposed, are of the opinion that there is occasion for a new town way for the use of said town as proposed; we therefore lay out said way as follows:

Beginning at the center line of the road leading from Dover-Foxcroft Village to Sebec Lake at Greeley's Landing, so-called, at a point 83.0 feet southerly from a continuation of the south side of the C. H. Coy Dance Pavilion, which point is further identified as being 26 feet northeasterly from an electric light pole on the westerly side of said road and 41.7 feet southwesterly from a telephone pole on the easterly side of said road; thence running north 88 degrees 61 minutes east 989 feet over land of Gerald E. Wiles and John E. Wiles to a

stake in the westerly line of land of Francis C. Peaks; the line described to be the middle of the highway and the highway to be three rods wide; and we allow owners of the land over which said road passes for their damages as follows, to wit:

To John E. Wiles and Gerald E. Wiles, \$200.

To John E. Wiles and Gerald E. Wiles, and Thompson L. Guernsey, Lessee, for land, bridge and improvements thereon \$300.

To be paid by said town before said road is opened, and we allow the several owners respectively six weeks after said road shall be accepted by said town to take off the wood standing or growing on said land.

Such laying out with the boundaries and admeasurements has been filed with the Town Clerk of said town, on the 12th day of February, A. D. 1940, and we now hereby report such laying out with the boundaries and admeasurements of the same to said town at this meeting of the inhabitants thereof, regularly warned and notified and legally called for them to accept and allow the same.

Given under our hands this thirteenth day of February, A. D. 1940.

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

“Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the Town at its Annual Meeting directs, to make and bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

HERBERT C. SAWYER,
Treasurer of Dover-Foxcroft.

REPORT OF TOWN MANAGER**To the Board of Selectmen, and citizens of the Town of Dover-Foxcroft:**

Herewith is submitted a report on Town affairs for the past year.

TOWN DEBT

The town debt has been reduced from \$25,000 to \$17,000 during the past year. This \$8,000 reduction was made by paying a note of \$5,000, and a bond of \$3,000 for which money was raised and appropriated at the last Town Meeting.

TAXES

The amount of uncollected taxes for 1940, when our books were closed February 1, 1941 was \$12,825.20. Several were paid between the closing of the books and the printing of this report. The cases are designated by a star in front of the name in the list of unpaid taxes.

CHARITIES

Expenditures for the direct relief of resident dependents in 1940 was \$11,021.98. It is expected that the Food Stamp Plan which will go into operation within a few weeks, will reduce the cost of operating our welfare department, but as the plan is entirely new it is impossible to estimate the amount that may be saved.

HIGHWAYS

During the past year 1400 feet of State Aid Road was constructed in East Dover. 1500 feet of Third Class Road was built during the past year. This was on the Anderson road. Special Resolve money was received from the State in the amount of \$1,000. This was spent on the Range road where 700 feet of highway was built. It is our intention to continue with this piece of construction with Special Resolve money which we expect will be granted by the present Legislature. Snow plowing which includes highways and Town Streets is being done by contract. The sanding of the highways, streets and sidewalks, and the removal of snow from the sidewalks and the downtown district is being done by the Town Highway Department. We

believe this arrangement to be the most economical as it relieves the Town of the expense of maintaining snow removal equipment. Several new streets were tarred during the past year, including Fairview Avenue, Lawrence, Green, Mayo, Court and High Streets.

W. P. A.

More than three miles of town streets and highways have been ditched and graveled under an approved W. P. A. Project covering all of our Streets which are in need of repairs. This will enable us to improve the surface and drainage on many of our less improved streets with the assistance of W. P. A. funds. The W. P. A. crew has averaged thirty men for the past year. At present two Federal trucks are being used in addition to three town trucks which are used in hauling gravel on the Project when not in use by the highway department. The fact that the W. P. A. Engineers have cooperated with the Municipal Officers has made it possible to accomplish satisfactory results.

N. Y. A.

An N. Y. A. Sewing Project with quarters in Central Hall employs twelve girls fifty hours each month. This project is supervised by Miss Barbara Livermore. Their work consists of remodeling gowns for the Town Club and making layettes and children's dresses for the Red Cross to be sent to war stricken countries. Miss Livermore states that as a result of the training which the girls have received in working on the project they are able to cut and make dresses.

FEDERAL FOOD

Approximately 136,233 pounds of surplus Federal Food has been distributed to certified needy families in Dover-Foxcroft the past year from Central Hall. When the Food Stamp Plan goes into operation distribution from that point will cease and the Federal Food will be available at local grocery stores where it may be purchased with blue stamps which will be issued in connection with the orange stamps.

In conclusion, I wish to thank the Board of Selectmen and the citizens of Dover-Foxcroft for their splendid cooperation during my brief term of office as Town

Manager. I appreciate your many courtesies, and will welcome at any time, any suggestion relative to the better management of the Town affairs.

Respectfully submitted,

IRVING C. TRUFANT,

Town Manager.

AUDITOR'S REPORT

Pending receipt of my report from the State Department of Audit, I hereby certify that I have audited the accounts of the Town of Dover-Foxcroft and found them to be correct to the best of my knowledge and belief.

Proper vouchers were found to be on file for disbursements and the cash balance reconciled correctly.

(Signed) FRANK A. DOBLE, Auditor,

Municipal Division

STATE DEPARTMENT OF AUDIT.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and the citizens of Dover-Foxcroft, I submit my ninth annual report of the elementary schools for the municipal year 1940-41.

TEACHERS

Teachers working in the elementary school system for the municipal school year 1940-41 have been as follows:

Teacher	Position	Enroll	Years Exper.	Salary
GRAMMAR SCHOOL:				
Harriette E. Crockett	Gr. 8B & Prin.	32	32	\$936.00
Clayton Smith	Gr. 8A	34	1	828.00
Sherwood Larson	Gr. 7B	26	1	828.00
Bernice W. Sterling	Gr. 7B	28	21	864.00
Effie D. Bolton	Gr. 6	25	16	900.00
PLEASANT ST. SCHOOL:				
Ava E. Goff	Gr. 5 & Prin	34	27	936.00
Alice Austin	Gr. 4	27	16	900.00
Helen Pratt	Gr. 3	30	13	684.00
Ola F. Blood	Gr. 2	22	21	900.00
Catherine Bentley	Gr. 1	27	0	648.00
Janet Sherburne	Gr. Sub	26	1	648.00
NORTH STREET SCHOOL:				
Harriette H. Crockett	Gr. 6 & Prin.	25	25	936.00
Mildred C. Hewett	Gr. 5	34	16	900.00
Marion G. Rollins	Gr. 4	29	21	864.00
Mildred Pratt	Gr. 3	33	17	900.00
Dorothy Packard	Gr. 2	32	15	900.00
Louise MacFadyen	Gr. 1	28	12	900.00
Doris R. Hathorn	Extra Room	22	22	828.00
Dorothy Greenlaw	Gr. Sub	36	17	900.00
RURAL TEACHERS:				
Martha Green	Bear Hill	23	0	576.00
Marion A. Doore	East Dover S-4	15	7	756.00
Nellie C. Downs	East Dover 5-8	13	29	828.00
Pauline White	South Dover	12	0	612.00
SPECIAL TEACHERS:				
Gertrude Gately	Music (6 wks.)		4½	1000.00
Myrtle V. Lewis	Music		4	875.00
Madelyn C. Ballard	Secretary		9	240.00
Dr. Ruth Thomas	School Physician)			150.00
Dr. G. F. Noel	School Physician)			

Schools have been maintained thirty-six weeks closing the municipal year Feb. 1, 1941. It will be observed that the Common School account shows a balance of \$2,928.00 which is necessary to cover payment

of two, two-week payrolls between February 1, and the annual town meeting.

The operation of schools has been carried on with very few changes. Mrs. Patricia Cousins Crosby resigned her position at Pleasant St. Grade one at the close of last year. Mrs. Crosby was progressive in her work and well liked by pupils. Miss Mildred Bradford, teacher of the Pleasant St. Sub-primary resigned at the close of the school year to take up further study at commercial college. Miss Bradford's interest and work with her pupils was appreciated by both parents and pupils. Miss Catherine Bentley of Dexter, a 1940 graduate of Farmington Normal three-year course was elected to teach Art and Grade I at Pleasant Street. Miss Janet Sherburne of Bangor, graduate of Gorham Normal three year course 1939 with one year's experience was elected to the Sub-primary position. Both of these teachers are doing very satisfactory work in their respective grades. Miss Pauline White of Southwest Harbor, a graduate of the three-year course of Washington State Normal School, 1940, was hired to teach at South Dover and began her work October 21, 1940. Mrs. Harriett Ladd, substituted for several weeks until Miss White's election. Miss White is carrying on the same fine work of Mrs. Ladd and is receiving splendid cooperation from her pupils. Miss Martha Green of Dover-Foxcroft, a graduate of Farmington Normal three-year course, 1940, was elected at Bear Hill filling the position vacated by Miss H. Elizabeth Franklin. Miss Green is doing a very commendable piece of work in her present position.

Miss Gertrude Gately, Music Supervisor for the past four and a half years received a most lucrative contract from Berlin, N. H. to supervise music in the elementary and Junior High schools of that city. Her resignation was accepted with regrets. Miss Gately's fine personality, efficient teaching methods and carefully planned music program had been outstanding. The cantatas for grammar school graduation put on by Miss Gately were enthusiastically received by parents and townspeople. Miss Myrtle V. Lewis, Auburndale, Mass., a graduate of Lowell Teachers' College with four years teaching experience, was elected Music Super-

visor. Miss Lewis has very ably taken over the work of music in our schools. Teachers and students are co-operating in every way with her program.

Teachers who attended summer school last year were as follows: Miss Dorothy Greenlaw and Miss Blanche Henry at the University of Maine and Mrs. Ola Blood at Gorham Normal School.

Books and supplies have been furnished as in years past so that we feel all pupils and teachers have had sufficient quantities for their needs. These are accounts which it is not safe to chisel.

VISUAL EDUCATION PROGRAM

Last spring complete equipment for a visual education program was introduced including the purchase of a 16 mm sound motion picture projector and a slide and opaque delineascope. At the state teachers' convention held in Portland last October, a group of some thirty schools and school systems organized a cooperative film service in conjunction with the University of Maine as a distributing center. Each member-school contributes fifty dollars a year for purchase of films. A committee was appointed to preview and purchase films that would be adaptable for classroom use in correlation with subject matter content. At the present time approximately 80 films have been made available. Our program in Dover-Foxcroft calls for four films per week, the Academy using them on Monday and Tuesday, the elementary schools Wednesday and Thursday A. M. On Wednesday noon of alternate weeks, the East Dover School children; South Dover and Bear Hill pupils are brought in town by bus to view films. After the films are shown, teaching-lessons are used in correlation with English, Geography, History, Health etc. The program has been very enthusiastically accepted by teachers and pupils and comments as to its value have been very favorable. Parents and citizens are invited to visit their schools on the days films are shown and observe the program. The sound equipment with operator is available to community groups, orders and clubs, for any film they wish to show, the only expense being cost of shipment of

films to and from the source of supply. Arrangement for use may be made by calling the Academy or Supt. of Schools office.

At the opening of the winter term, Dr. Ruth B. Thomas resigned as School Physician and Dr. G. Frederick Noel was elected to complete her term of office. Dr. Thomas gave freely of her time and was most painstaking in her work. Dr. Noel has completed examinations and his report will be found elsewhere. Mrs. Louise Nichols, R. N., has again carried on her efficient work as County health nurse in our schools.

The secondary program of the Academy has enjoyed a most profitable year in all departments which bespeaks best of all as to the quality of administration and instruction being given the students attending.

Eighty per cent of students attending colleges are on the Dean's List with others being very close.

The debating department will have completed a very worthwhile program through debate tournaments with other schools and participation in the Bates' League.

The Athletic program has been one of the foremost in the school's history.

Mr. Roy B. Briggs, Lewiston, Maine, Bates 1940, was elected as assistant English instructor and Coach of Football and Track to succeed Mr. William Soule who went to Bangor High School last September as Track Coach and Instructor of English. Mr. Soule's work was outstanding and Mr. Briggs has kept the program moving along with equal results.

Miss Alice R. Stewart, History instructor and Debate coach, also went to Bangor High School last September as History instructor. Miss Blanche Holman of Norwood, Mass., graduate of the University of Maine 1939 and having one year's experience was elected to the position. We regretted losing Miss Stewart but feel fortunate in having Miss Holman to carry on most successfully in the same fields.

Miss Virginia Harriman resigned as Mathematics instructor and Dramatic Coach to accept a similar position at Amherst, Mass. High School. Miss Blanche I. Henry of Thomaston, Maine, a graduate of University

of Maine with several years' experience was elected to the vacancy. Miss Henry is a very conscientious worker and endeavors to get the best results from her pupils.

I believe it is the urgent desire of the Joint Committee that available space may be forthcoming so that additional courses may be offered for the benefit of a large number of secondary students who should be better equipped for life's work.

REPAIRS

Mr. Henry Pearl has been in charge of Repairs and this program has been carefully handled. Six rooms were re-decorated, chimneys re-topped at South Dover and North Street, cement floor was run in the Pleasant street coal bin. The new playground has been plowed and graded, a fence erected on the north and east sides. This gives a spacious area for play and already has shown decided improvement in handling playground duties.

It is planned to put a tar surface on the tennis court and add backstops for baseball besides erecting poles and baskets for basketball court.

BUDGET REPORT FOR 1941-42

The report of the Town Budget Committee carries recommendations for the purchase of coal stokers for Pleasant Street and Grammar School buildings. A guaranteed saving of 20% in fuel is made besides the advantages of even heat which should improve the health of the pupils. It will also allow Mr. Pearl time to do repair work which means much to the town in dollars and cents. Your School Board have presented the following budget:

Common Schools	\$23,800.00
Int. on School Fund	156.14
Textbooks	1,000.00
Supplies	1,200.00
Light, Tel., water	475.00
Supt. of Schools	1,500.00
School Physician	50.00
School Committee	75.00
Insurance	600.00

Repairs	1,000.00
Playground	175.00
Stokers	1,475.00

\$31,506.14

I thank the Superintending School Committee, teachers, parents, citizens and boys and girls of Dover-Foxcroft for their continued support and cooperation. Please remember that you are welcome to call at my office at any time to discuss any matters pertaining to the operation and interests of the schools.

Respectfully submitted,

SUPT. PERRY F. SHIBLES.

REPORT OF FOXCROFT ACADEMY

To the Joint Committee of Foxcroft Academy:

I hereby submit my second annual report as Principal of Foxcroft Academy.

School opened Tuesday, September 3rd with a total enrollment of 249 pupils.

Madelyn C. Ballard.....	Secretary

The remedial classes set up last year in the department of English for backward pupils have been continued with good success. Special emphasis has been placed on the acquisition of reading skills by these slower pupils to facilitate their work in other classes.

This year marks the beginning of our new venture in the Commercial field by increasing our training to three years of work. The present Sophomores in this course will be enabled to avail themselves of Commercial Law and Office Practice before graduation and should increase the efficiency of our Commercial graduates.

In conjunction with Supt. Shibles and the School Department, the Academy has in the past year joined a program of visual education which is completely modern and entirely worthwhile. Available equipment now consists of 16 mm sound and silent projectors, a Delineascope for opaque projection work and a Baloptican. Room 1, through the kindness of the Building Committee has been fitted with black-out window shades and a silver screen, enabling us to make the fullest use of this equipment at any hour of the day. Through our connections with the State University, the extensive cumulative film library of that institution is now available for classroom use to our pupils and we may say that in equipment and facilities we are as well prepared for the modern wonders of visual education as any school in our state.

THE BUILDING

A slight decrease in enrollment this year has lightened but by no means removed, our housing problems. We are still overcrowded if we stop to consider such vital statistics as number of pupils, cubic feet of air and light, etc.

The building is in excellent condition. Our janitor, Harold Campbell, is unceasing in his efforts to keep

our surroundings in as fine condition as is possible. During the summer, the Building Committee completed the painting of all rooms on the third floor, with Rooms 1 and 2, thus giving the entire interior of the building a pleasing and uniform appearance. Individual improvements in the locker rooms, including new locks, additional filing equipment for the safety of permanent records, a dozen new chairs for the library and new bookshelves there, together with the additions to room 1 previously mentioned for visual education constitute some of the splendid objectives carried out by the Building committee this year.

THE SCHOOL PROGRAM

Courses in vocational education are still a vital lack in our school program. We need tremendously to be able to give our children some functional guidance instruction in wood, metals, and leather working, our girls some pre-requisite for home-making in Domestic Science, culinary arts and home nursing. Attempts have been made during the past year to add something along these lines under the provisions of the National Defense Act through some form of Federal subsidization to no avail. We must face the facts clearly. It will not be possible for the Academy to provide such educational benefits to its students until our plant is enlarged to provide housing for such courses.

We have again been most successful in the field of extra-curricular activities. Our football and basketball teams have earned statewide recognition. Great credit is due to Coaches Briggs and Clark for the excellent work done in this phase of our school life. Miss Henry is handling our dramatics efficiently and well, while the success attained by Miss Belknap and her group of Contest Players last winter, brought honor to the community and school. Our orchestra has doubled in numbers and is making enthusiastic progress under the guidance of Miss Lewis while the chorus groups are making plans for a public presentation in the spring. Debate activities, coached by Miss Holman are considerably enlarged this year, with the Academy speakers engaging in platform argument with such repre-

sentative schools as Newport, Cony, Old Town, Bucksport, and Stearns.

But, above all, most gratifying is the fact that there has been a consistent lift in the level of scholastic achievement. Last year, Stuart Hayes of the graduating class won the State of Maine Scholarship to Bowdoin College from this region. Encouraged by his example, this year we have several students who are definitely working towards a scholarship goal at some institution or other. The average of all grades received by the members of the football team this past fall for the first third of the school year was 84.37%. This is a very high average and one of which we are justly proud.

In short, we are endeavoring to the extent of our abilities to build here at the Academy a well-rounded program of both study and play which shall prepare as fully as it is possible for us to do, our youth for a useful life in this community.

In conclusion, I wish to express my appreciation to the many friends of the Academy, to my teachers, to the Building Committee, the Joint Committee, the Supt. of Schools and especially to the citizens and parents of Dover-Foxcroft for the generous cooperation which has been so freely extended during the past year.

Respectfully submitted

PRIN. CLAIR E. WOOD.

MUSIC SUPERVISOR'S REPORT

To Perry F. Shibles, Superintendent of Schools:

I herewith submit my first annual report as Supervisor of Music in the public schools of Dover-Foxcroft and Foxcroft Academy.

The Academy orchestra has played for several events during the year including assemblies, speaking contests, lectures, Senior Play and will participate in the graduation events.

The Academy glee club is working on an Easter oratorio, Handel's Messiah, to be given in April, the proceeds of which will be used to purchase musical

equipment. The Academy glee club and orchestra will participate in the Music Festival this spring.

In the grammar school we are endeavoring to establish a system by which students will be given an opportunity to learn to play instruments. This will benefit the children individually and will also replenish the Academy orchestra each year. For grammar school graduation, the graduating class will present a musical pageant portraying the life and works of Stephen Foster.

In December the combined grammar school and elementary school glee clubs presented a program of Christmas music assisted by the Academy orchestra.

In the grade schools we are using as a music text the "World of Music" series. This text is easily correlated with Art and Music Appreciation, as it contains illustrations of intrinsic value, simplified music of the great masters, and a wealth of folk music. The rural schools have music books especially published and arranged for a rural school music situation. In the grades we are using as basic methods for music theory, a set of neutral music methods, compiled by the Committee on Public School Music at the National Music Supervisors' Conference. From the grades through the Academy we are conducting a Music Appreciation schedule by means of victrola records. From the sixth grade through the Academy this is a notebook course.

Time is being divided proportionately among these three phases of public school music.

I wish to express my appreciation to the Superintendent, Principals, teachers, parents and students for their kind cooperation and assistance.

Respectfully submitted,

MYRTLE V. LEWIS,

Music Supervisor.

REPORT OF SCHOOL PHYSICIAN FOR 1940

To the Selectmen and Citizens of Dover-Foxcroft:

The school health program was carried on as in previous years from March to November 1940. During

this period there were the usual absences from colds and other causes, but the proportion of illness was not high, and we experienced no true epidemic. Immediately after the opening of the new school year, examinations were made of the incoming sub-primary classes, and of all children who presented any signs of possible communicable disease which could be recognized by the vigilance of the teaching staff. By these measures, by exclusion of those infected, and by repeated check-ups before readmission, the incidence of communicable diseases and parasite infestations was kept at a low level, although, since members of the school population are occasionally exposed to reinfection through home and other contacts, they are not permanently eliminated.

During September the rural schools were examined. Dr. W. B. S. Thomas examined the boys of Foxcroft Academy, beginning with the football squad. Examinations of the girls of the Academy were completed the first week in November, before the beginning of the basketball season. Because of other demands on the time of the county nurse for the fall and of the absence of the school physician later, examination of the rest of the common school population was postponed until 1941.

Recognizing the advantages of removing the handicap of any remedial defects before the child starts school, the Superintendent, in cooperation with the Parent Teachers Association, invited all children due to enter the sub-primary classes in the fall to attend a registration day immediately after the close of school in the spring. Although, through the cooperation of Dr. Merrill and Dr. Valentine, they were offered a physical examination at this time, only a part of the prospective pupils availed themselves of this opportunity. The proportion of corrections made, in relation to the number of existing defects found, was lower than desirable, but this result in no way detracts from the soundness of the principle that every child should be in as nearly perfect physical condition as possible before entering upon the tasks and adventures of his school years. It is to be hoped that with increasing public education on the facts of nutrition many of the frequent defects due to faulty hygiene or feeding, already established in

children by the time they reach school age, may be prevented at their source. Such progress would bring deep gratification, not only to the school physician, but to the school staff and the county nurse, whose cordial cooperation in the health program is sincerely appreciated.

Respectfully submitted,

RUTH BORING THOMAS, M. D.

THOMPSON FREE LIBRARY

The Library was closed from April 15 to April 29, 1940, when extensive repairs were made. By a rearrangement of the charging desk, open stacks were made possible. The Stack room was redecorated, new flooring laid and fluorescent lighting installed. These changes have proved very popular with the public. The work for the public schools and Foxcroft Academy has been about the same as usual. Book week was observed as usual in November, a large number of Juvenile fiction and non-fiction added.

Total number of marriages—89.

Thirty three of these marriages were couples from other towns and the ceremony performed in Dover-Foxcroft.

Twelve of the grooms were under twenty one years of age.

Twelve of the brides were under eighteen years of age.

The youngest groom was eighteen, and the youngest bride was fifteen.

The oldest groom was sixty-six, and the oldest bride was fifty-nine.

PISCATAQUIS NURSING SERVICE

**To Town Manager, Board of Selectmen and Citizens of
Dover-Foxcroft, Maine:**

Following is a report of public health nursing service given by our county organization to your town during the past year.

Due to the constant moving of citizens from one town to another, it is not possible to accurately charge time to each specific town in the Annual Report but a survey of services given in the towns by hours shows our objectives fairly reached.

With better health an asset in national defense, we must bend our efforts even more strenuously to the task of developing sounder minds and bodies for our future citizens as the need is constantly growing.

Better health embodies better home environment, better nutrition and hygiene, correction of defects and more intensive health education.

A survey of the past year's efforts shows much endeavor and some accomplishment along the road to better health but statistics show there is still a long way to go.

We began the year's services with an extra X-ray (chest) clinic held at Mayo Memorial Hospital, conducted by the State Clinic Nurse with her portable X-ray machine. At this time 7 patients of the entire 13 were from Dover-Foxcroft. Of the 13 X-rayed, 9 showed positive symptoms of tuberculosis. In each case the proper steps were taken.

During February there were several calls for material aid. Since at the present time there are special agencies within the town to look after these calls, they were referred.

During this month there were numerous calls relative to tuberculosis. All calls answered and an emergency case attended by removing to a Lewiston Hospital as there were no vacancies at the sanatorium. Applications were sent for sanatorium care of other

patients suffering with tuberculosis. Assistance was given to local physician in home visits. Tuberculin tests were given to three persons.

In March vision and hearing tests were given to grammar school pupils (4 grades). Office visits attended to, one an emergency surgical condition. Conference with State Nurse regarding proposed vaccination (smallpox) clinic. Assistance in planning given as possible. Accompanied patient to dentist.

Several calls from adults for emergency bedside care, attended to. Special classroom inspection at South Dover school.

In April plans went ahead for clinic (vacc. against smallpox). There were many inquiries and visits from parents regarding advisability.

On April 6th in cooperation with State Nurses and school physician 304 school children received vaccination.

This clinic was followed by very many calls and requests for home visits to patients who had been vaccinated.

During the spring requests for all types of service were received and attended to. Many of these requests were in relation to children with Crippling conditions. Some were in regard to Old Age Assistance and were turned over to proper authority. One visit was paid to rural section in behalf post-operative case.

In June, five patients were accompanied to Fairfield Sanatorium for X-ray and several received tuberculin tests at office, followed by home visits to absentees for reading. During this month two pre-school clinics were held with state nurses for those entering school in September.

Several office visits attended regarding mental cases.

In August more tuberculosis calls attended to as well as several cases of impetigo, etc. Schedules made up for year and conference with school physician.

One day given to First Aid at Fair. Several cases attended during the day.

Began September by assisting school physician to examine sub-primary pupils in North and Pleasant Street schools. Only one correction had been made on children found defective at preschool clinic. Two suspected orthopedic cases were referred to Crippled Children's Service for correction.

One emergency bedside case (adult) attended to and home visits paid to children returning from Shriners Hospital and sanatorium.

Calls from mothers receiving A. D. C. referred to State Worker.

In October assistance was given to school physician in examination of pupils in rural schools. Notices of defects prepared and conferences held with teachers.

Several office visits regarding impetigo and other skin diseases attended to. One entire morning was spent in one home in behalf of children suffering with extreme impetigo.

The last of October and first of November given to assisting doctors to examine pupils of Academy. Notices, reports, records, etc. attended to.

Beginning November 18, a special class (to be held weekly) was held at the Academy. This class entirely optional is held for benefit of those girls particularly interested in health study.

In December two patients were taken to Fairfield Sanatorium for X-ray and physical examination.

Schicks	4
Vaccinations	304

Figures for individual inspections and examinations by school physicians may be obtained from school health records.

During the year duplicate and complete health

records for each school child were made and placed in care of teachers of the several rooms.

The largest number of defects found were those of teeth.

The above shows considerable work done although there are many corrections needed particularly dental corrections which should be started during the pre-school years.

For the protection against disease one may recommend vaccination and immunization against diphtheria, dental and needed throat corrections before the child enters school.

Tuberculin testing, X-ray of new reactors and re-X-ray of old reactors is scheduled to take place early in 1941: X-rays are scheduled for 35 persons in Dover-Foxcroft, when State Clinic Nurse comes with portable X-ray machine. Tuberculin tests are scheduled for Grades VII-VIII and Academy as well as contacts known.

This brings up the question of need for local X-ray facilities at a price which can be met. At present we must transport patients to Fairfield sanatorium or wait the annual visit of clinic nurse.

In closing I wish to express my appreciation of the cooperation received from all citizens throughout the years of a rapidly expanding public health nursing program.

Respectfully submitted

LOUISE B. NICHOLS, R. N.

For Piscataquis County

Nursing Service.

MAYO MEMORIAL HOSPITAL

**To the Chairman and Members of the Board of Trustees
of the Mayo Memorial Hospital:**

The following report is submitted to you for your approval of the work accomplished by the Mayo Memorial Hospital from February 1, 1940 to February 1, 1941.

STATISTICS

Number of patients in hospital February 1, 1940	13
Number of patients admitted	434
Male patients	159
Female patients	275
Classified as follows:	
Medical	92
Surgical	151
Orthopedic	17
Genito-urinary	4
Obstetrical	40
Births	42
Nose and Throat	73
Eye and Ear	15
Number of Patients discharged	429
By death	22
Number of patients in hospital Feb. 1, 1941	18
Largest number in hospital any one day	26
Smallest number in hospital any one day	2
Daily average	11.2
Total days' treatment	4085

REPORT OF PUBLIC HEALTH NURSING—1940

“Adequate provision to assure satisfactory growth and development and protection of the health of children is a public responsibility warranting special consideration and emphasis in any program directed toward the better health of the people as a whole. Upon what is done to assure physical and mental health during maternity, infancy, childhood, and youth depends the vigor and health of the adult population.”

The above quotation is taken from a report of a conference on “Children in a Democracy” held in Washington last spring at which leaders in many fields of child care discussed the problems of youth and ways to solve these problems.

Public health is concerned with securing and maintaining better health for all members of the community. Recognizing that whatever is done to assure physical and mental health during maternity, infancy, childhood, and youth will affect the health of the adult population, we have, as in the past, placed most emphasis on the work with the pregnant mother, the infant, and the pre-school child.

To impress upon the parents that good health habits develop in very early childhood, home visits were made. The importance of early recognition through periodic health examinations of beginning defects and disease was stressed. Vaccination against smallpox and immunization against diphtheria was urged. The nurse gave help to mothers by reading over with them available literature on infant and pre-school care, and giving explanations when necessary.

Some visits to prenatal patients were made at the request of the attending physician while others were made urging them to secure medical supervision. Visit schedules and instructions were made according to the individual needs of the patients. Much emphasis was placed on diet in relation to comfort and safety.

The Percolator Club, whose object is Children's welfare, gave help by making and financing arrangements

for the correction of defects discovered at the pre-school clinics held in June.

Follow-up work on the few crippled children of pre-school age in this town was carried out.

ELEANOR E. GRIFFITHS, Field Nurse,
State Bureau of Health.

TOWN WARRANT

To Irving C. Trufant, or any Constable of the Town of
Dover-Foxcroft, in the County of Piscataquis:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said town, on Monday, the tenth day of March, A. D. 1941, at ten o'clock in the forenoon, then and there to act upon the following articles, viz:

ART. 1 To choose a moderator to preside at said meeting.

ART. 2. To choose a Town Clerk, fix the compensation, and raise and appropriate money therefor.

Appropriation	Recommended
1940	1941
\$45.00	\$45.00

ART. 3. To see if the Town will vote to accept the report as printed.

ART. 4. To choose five Selectmen, one for a term of three years, two for a term of two years, and two for a term of one year and fill any vacancy in accordance with the provisions of the Town Charter.

ART. 5. To elect a Town Treasurer, fix the compensation, and raise and appropriate money therefor.

Appropriation	Recommended
1940	1941
\$500.00	Appropriate \$150.00

ART. 6. To see what sum the town will vote to

raise and appropriate for a night police officer, and the regulation of traffic.

Appropriation	Recommended
1940	1941
\$1,000.00	\$1,100.00

ART. 7. To see if the town will vote to, and elect one member of the board of Mothers' Aid for three years.

ART. 8. To see if the town will vote to adopt daylight saving time.

ART. 9. To see if the town will vote to fix the time when taxes shall be due and payable, and whether interest shall be charged thereafter.

ART. 10. To see how much money the town will vote to raise and appropriate for officers' bills and miscellaneous expenses.

Appropriation	Recommended
1940	1941
App. \$1,000.00	Appropriate \$778.22

ART. 11. To see if the town will vote to purchase bonds for the Treasurer and Tax Collector.

ART. 12. To see if the town will vote to raise and appropriate a sum of money for the purpose of controlling the White Pine Blister Rust, the same to be used for local labor, and to be supplemented with fifty per cent from the State, and with W. P. A. funds if possible.

ART. 13. To choose a member of the School Committee for three years, and fill any vacancy in accordance with the Town Charter.

ART. 14. To see how much money the town will

vote to raise and appropriate for Common Schools.

Appropriation	Recommended
1940	1941
\$23,300.00	\$23,800.00

ART. 15. To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

ART. 16. To see how much money the town will vote to raise and appropriate for Free High Schools.

Appropriation	Recommended
1940	1941
\$15,500.00 Raised	Raise \$16,500.00
\$16,500.00 Appropriated	
	Appropriate \$17,500.00

ART. 17. To see how much money the town will vote to raise and appropriate for text books for Common Schools.

Appropriation	Recommended
1940	1941
\$1,000.00	\$1,000.00

ART. 18. To see how much money the town will vote to raise and appropriate for the services of the School Committee.

Appropriation	Recommended
1940	1941
\$75.00	\$75.00

ART. 19. To see how much money the town will vote to raise and appropriate for school telephones, lights, and water services.

Appropriation	Recommended
1940	1941
\$475.00	\$475.00

ART. 20. To see how much money the town will vote to raise and appropriate for repairs on school-houses.

Appropriation	Recommended
1940	1941
\$1,666.69	\$1,000.00

ART. 21. To see if the town will vote to raise and appropriate the sum of One thousand four hundred seventy-five dollars (\$1,475.00) to be expended by the Superintending School Committee for the purchase of stokers and for repair and improvement of the heating plants at the Pleasant Street and Grammar School buildings.

Recommended
1941
\$1,475.00

ART. 22. To see how much money the town will vote to raise and appropriate for school supplies

Appropriation	Recommended
1940	1941
\$1,200.00	\$1,200.00

ART. 23. To see how much money the town will vote to raise and appropriate for salary of Superintendent of Schools.

Appropriation	Recommended
1940	1941
\$1,425.00	\$1,500.00

ART. 24. To see if the town will vote to authorize the School Committee to appoint a School Physician in accordance with provisions of R. S. Chapter 19, Section 47, and raise and appropriate money for same.

Appropriation	Recommended
1940	1941
\$150.00	\$50.00

ART. 25. To see how much money the town will vote to raise and appropriate for insurance on school buildings.

Appropriation	Recommended
1940	1941
\$650.00	\$600.00

ART. 26. To see how much money the town will vote to raise and appropriate for interest on school fund.

Appropriation	Recommended
1940	1941
\$156.14	\$156.14

ART. 27. To see how much money the town will vote to raise and appropriate for improvement of the school playgrounds.

Appropriation	Recommended
1940	1941
\$250.00	\$175.00

ART. 28. To see what sum of money the town will vote to raise for salaries of the Board of Health, and recording of Vital Statistics.

Appropriation	Recommended
1940	1941
\$200.00	\$200.00

ART. 29. To see how much money the town will vote to raise and appropriate for care of public dump.

Appropriation	Recommended
1940	1941
\$100.00	\$100.00

ART. 30. To hear and receive the following report of the Selectmen, relative to the laying out of a private way in said town, near Greeley's Landing, so-called.

The subscribers, Selectmen of the Town of Dover-Foxcroft in the County of Piscataquis and State of

Maine, (Frank L. Smith, being interested, not having participated in the deliberations, findings or action herein,) upon application of Arnold T. Gellerson, Harold K. Farnham, M. A. Sanborn, Florence P. Law, George Frederick Noel, Frank Smith, and J. Koritsky, to lay out a private way in that part of said town which was formerly Foxcroft, extending from the easterly terminus of the town way near Greeley's Landing, so-called, which was laid out by the Selectmen of said town on February 13, 1940 and accepted by said town on March 11, 1941, on the west line of town lot 8, range 9, in an easterly and northeasterly direction over lands of the petitioners, through lots 8 range 9, 7 range 9, and 6 range 10 to a point on the westerly bank of Cotton Brook, so-called, about thirty-six rods southerly from the shore of Sebec Lake, having given seven days' written notice of our intentions to lay out the same, and stated in said notice the terminus thereof, by posting said notice in two public places in said town, and in the vicinity of the proposed route to wit at Edwin Peters' store, Central Hall, and at the outside entrance to Coy's Pavilion in said town, on the fifteenth day of July, A. D., 1940, and having met at the time and place appointed for that purpose, and having personally examined the route proposed, are of the opinion that there is occasion for a new private way for the benefit and convenience of and for the use of the owners and proprietors of all the lands situated in town lots 8 range 9, 8 range 10, 7 range 9, 7 range 10, 6 range 9, and 6 range 10, as proposed; we therefore lay out said way as follows:

Beginning at the easterly terminus of said town road, on the west line of said town lot 8 range 9, thence N 85°15'E, 366.5'; thence N 57°30'E, 512.6'; thence N 58° 20'E, 742.1'; thence N 79°15'E, 444.4' to the west line of said lot 7 range 9, (over land of George Frederick

Noel and Arnold T. Gellerson) ; thence N 70° 30'E. 984.6' (over land of M. A. Sanborn and Harold K. Farnham, and land of Florence P. Law) ; thence S 83°40'E, 216.8' (Over land of Florence P. Law) ; thence N 87°00'E, 863.5' to the west line of said town lot 6 range 10, (over land of Frank L. Smith and J. Koritsky) ; thence S. 83°30'E, 970.6' ; thence N 81°50'E, 163.8' to Cotton Brook (over land of Harold K. Farnham).

The line above described is composed of the tangents of the curves which shall constitute the center line of said way and is delineated upon a plan entitled "Proposed Highway from Greeley's Landing to Cotton Brook, June, 1940, surveyed by F. P. Merrill, R. M. Reynolds, Foxcroft, Maine," recorded in Piscataquis Registry of Deeds, and the way to be four rods wide. The wrought portion of said way is to be not exceeding twenty-four feet wide and located within said four-rod limit. Cost of construction and maintenance of said way is to be borne by those for whose benefit said way is laid out, and said way may be subject to gates and bars, if desired.

The several owners of lands over which said way passes having agreed thereto, we award no damages by reason of the laying out of said way.

Given under our hands this twenty-fifth day of July, A. D. 1940.

L. M. SNOW,
WALLACE DOW
ELMER L. CUSHMAN
ERVIN W. EDGERLY
GEORGE W. SANFORD

Selectmen of the Town of Dover-Foxcroft.

ART. 31. To see if the town will accept the private way as laid out by the Selectmen and described in the foregoing article.

ART. 32. To see what sum of money the town will vote to raise and appropriate for sewer maintenance.

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

“Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the Town at its Annual Meeting directs, to make and bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

HAROLD E. CRAWFORD
Municipal Auditor

CHESTER A. DOUGLAS

CHARLES G. DUDLEY

Departmental Auditors

(SEAL OF STATE)

State of Maine
STATE DEPARTMENT OF AUDIT
Augusta

February 16th, 1942

TO THE INHABITANTS OF THE
TOWN OF DOVER-FOXCROFT:

In accordance with the request of your municipal officers, this department, represented by F. A. Doble and M. E. Libby, has completed an examination of the accounts of your town officials for the municipal year ended February 1, 1942.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of that date; subject however to a probable shrinkage in the final settlement of uncollected taxes, tax liens and deeds.

The data obtained by us is summarized in the following:

	Comments
Exhibit A	Comparative Balance Sheet
B	Treasurer's Account
C	1941 Valuation and Commitment
D	Statement of Appropriation Accounts
Schedule 1	Reconciliation of Treasurer's Cash
	Balance
2	Uncollected Taxes
3	Tax Liens
4	Tax Deeds
5	Sheriff's Deeds
6	Accounts Receivable
7	Note Receivable
8	Cemetery Trust Funds
9	Bonds Payable
10	Analysis of Change in Surplus

- 11 1941 Abatements
- 12 1941 Supplemental Taxes
- 13 Excise Tax Collections
George Babson Trust Fund

Respectfully submitted,

STATE DEPARTMENT OF AUDIT

Harold E. Crawford,
Municipal Auditor.

K

COMMENTS

CASH:

All cash recorded as received was properly accounted for and is summarized on Exhibit B.

Expenditures were made by check from properly authorized warrants as summarized on Exhibits B and D.

The cash balance was reconciled with the bank as per detail shown by Schedule 1.

The Food Stamp Fund was verified and the total was represented by stamp books on hand, cash, and vouchers due from the state, other towns and the town charity account.

TAXES:

The 1941 tax commitment was added and found to agree with the Assessors' records. The total commitment was accounted for by cash, abatements, or was still unpaid as shown by Schedule 2.

The unpaid balances on prior years' taxes were checked for payment and those still unpaid, according to the records, are shown by Schedule 2.

TAX LIENS AND DEEDS:

All tax liens, tax deeds and Sheriff's deeds on file were checked and are shown by Schedules 3, 4 and 5.

All tax liens in the hands of Attorney Harold M. Hayes for collection or execution were checked with his secretary and found to agree with the lists which are carried on the Selectmen's ledger..

TRUST FUNDS:

All savings pass books covering trust fund investments were examined and the detail is shown by Schedule 8. It appeared that all income had been properly accounted for.

LEDGER:

It is our suggestion that in the future the General Expense account be broken down under the following classifications:

- Town Manager's Salary
- Town Office Expense
- Municipal Building Income and Expense
- Election Expense
- Miscellaneous Expense

GENERAL:

A partial check was made of paid bills and payrolls and as far as our examination went, all appeared to be proper charges and correctly recorded.

With the exception of cash, trust funds and food stamps, no external verification was made of your asset or liability accounts.

The George Babson account was checked and although it does not form a part of this report, a schedule of same is included.

This fund is held in trust by the Merrill Trust Company of Bangor and is loaned to worthy students for higher education with the approval of the local Board of Trustees.

The notes and savings pass books are in the possession of the Town Treasurer.

REPORT OF TOWN MANAGER

**To the Board of Selectmen, and citizens of
Dover-Foxcroft:**

Herewith is submitted a report on Town affairs for the past year.

Town Debt

The Town debt has been reduced \$8,000.00 since the last report. This was accomplished by paying a note of \$5,000.00 and bonds amounting to \$3,000.00. This brings the total outstanding debt down to \$9,000.00. This indebtedness is in the form of bonds which were issued in 1934, and which mature at the rate of \$3,000.00 each year. The last of these bonds will be paid in 1944.

Taxes

The amount of uncollected 1941 taxes at the close of the fiscal year, February 1, 1942 was \$7,603.81, which appears to be the smallest amount for many years. Much credit is due the taxpayers of Dover-Foxcroft for their efforts in bringing about this splendid condition which has enabled the Town to pay its bills each week throughout the year. Several 1941 taxes have been paid since the books were closed. These are indicated by a star in front of the name in the Town Report.

Charities

The total expenditures for direct relief for the year 1941 was \$13,897.83. A large amount of this expense was for medical care, and hospitalization. The Food Stamp Plan which went into effect in August 1941, has not reflected a savings to the Town, but it has enabled those families who could participate, to have a more adequate supply of food for the money expended.

Highways

During the summer of 1941, 1500 feet of State Aid Highway was built in East Dover, extending toward Sebec. 1,200 feet of Third Class Highway was constructed on the Anderson Road, an extension of the Third Class construction of 1940. It is not certain at this time whether or not the State will allocate any funds for either State Aid or Third Class road construction for 1942, owing to the reduced amount of in-

come from the Gas Tax, and registration of automobiles, caused by the Civilian Defense curtailment of the sale of tires and new automobiles. \$1,000.00 in Special Resolve money was spent on the Range Road where 800 feet of improved road was built last year. This was a continuation of the Special Resolve construction of the past three years. It is expected that the same amount will be available from the State for the coming year. If the money is available, construction on the Range Road will be continued. \$1,030.00 received from the State in 1941 for the Improvement of unimproved highways was spent on the Back Road to East Dover, where several new steel culverts were placed, and the remainder of the money was spent for graveling. We feel that this road will show a great improvement the coming spring. River and Mayo Streets and Court Street from Main to River Street were tarred this year in addition to the streets that were previously treated. At least a part of the new W. P. A. construction should be tarred in 1942.

Sidewalks and Sewers

Sidewalk construction was curtailed this year on account of not being able to obtain sufficient material. However quite extensive repairs were made on the sidewalk in Merrick Square, and on Lincoln and Green Streets. It is hoped that material will be obtained for sidewalk work the coming year.

377 feet of new sewer was built on Union Street, between the Railroad Crossing and Lincoln Street, connecting with the sewer which empties into the river. It was necessary to construct three catch basins on this project. A catch basin was constructed on Pearl Street near Merrick Square, to catch the water which runs into Pearl Street from the Square, and which in the past has run over the sidewalk and across the property beyond. The remainder of the sewer appropriation was spent on Green Street sewer, where 575 feet of 10 inch pipe was laid to replace the original 4 inch pipe, which has given considerable trouble during the past year. We have a sufficient quantity of pipe to complete the remainder of the job, which we plan to finish as soon as the frost is out of the ground in the spring.

W. P. A.

During the period from February 1 to May 28, 1941 a W.P.A. crew of 25 men were employed on drainage and construction of Town streets. During that period work was done on Morse Ave., Paul, Forest, Hancock and Mechanic Streets. These streets were ditched and graveled, and should be passable at all seasons of the year. It is recommended that as much of this work as possible be treated with tar the coming summer, in order to preserve the surface, and control the dust. On May 28, 1941 the entire W. P. A. crew was transferred to the Dexter Airport Project, where they have since been employed.

N. Y. A.

The N. Y. A. Sewing Project which operated very efficiently at Central Hall under the supervision of Miss Barbara Livermore, in making new garments, and remodeling and repairing used garments for the Dover-Foxcroft Town Club, to be distributed to the needy families of our Town, was terminated in November 1941, and all except three girls who were assigned to the School Lunch Project, as waitresses, were automatically dropped from the Project at that time.

Owing to the many services required by the State Civilian Defense Corps, the duties of your Town Manager have been greatly increased. All branches of the Civilian Defense set-up have been organized, and are functioning at the present time. Information regarding any branch of the organization may be obtained at the Town Manager's Office. More than 1600 men and women of Dover-Foxcroft have registered for Civilian Defense work by filling out and signing the regular registration cards. We feel that this is a splendid testimonial of the loyalty of our citizens in a time of National emergency.

In closing I wish to take this opportunity to thank the Board of Selectmen for their wholehearted cooperation in conducting the affairs of the town during the past year. Also the citizens of Dover-Foxcroft for their co-operation and helpful suggestions, which have led to the better solution of many problems. I want especially at this time to thank the employees in the Town Office and in all of the departments, for their

loyalty and cooperation. They have given freely of their time and best efforts for the benefit of the town. It is only through the close cooperation of the Municipal Officers, the citizens and the employees, that the most economical and efficient government can be made possible.

The Town Office is open each business day from 8:30 to 12 and from 1 to 5, except Saturday, when it closes at noon. The Town Manager will be glad to have any citizen come to the office during these hours for any available information, and will welcome any suggestion for the improvement of any service which the Town Office can render to the people.

Respectfully submitted,

IRVING C. TRUFANT,

Town Manager.

REPORT OF NIGHT OFFICER FOR 1941

Doors of business places tried each night	200
Doors found unlocked and cared for	153
Calls on Siren	12
Vagrants taken to lodging	60
Lights reported out	72
Called to investigate motor accidents	12

15 of these deaths were of persons from other towns,
in Dover-Foxcroft for hospitalization.

17 occurred in other towns with burial in Dover-Fox-
croft.

HELEN F. DYER, Town Clerk.

REPORT OF SUPERINTENDENT OF SCHOOLS**To the Superintending School Committee:**

I present herewith my first annual report as superintendent of the Public Schools of Dover-Foxcroft.

Because of the short time that I have been here the report must, of necessity, deal only with certain phases of the school work.

The part of the year that I have been here has been a happy one, and I am proud to be the Superintendent of Schools of Dover-Foxcroft. I sincerely hope that during my term of office the schools will continue to provide sound education and continue to progress as they did under my predecessor. I wish to take this opportunity to thank you and other citizens, for the cordial welcome which my family and I have received in your community.

The following persons have been engaged in the work of the elementary schools during the present school year:

1941—1942

Dover-Foxcroft Elementary Teachers

Teacher	Position	Years Exper	Salary
GRAMMAR SCHOOL:			
Russell W. Perry	Gr. 8 & Prin.	6	\$1,000.00
Harriette E. Crockett	Gr. 8 & Dean of Girls	33	936.00
Lewis Scott	Gr. 7	0	792.00
Bernice W. Sterling	Gr. 7	22	900.00
Effie D. Bolton	Gr. 6	17	900.00
PLEASANT ST. SCHOOL:			
Ava E. Goff	Gr. 5 & Prin.	28	936.00
Alice Austin	Gr. 4	17	900.00
Helen Pratt	Gr. 3	14	720.00
Ola F. Blood	Gr. 2	21	900.00
Corinne Johnson	Gr. 1	11	792.00
Martha Green	Gr. Sub	1	684.00
NORTH ST. SCHOOL:			
Harriette H. Crockett	Gr. 6 & Prin.	26	936.00
Mildred C. Hewett	Gr. 5	17	900.00
Marion G. Rollins	Gr. 4	22	900.00
Mildred Pratt	Gr. 3	18	900.00
Dorothy Packard	Gr. 2	16	900.00
Louise MacFadyen	Gr. 1	13	900.00
Dorothy Greenlaw	Gr. Sub	18	900.00
Doris Hathorn	Extra Room IV	23	828.00
RURAL TEACHERS:			
Geneva Campbell (8 wks)	Bear Hill	8	612.00

Mary Osborne (28 wks)	Bear Hill	0	648.00
Marion A. Doore	East Dover S-4	8	792.00
Nellie C. Downs	East Dover 5-8	29	828.00
Harriett N. Ladd	South Dover	15	648.00
SPECIAL TEACHERS:			
Dorothy E. Dolan	Music	0	1,000.00
Madelyn C. Ballard	Secretary	10	276.00
Dr. G. F. Noel	School Physician		150.00

Schools have been maintained thirty-six weeks closing the municipal year, February 1, 1942. It will be observed that the common school account shows a balance of \$5173.17 which is necessary to cover the payroll up until the new appropriations are made. This year, as a result of a vote of the teachers, half are receiving their salary on a twenty payment plan, and the others on a twenty-four payment plan. Beginning the school year 1942-43 all teachers and janitors will receive their salary on a twenty-four payment plan, and conveyance drivers on the twenty payment plan.

There have been some changes in the personnel of our schools this year as follows:

The Grammar School had two vacancies in its teaching staff at the end of the school year 1940-41. These were filled by Mr. Russell W. Perry and Mr. Lewis Scott. Mr. Perry is a graduate of Farmington State Normal School and has had six years teaching experience, several of which have been as a principal. He was employed last year as a teacher in the Waterville Junior High School. Mr. Perry is Principal of our Grammar School, teaches seventh and eight grade mathematics and general science, and directs the athletic program of the school. Mr. Scott was graduated from the three-year course at Farmington State Normal School in 1941, and is teaching seventh and eighth grade English and Music. He works with the Music Supervisor in all musical activities of the school and also assists with the boys' athletics. The other teachers at the Grammar School are the same as last year and are all doing a splendid piece of work.

The fact that there were two new teachers entering the Grammar School last fall, made a few changes necessary. This was done after careful consideration. Miss Crockett, former principal, was made Dean of Girls, a position which is proving to be a valuable one in the school. She teaches spelling, writing and has all

of the art, including grades three, four, and five of the Pleasant Street School. This is made possible by an exchange of teaching duties in the two schools. A departmentalized program is functioning successfully in the Grammar School, whereby the boys and girls pass to the different rooms for the various classes. This plan helps to bridge the gap between the Grammar School and the Academy by giving pupils the practice of moving about in an orderly, but informal manner, and of having several different teachers. Stress is also being given this year in home work for the seventh and eighth grade pupils. A schedule developed by the principal and teachers, is followed so that pupils have one lesson a night to prepare at home, and never more than one. The assignments for grade seven are such as to require approximately thirty minutes of the child's time and those in grade eight approximately forty-five minutes each night. The main objective of such a plan is not primarily for the homework itself, but for the purpose of teaching the boys and girls to assume such a responsibility so that they may be better prepared for greater responsibilities in the Academy.

The teaching staff at the Pleasant Street School has two new members this year in the persons of Miss Martha Green in the Sub-Primary, and Miss Corinne Johnson in Grade I. Miss Green, of Dover-Foxcroft was transferred from the Bear Hill rural school. In addition to her sub-primary work, Miss Green works with the girls of the Grammar School in their athletic program. Miss Johnson, of Monson, is a graduate of Farmington State Normal School and has had eleven years teaching experience. Both teachers are fitting nicely into the work of the school which is functioning very well due to the fine cooperation of all teachers.

The teaching staff at the North Street School remains the same as last year with fine work being accomplished.

Opportunity Room

Due to a crowded condition existing in one of the grades at the North Street School during the past several years, the Opportunity Room, previously established in the school, has more or less automatically become a regular classroom. Special study is being

given this problem with the expectation that the room will eventually resume its rightful place. Such a room should be of an ungraded nature and consist of pupils who, for various reasons, are retarded in their grade. They may receive more individual attention in such a room and possibly reach the point much sooner where they are able to work with their own group again. It is a room where a child may remain for a year or more, or only for a few weeks as the judgment of the teacher so designates. It is desirable to keep the enrollment down to twenty pupils and to admit children from any classroom in the town.

The vacancy at the Bear Hill school, created by the transfer of Miss Green, was filled during the early part of the year by Mrs. Geneva Campbell Earley of Dover-Foxcroft, who has since resigned. Miss Mary Osborne of Rockland, Massachusetts was secured as the new teacher at this school. Miss Osborne was graduated from Fitchburg Teachers' College in 1940 and holds a Bachelor's degree. She is doing fine work with the boys and girls at Bear Hill.

The teachers at East Dover remain the same as last year and very fine work is being accomplished.

Mrs. Harriett Ladd, a teacher of a number of years teaching experience was engaged as a substitute to fill the vacancy existing at South Dover. The work is going along very well in this school.

Public School Music

Miss Dorothy Dolan of Worcester, Massachusetts, a graduate of Lowell Teachers' College in 1941, was engaged to fill the vacancy existing in the music department. Miss Dolan has very successfully taken over the work in this field and is doing her best to give as many pupils as possible a real appreciation of music. The report of the Supervisor of Music will be found elsewhere in this book and I commend it to your attention.

Physical Education

Mr. Ernest Scribner of Auburn, Maine, a graduate of Springfield College with a degree in Physical Education, was engaged this year as a full-time Director of Physical Education. Mr. Scribner carries on actual classroom work with all pupils of the Academy and

supervises the instruction in all of the grades. Special stress is being given in the schools toward better posture and many noticeable results have been observed. Much worthwhile work has been accomplished in this department this year and the only regrettable fact is that the boys and girls of the Academy are obliged to have their physical education classes in Central Hall during the winter months. The hall itself could be made quite satisfactory, but under the present conditions it is necessary for the pupils to travel back and forth from the Academy, thus eliminating the opportunity for a shower bath at the proper time. I sincerely hope that better facilities for a Physical Education and Health Program will be available sometime in the near future.

I commend to your attention the report of the School Physician and County Nurse. Both Dr. Noel and Mrs. Gibbons are working very hard toward the protection and betterment of the health of our boys and girls. Mrs. Gibbons serves the whole county and gives us our proportional share of her time. The epidemic of measles which we have just had, and other epidemics which we are sure to have from time to time, serve to emphatically point out the fact that there should be a full-time nurse available in Dover-Foxcroft. The resulting benefits to our boys and girls would more than pay for the extra cost of such a service.

Through the cooperation of the teachers, town officials, the American Automobile Association, and the boys and girls themselves, a Schoolboy Patrol has been organized in the schools of the town this year. Due to the several dismissal times it has been necessary to have approximately seventy-five boys participating in the work. They range in age from ten to fourteen, and are all doing a commendable job in making it safer for their classmates in crossing the streets in the vicinity of the schools. Through the courtesy of the Center Theater a group of about 20 boys are given complimentary tickets to the movies each week so that all patrol boys have the opportunity during the month.

Through the cooperation of the Superintending School Committee, Town Manager, Selectmen, Central

Grange, the Kiwanis Club, and many other organizations and individuals in town, a school lunch program is being successfully operated. Approximately one hundred seventy-five boys and girls, who would ordinarily carry lunches to school, are being served a complete hot meal each day. This program is also made possible by the assistance of the Surplus Marketing Administration, WPA, and NYA.

Repairs

Mr. Henry Pearl has been in charge of repairs and this program has been well handled. The labor situation created a real problem last summer but, nevertheless, quite satisfactory results were obtained. The North Street School was painted on the outside. The tennis court at the Grammar school which was unusable was graded and given a tar and sand surface. All schools were cleaned and the necessary minor repairs completed. It is our desire to install lights in the sub-primary and first grade rooms at the Pleasant Street School, and to begin a long-range improvement of the lighting in all schools. Due to the anticipated labor shortage this summer we do not plan any large repair jobs, but do intend to do some extensive washing of classrooms, repairing of ceilings, and redecorating of rooms where necessary. The stokers which were installed at the Grammar and Pleasant Street Schools are noticeably proving their value. Due to the healthful and financial benefits derived from stokers, this year's report to the Town Budget Committee carries a recommendation for the purchase of a stoker for the North Street School. An unexpected boiler emergency occurred at this school during the fall term which necessitated the purchasing of five new sections to add to the newer of the two boilers. This emergency also brought about the elimination of the old boiler. This explains the overdraft in the repair account.

The Superintending School Committee presents the following budget for 1942-43:

Common Schools	\$25,800.00
Int. on School Fund	156.14
Textbooks	1,200.00
Supplies	1,500.00
Lights, telephone, water	515.00

Supt. of Schools	1,250.00
School physician	150.00
School Committee	75.00
Insurance	600.00
Repairs	1,200.00
Overdraft	832.02
Playground	175.00
Stoker	900.00
	<hr/>
	34,353.16

The citizens of Dover-Foxcroft should feel proud of the fine boys and girls who make up their schools, and at the same time they should feel fortunate in having such a loyal and cooperative group of teachers. It has been my observation that the teachers are continually working for the welfare of the boys and girls and are improving themselves professionally whenever possible. Evidence of this is the fact that nearly one hundred per cent of the teachers took a fifteen-week extension course from Dr. Payson Smith during the fall term. The course was on "Current Problems in Modern Education" and proved to be a very valuable one.

Foxcroft Academy

Foxcroft Academy is functioning exceptionally well this year and from my short time here I should say that this is due to the splendid administration under Principal Wood, to his fine teaching staff and to the cooperation of the student body. Due to the fact that Mr. Wood has a complete report of the Academy to be found elsewhere in this book, I see no reason for duplicating his efforts. I commend his report to your attention.

In closing I wish to express my sincere appreciation to the citizens of Dover-Foxcroft, and to their boys and girls, for their cooperation they have extended to me; to the teachers for their friendly and helpful cooperation; and to you the members of the Superintending School Committee, for your cooperation, support, and advice.

Respectfully submitted,

C. Everett Page, Jr.

Superintendent of Schools.

THE BUILDING

During the past year, our enrollment has remained consistently around the 250 pupil level. The extensive improvements carried out a year ago did not necessitate large repairs this year. Through the co-operation of Town Manager Trufant we were able to re-surface the front walk leading to the building and during the summer, the Building Committee removed several trees on the lawn, whose age and state of decay render-

ed them hazardous. The interior of the building was carefully cleaned and each room placed in excellent condition prior to the opening of school.

THE SCHOOL PROGRAM

A splendid step forward was taken this year with the introduction of new courses in Physical Education, Forestry and Spanish. Careful examinations by the School Physician and Nurse have been followed and supplemented by a corrective program in the Physical Education classes where emphasis has been placed upon the acquisition of fundamental skills. Definite improvements have been noted in posture and carriage, particularly among the girls' classes. The administration problem of conducting classes at Central Hall, so far removed from the Academy has not proven prohibitive. The student body has shown its appreciation of this opportunity by excellent cooperation in the matter of moving to and from the hall on schedule.

Foreseeing the new developments in inter-American relations, it seemed advisable to include Spanish in our list of Modern languages. In the immediate future, it seems very probable that boys and girls with a working knowledge of this language will discover it to be a very valuable asset.

Following our determination to include practical courses in vocational fields as rapidly as the expansion of our facilities would permit, a course in Forestry was opened to Senior boys last fall. Through the generous gift of Mr. Louis Oakes, a tract of land, much of which is extensively wooded is now available for study and work classes. A careful survey of the processes of propagation, seedings, cuttings, and the like have been carried on. A nursery has been instituted and seed beds laid last fall while it is planned to expand these facilities to care for several thousand transplants this spring. Much study has been devoted to the natural forest floor, the nature of fungi and other enemies of the forest and to favorable conditions of growth and development. In all of this we wish to gratefully acknowledge the splendid cooperation and courtesy of the Department of Forestry at the University of Maine and particularly to Professor Dwight Demeritt, who has rendered much valuable advice and assistance. It

is now planned to extend this course to a full two years next fall and include members of the Junior class.

We note with especial pride the high standard achieved by our Commercial Department. Better than 70% of our last class are now employed in Washington having passed Civil Service exams directly from the Academy. Many of our present pupils have gained good experience in the offices about town. It is no exaggeration to say that our people have made much greater progress than pupils who have come to us as transfer students from other towns.

Our remedial English work continues with profit. Reading skills improve and the field of comprehensive ability extends favorably with each year level. We regretted greatly the loss of Miss Ruth V. Belknap, head of our English department for the past three years, but were fortunate in securing the services of Miss Jean Hilliard in her place. The induction of Mr. Briggs into the armed forces of our country will deal another blow to this department but it is hoped that we will be able to hold this all-important department of our school at its present high level.

In the extra-curricular field we continue to attain success. A state championship track team added further to the laurels of our athletic teams while the students engaged in Prize Speaking, Spelling and Debating were uniformly successful. Once more the Foxcroft players reached the finals at Bowdoin last spring in the One-Act Play Contest. For the current year, the record of victories is not so impressive but lessons of real value in sportsmanship and endeavor continue. Of the thirty-two State of Maine Scholarships awarded to outstanding Maine students by the four state colleges, Foxcroft Academy and the community were honored by having two of our boys named as recipients, Bradley Maxim was thus honored at Bowdoin and Harold S. Roberts at Colby. The disclosure of mid-year grades which has just reached us from these colleges show Foxcroft graduates in high percentages upon the Dean's List in all.

I take this opportunity to express my appreciation to the many friends of the Academy, the teachers, Trustees, School Committee, Superintendent of Schools,

students, and especially the citizens and parents of Dover-Foxcroft for their fine cooperation which has been so readily given during the past year.

Respectfully submitted,

PRIN. CLAIR E. WOOD.

MUSIC SUPERVISOR'S REPORT

To C. Everett Page, Jr., Superintendent of Schools:

I herewith submit my first annual report as Supervisor of Music in the public schools of Dover-Foxcroft and Foxcroft Academy.

The Academy orchestra was replaced this year by the Academy band which is to make its initial appearance at the Public Speaking contest to be held in March.

The Academy Girls' Glee Club and Mixed Choir have performed during the year at school assemblies and were heard in two radio broadcasts during the month of December. Due to transportation difficulties and limitations, it is expected that the annual Music Festival, scheduled to be held in Bangor, may be cancelled; should it materialize, the Academy Girls' Glee Club will participate.

A new Academy chorus schedule has been put into effect this year with great success; namely, an hour period weekly consisting of the student body at large instead of the former arrangement of two divided periods weekly. The textbook used for this activity is "Assembly Songs and Choruses".

The Grammar School Glee Clubs are planning to present the Gilbert and Sullivan operetta, "Pinafore" in the early spring. This production will include every member of the grammar school in addition to the glee club members.

A colorful Christmas pageant was presented by North Street school using its entire student body. The musical portion of this presentation consisted of two large choruses: the first chorus made up of fourth, fifth and sixth grade pupils; the second chorus made up of first, second and third grade pupils.

A "Music Travelogue" will be the nature of the Pleasant Street school program to be presented in April. This, too, will include every member of the

school with the addition of the sixth grade of the Grammar school.

In the course of the year, several programs have been presented by the individual rural schools commemorating special holidays; such as Thanksgiving, Christmas, etc. Each one of these schools will also present, in their own communities, some form of musical program in the spring.

Textbooks used this year include the complete "World of Music" series in the grades, the "Silver Book" in the Grammar school, the "Music Hour" one book course in South Dover, "Singing Days" in the Bear Hill school and "Blending Voices" in East Dover.

I now wish to express my appreciation and sincere thanks to the Superintendent, Principals, teachers, parents and students for their earnest and kind cooperation.

Respectfully submitted,

DOROTHY E. DOLAN,

Music Supervisor.

REPORT OF SCHOOL PHYSICIAN

To C. Everett Page, Jr., Supt. of Schools:

Herewith is submitted the report of the school physician for the current year.

At the time of the opening of school last fall examinations for itch, impetigo, etc. were made and the usual number of these conditions were found. Emphasis was made that these children should see their family physician for treatment of same.

With the sanction of the School Board a form of daily physical exercise was introduced into the schools to aid the children in attaining better posture. These exercises were under the supervision of the Physical Education Department and carried out by the wholehearted cooperation of the individual classroom teachers. On my tours of inspection through the schools it has been gratifying to note the improvement in the posture of the children.

Between November 24 and December 5 routine examinations of all children in both the town and rural schools were made. Defects in teeth were many and

diseased tonsils running a close second. Recommendations for the correction of these conditions were sent to the parents and it is hoped that during these better times necessary corrections will be made.

We are very fortunate to have Mrs. Gibbons with us this year. She has been very cooperative and has given freely of her time in observation of suspects and in helping with examinations. During her examinations with the State audiometer many defects in hearing were found.

I feel that it is unfortunate that our school system does not have the full time services of Mrs. Gibbons or a nurse of her ability. If this were possible much more could be done for the health of our future citizens.

The attendance record of our school system has suffered greatly this year from an epidemic of measles. Records show that epidemics of this nature seem to occur every five to seven years. The cooperation of the parents during this epidemic has been very gratifying.

The cooperation received from the School Board, you, and every teacher in the system has been very encouraging. It is only with this assistance that the medical betterment of the children can be attained.

Respectfully submitted,

GEO. FREDERICK NOEL, D. O.

THOMPSON FREE LIBRARY

The work for the public schools and Foxcroft Academy has been about the same as in recent years. The Circulation as like many libraries, has fallen off, according to reports given in the Library Journal, Maine Library Bulletin, etc., all over the country.

ANNUAL REPORT OF PUBLIC HEALTH
NURSING—1941

During the year home visits were made to impress upon the parents that good health habits develop in very early childhood. The importance of early recognition through periodic health examinations of beginning defects and disease was stressed. Vaccination against smallpox and immunization against diphtheria was urged.

Some visits to prenatal patients were made at the request of the attending physician while others were made urging them to secure medical supervision. Visit schedules and instructions were made according to the individual needs of the patient. Much emphasis was placed on diet in relation to comfort and safety.

Two child health conferences were held in conjunction with the Farm Bureau. In June 14 infants and preschool children were examined by a local physician and five received immunization against diphtheria. In August 19 children attended and eight received toxoid.

Much of the time scheduled for this town during the last months of the year has been spent in cooperation with the National Defense program in organizations of

Home Nursing classes and the teaching of a class in the rural area.

The Red Cross Chapter has cooperated through the Home Nursing Committee in developing this program. The Town Club has given help in the loaning of articles which are of invaluable aid in the teaching of a Home Nursing Class. Plans are under way for several classes to be taught early in the new year.

It is to be hoped that in the coming year regular child health conferences will be established and a Mothers' Club started.

ELEANOR GRIFFITHS,
Public Health Nurse.

REPORT OF COUNTY NURSE

I hereby submit the annual report of health service rendered Dover-Foxcroft for the period January 1, 1941 to December 31, 1941.

The major part of the program is concerned with the health of the child of school age and Tuberculosis Prevention.

School Nursing

One of the real problems to combat this past year was the epidemic of communicable diseases in the winter months. Every effort was made by the Nurse to assist the school physician and health authorities to keep these diseases in control. Daily check-up of absentees in the homes and children in school was made, and 158 field visits were made by the nurse and over 1059 reinspections of children in school rooms were made with 42 office conferences with parents, 26 visits to school buildings, and 83 visits to school rooms.

The Nurse has assisted the school physician in making the annual health examinations of each student, preparing and sending notices of defects to parents and in making necessary home calls. Assistance was given to each physician in examinations of 988 pupils.

Space does not permit a list of large number of school defects revealed in health examinations, but the Nurse will be glad to discuss with any parent the health examination findings of their child.

The health service rendered by the Percolator Club in providing glasses and financing throat operations for needy children is a real contribution to the school program.

Tuberculosis Prevention

Every effort is made to assist patients to have repeated and the necessary check-ups and to care for our contact cases of Tuberculosis. The Tuberculin Testing of 101 Academy pupils in November revealed an additional number of reactors. We have about 40 patients, the larger number of which are childhood types and contacts whose X-ray examinations are due, but at this time we haven't been able to book for any definite date the State Clinic service. About 32 visits have been made in follow-up of patients by Nurse.

Crippled Children Service

Assistance is given to this program in providing a place in the office for the Exercise Clinic in follow-up of these patients and in urging attendance at Clinic.

Health Education

This year the Nurse conducted 11 classes with Academy girls on Personal Hygiene and Home Nursing and prepared and donated health material for individual school room libraries in upper grades. That people might become more interested in preventing Tuberculosis, the Early Diagnosis Campaign for the Prevention of Tuberculosis was emphasized in April. A new film was shown in the moving picture house. The title of this film is "They Do Come Back." An exhibit in one of the store windows and special grade programs, posters, and pamphlets, were devices used. The service is only effective through cooperation so we thank all who helped.

Respectfully submitted,

Piscataquis County Nursing Service,

By, NELLIE R. GIBBONS, R. N.,

Public Health Nurse.

MAYO MEMORIAL HOSPITAL**To the Chairman and Members of the Board of Trustees
of the Mayo Memorial Hospital:**

The following report is submitted to you for your approval of the work accomplished at the Mayo Memorial Hospital from February 1, 1941 to February 1, 1942.

STATISTICS

REPORT OF THE BUDGET COMMITTEE OF 1942

Dover-Foxcroft, Maine.

February 24, 1942.

To the Voters and Tax Payers of Dover-Foxcroft:

In recommending the amounts to be raised and appropriated for the various departments of Town Government we wish to draw your attention to several items.

It becomes more apparent as each year goes by that there is a rising tendency in the cost of operating your town affairs. The chief reason for this being that there are continual demands made by our citizens for additional services. All these extra services, while probably small individually, total to a considerable cost, and cause the department under which they come to need more money. This sometimes causes overdrafts in the accounts and in times like we are facing now we feel that it is very important that overdrafts do not occur in any account. Real Estate Tax Payers should realize that the large burden is on them and if they vote for additional services and expenditures then the burden will be increased.

Education of our children costs a great deal of money and it is very difficult to keep that cost from rising with the general tendency of wages and materials going up. The recommended amount of \$24,300.00 for Common Schools is \$500.00 higher than last year's amount, but we feel that it is a reasonable increase and should be ample to care for all needs. For High School Tuition an amount of \$17,500.00 is recommended.

The General Highway Account requires a large amount of money, and the demands made on this department are very great. We are recommending an amount of \$15,365.00 be raised for this account knowing that it will require strict economy in every way to keep within this amount.

The Charity Account is another of our large accounts and it presents a difficult problem. There are quite a number of cases that require aid which must be furnished whether money is available in the account or not, and medical care must be given in most cases when demanded. The tendency of recent years is for more

charity and many have been led to expect it, but in these times when work is plentiful great care should be exercised to discourage laziness and sponging on Charity. With this in mind your Committee recommends an amount of \$11,000.00 for this account.

We have commented on the larger accounts only. The Full list of recommendations follows.

**Recommendations of the Budget Committee of
Amounts to be Raised in Town Meeting
March 9, 1942**

TOWN WARRANT

To Irving C. Trufant, or any Constable of the Town of Dover-Foxcroft, in the County of Piscataquis:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said town, on Monday, the ninth day of March, A. D. 1942, at ten o'clock in the forenoon, then and there to act upon the following articles, viz:

ART. 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose a Town Clerk, fix the compensation, and raise and appropriate money therefor.

ART. 3. To see if the Town will accept the report as printed.

ART. 4. To choose three Selectmen for a term of three years, and fill any vacancy in accordance with the provisions of the Town Charter.

ART. 5. To elect a Town Treasurer, fix the compensation, and raise and appropriate money therefor.

ART. 6. To see what sum of money the Town will vote to raise and appropriate for a night Police Officer, and the regulation of traffic.

ART. 7. To see if the Town will vote to elect one member of the Board of Mothers' Aid for three years.

ART. 8. To see how much money the Town will vote to raise and appropriate for Officers' bills and Miscellaneous expenses.

ART. 9. To see if the Town will vote to purchase bonds for the Treasurer and Tax Collector.

ART. 10. To see if the Town will vote to raise and appropriate the sum of two hundred dollars for the purpose of controlling the White Pine Blister Rust within the limits of the Township. The sum raised to be supplemented with State and Federal funds, dependent of course upon funds made available by cooperating agencies.

ART. 11. To choose a member of the School Committee for three years, and fill any vacancy in accordance with the Town Charter.

ART. 12. To see how much money the Town will vote to raise and appropriate for Common Schools.

ART. 13. To see if the Town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

ART. 14. To see how much money the Town will vote to raise and appropriate for Free High Schools.

ART. 15. To see how much money the Town will vote to raise and appropriate for text books for Common Schools.

ART. 16. To see how much money the Town will vote to raise and appropriate for the services of the School Committee.

ART. 17. To see how much money the Town will vote to raise and appropriate for school telephones, lights, and water service.

ART. 18. To see how much money the Town will vote to raise and appropriate for repairs on school houses.

ART. 19. To see how much money the town will raise and appropriate for the purchase of a stoker and for repair of heating plant in the North Street school.

ART. 20. To see how much money the Town will vote to raise and appropriate for school supplies.

ART. 21. To see how much money the Town will vote to raise and appropriate for the salary of the Superintendent of Schools.

ART. 22. To see if the Town will vote to authorize the School Committee to appoint a School Physician in accordance with provisions of R. S. Chapter 19, Section 47, and raise and appropriate money for same.

ART. 23. To see how much money the Town will vote to raise and appropriate for insurance on school buildings.

ART. 24. To see how much money the Town will vote to raise and appropriate for interest on school fund.

ART. 25. To see how much money the Town will vote to raise and appropriate for improvement of the School playgrounds.

ART. 26. To see if the Town will authorize the Selectmen and Superintending School Committee to employ a full-time Community Nurse to serve the schools and welfare department, and raise and appropriate money therefor.

ART. 27. To see what sum of money the Town will vote to raise and appropriate for the services of a Public Health Nurse.

ART. 28. To see how much money the Town will vote to raise and appropriate for salaries of the Board of Health, and the recording of Vital Statistics.

ART. 29. To see how much money the Town will vote to raise and appropriate for care of Public Dump.

ART. 30. To see what sum of money the Town

will vote to raise and appropriate for sewer maintenance.

ART. 31. To see what sum of money the Town will vote to raise and appropriate for sewer construction.

ART. 32. To see what sum of money the Town will vote to raise and appropriate for the construction and repair of sidewalks.

ART. 33. To see what sum of money the Town will vote to raise and appropriate for the general repairs of highways and bridges.

ART. 34. To see what sum of money the Town will vote to raise and appropriate for State Aid Road Patrol.

ART. 35. To see what sum of money the Town will vote to raise and appropriate for State Aid Road construction (in addition to the amount regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28 of the Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

ART. 36. To see how much money the Town will vote to raise and appropriate for the maintenance of Third Class roads.

ART. 37. To see what sum of money the Town will vote to raise and appropriate for the maintenance of Special Resolve roads.

ART. 38. To see if the Town will vote to discontinue the Bessie Road, so-called, beginning at the State Road near the residence of Ferd E. Clapp (formerly the Lee Schoolhouse) thence northerly to the center line of range 3, thence westerly to the road leading to Foxcroft Center, at the west line of lot 6, range 3.

ART. 39. To see if the Town will vote to dis-

continue the road through the "Old Gray Neighborhood", from a point on the east line of lot 14, range 7, near the Hosmer place so-called, thence northerly, westerly and northerly to the Guilford line.

ART. 40. To see if the Town will vote to discontinue the road beginning at the point near the residence of Daniel Meade; thence westerly on the south line of lots, 16, 15, and 14, range 5 to the road leading to Hosmer Hill.

ART. 41. To see if the town will vote to discontinue the road beginning on the east line of Lot 16, range 6, near the Chandler place so-called, now owned by the Anderson Bros., thence northerly to the site of the former Gray schoolhouse.

ART. 42. To see what sum of money the town will vote to raise and appropriate to treat the Village Streets against dust.

ART. 43. To see what sum of money the Town will vote to raise and appropriate for street lighting.

ART. 44. To see if the town will vote to install a street light on Autumn Avenue between the residence of S. Barker and Rondal Steeves.

ART. 45. To see if the Town will vote to install a light on South Street near the Texaco Filling Station, for the purpose of lighting the Parking Lot.

ART. 46. To see if the Town will vote to install a street light on Mayo street, near the residence of Aaron Kinney.

ART. 47. To see what sum of money the Town will vote to raise and appropriate for the support of Mayo Memorial Hospital.

ART. 48. To choose one member of the Trustees of Mayo Memorial Hospital.

ART. 49. To see what sum of money the Town will vote to raise and appropriate for the Support of Poor.

ART. 50. To see if the Town will vote to raise and appropriate a sum of money for Memorial Day, and the decorating of Soldiers' graves.

ART. 51. To see what sum of money the Town will vote to raise and appropriate for band concerts and other music.

ART. 52. To see if the Town will authorize the Selectmen to appoint a Superintendent of Burials, whose duty it shall be to supervise the care of all of the public burying grounds in Dover-Foxcroft, and to take charge of all burials therein, and raise and appropriate money for same.

ART. 53. To see what sum of money the Town will vote to raise and appropriate for the care of cemeteries.

ART. 54. To see how much money the Town will raise and appropriate for the repair of fences around burying grounds in which war veterans are buried; for the repair of graves, headstones, monuments and markers designating the burial place of such war veterans; and for keeping the grass on such graves suitably cut and trimmed during the summer season.

ART. 55. To see what sum of money the town will vote to raise and appropriate for Boys' and Girls' Agricultural clubs within the town.

ART. 56. To see what sum of money the Town will vote to raise and appropriate for the support of the Thompson Free Library.

ART. 57. To see what sum of money the Town will vote to raise and appropriate for abatements.

ART. 58. To see what sum of money the Town will vote to raise and appropriate for advertising our

natural resources and attractions under the provisions of Chapter 5, Section 82, of the Revised Statutes of 1930, said sum to be expended under the direction of the Town Club of Dover-Foxcroft.

ART. 59. To see if the Town will vote to raise and appropriate the sum of three thousand dollars (\$3,000.-00) to pay on bond issue of 1934.

ART. 60. To see if the Town will vote to raise and appropriate the sum of three hundred and fifteen dollars (\$315.00) to pay interest on bonds for the ensuing year.

ART. 61. To see if the Town will vote to authorize the Selectmen and Town Treasurer to make a temporary loan not exceeding thirty-five thousand dollars (\$35,000.00) in anticipation of taxes.

ART. 62. To see what sum of money the Town will vote to raise and appropriate for interest on temporary loans.

ART. 63. To see what sum of money the Town will vote to raise and appropriate for carrying out the Civilian Defense Program.

ART. 64. To see what sum of money the Town will vote to raise and appropriate for repairs on Fair Ground property.

ART. 65. To see if the Town will vote to authorize the Selectmen in behalf of the Town to sell and dispose of any real estate acquired by the Town for non-payment of taxes thereon, on such terms as they deem advisable, and execute quit claim deeds for such property.

ART. 66. To see if the Town will adopt the following ordinance:

Sec. 1. No person at all under the influence of intoxicating liquor shall be permitted in any public dance hall, or on any public dance hall property, and no per-

son shall bring any intoxicating liquors on the public dance hall property, during the progress of any public dance, within the Town of Dover-Foxcroft.

Sec. 2. Whoever violates any of the provisions hereof shall be punished by a fine of not less than ten dollars or more than fifty dollars, to be recovered by complaint or indictment.

The undersigned, the selectmen of Dover-Foxcroft, will be in session at their office in Central Hall Building, Monday, the ninth day of March, A. D., 1942, at nine o'clock in the forenoon, for the purpose of hearing and deciding upon the applications of persons claiming the right to have their names entered upon the voting list of said town.

Given under our hands at said Dover-Foxcroft this twenty-eighth day of February, A. D. 1942.

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

"Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the Town at its Annual Meeting directs, to make and bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

TOWN MANAGER'S REPORT

To the Board of Selectmen and citizens of
Dover-Foxcroft:

I herewith submit to you my report of town affairs and accomplishments for the year 1942.

Finances

The town debt has been reduced \$3000.00 in the past year, bringing the total outstanding debt down to \$6000.00, which is the remainder of the bond issue of 1934. These bonds fall due at the rate of \$3000.00 each year, so that the last will be paid in 1944.

At the close of the fiscal year February first, 95 per cent of the 1942 taxes had been collected, leaving \$6897.69 uncollected, which was \$706.12 less than last year, and the smallest amount in many years. This splendid condition was made possible by better employment conditions and the cooperation of the tax payers who deserve much credit for their response, which has enabled us to pay the town bills weekly throughout the year. Many of the 1942 taxes which were not paid before the close of the year have been paid since that time, and are indicated by a star in front of the name in the Town Report.

You will notice in the Treasurer's report that there was a cash balance in the treasury of \$13,096.39 at the close of the fiscal year. This provides a working balance with which to finance our operations until the 1943 taxes are assessed. After reading your Town Report carefully, I believe that you will agree with me that our town is in a healthy financial condition.

Charity

The total expense for the support of those dependent on the town during the past year was \$9778.56. of this amount \$2495.25 was paid to the State for Aid To Dependent Children and \$516.19 was paid for State Wards, or children taken by the State and

supported in boarding homes. The amount spent for charity in 1942 was \$4119.27 less than in 1941. This saving was due in part to less medical expense among our charity cases and the granting of Old Age Assistance to several who have become eligible during the past year. All of those who are able to work are now supporting themselves, which also accounts for a part of the saving shown in this department.

CEMETERIES

The money appropriated for the care of cemeteries in general was used for mowing grass, righting stones, repairing roads and general improvements to lots on which there was no provision for perpetual care.

The appropriation of \$300.00 for the care of Soldiers graves, was used exclusively for that purpose in the several cemeteries where soldiers of any war are buried. The work done was mainly cutting bushes from the graves, righting stones, grading graves which had sunken, and repairing fences. It is planned to continue this work along the same lines the coming year.

Highways

Our Highway Department has functioned as efficiently as possible considering the handicap of labor shortage, and the inability to get certain materials and equipment. Although the cost of labor and supervision has increased nearly 30 per cent in the past year, the streets and highways have been kept in a passable condition, and as much permanent work has been done as it was possible to do and keep within the highway appropriation.

It was not possible to get sufficient tar to properly treat all of our village streets and third class highways, but the amount which was allotted to us by the Federal Public Roads Administration was used where it was most essential. Calcium Chloride was used on all streets where tar could not be used. It now appears that the same conditions exist regarding tar for the coming year, so that we contemplate handling that part of the highway program the coming year, the same as we did the past year.

\$1000.00 in Special Resolve money received from the State, was spent on the Range Road, where approximately 700 feet of highway was constructed. \$1108.28 of Third Class Maintenance funds, was used on the Anderson Road for maintenance, and the construction of about 250 feet of Third Class Highway, a continuation of the Third Class Construction of 1941. Because of the decrease in revenue to the State in automobile registrations and gas tax, we have been notified by the State Highway Department that it is improbable that we will receive any money from that source for State Aid and Third Class Highway construction this year.

Two bridges were constructed in 1942. The Dunham Bridge in East Dover, and the bridge over Bog Brook at Sebec Lake, known to the State as Third Bridge. These were built by the State under the Bridge Act which provides that 45 per cent of the cost of bridges built under this plan shall be paid by the Town, and the balance by the State and County. The Town's share of the cost of the two bridges was \$4994.68. The Town's share of the Dunham Bridge was paid for from State Aid funds, it being situated on a State Aid Highway, and the Town's share of the bridge over Bog Brook was paid for from unexpended balances in the Sidewalk, Tar, and Highway appropriations by vote of the town in a special Town Meeting held Sept. 4, 1942, together with Special Resolve money in the amount of \$1250.00. which was granted by the 1941 Legislature for that purpose.

The cost of snow plowing, and snow removal from our streets was considerably larger than in the past several years, due to an increased snowfall, and an increase in the cost of labor, and our snow plowing contract.

Since the beginning of the present World War, many of our young men have joined the Armed Forces. A list of these men, as nearly correct as it was possible to obtain, will be found elsewhere in this Town Report. As you read the names of these young men, many of them now in foreign lands, fighting to safeguard our liberty and happiness, I ask that you join with me

in the sincere wish that each one may safely return to his home in the not too distant future.

I believe that a part of the functions of a well managed Municipality is to provide services which are essential to the safety, health and happiness of its citizens. I will therefore welcome any constructive suggestions, and will give any information concerning town affairs, to any citizen who will call at my office.

In conclusion I wish to thank the Board of Selectmen and other Municipal Officers for their splendid cooperation and valuable assistance given me in planning and conducting the affairs of the town during the past year. I also wish to thank the employees in the Town Office for the valuable assistance which they have rendered, and to all of the employees in the several departments for their loyalty and cooperation which I deeply appreciate. I wish also to thank the Budget Committee who gave so freely of their time, without remuneration, in the interests of the town's financial program, and the citizens of Dover-Foxcroft for their helpful suggestions, and friendly attitude which is a material help to those who are in administrative positions. Please remember your town is a Corporation, in which every citizen is a stockholder, and your Municipal Officers and Town Manager are officers and employees each striving to conduct the business in a manner which is best for all.

Respectfully submitted,

IRVING C. TRUFANT,

Town Manager.

(SEAL OF STATE)

WILLIAM D. HAYES, C. P. A.
State Auditor

HAROLD E. CRAWFORD
Municipal Auditor
CHESTER A. DOUGLAS
Departmental Auditor

Augusta

February 22, 1943

State of Maine
STATE DEPARTMENT OF AUDIT
TO THE INHABITANTS OF THE
TOWN OF DOVER-FOXCROFT

In accordance with the request of your municipal officers, this department represented by F. A. Doble and M. E. Libby, has completed an examination of the accounts of your town officials for the municipal year ended February 1, 1943.

In our opinion, based upon such examination, the accompanying exhibits and schedules fairly present the financial condition of your municipality as of February 1, 1943 and the results of its operations for the period then ended; subject however to a probable shrinkage in the final settlement of unpaid tax accounts and accounts receivable.

The data obtained by us is summarized in the following:

Comments

- Exhibits A Balance Sheet
B Cash Receipts and Disbursements
C 1942 Valuation and Commitment
D Statement of Departmental Operations
E Analysis of Change in Net Surplus
- Schedule 1 Reconciliation of Treasurer's Cash
2 Uncollected Taxes
3 Tax Liens
4 Tax Deeds
5 Sheriff's Deeds
6 Accounts Receivable
7 Notes Receivable
8 Cemetery Trust Funds

9 Bonds Payable

Respectfully submitted,

STATE DEPARTMENT OF AUDIT

Harold E. Crawford

Municipal Auditor.

COMMENTS

CASH

All receipts as recorded were found to have been properly accounted for and deposited in the bank frequently. The summary of same is shown on Exhibit B.

Expenditures were made by check from properly authorized warrants as summarized on Exhibits B and D.

The cash balance was reconciled with the bank statement at the close of the municipal year as per detail Schedule 1.

TAX ACCOUNTS

The 1942 tax commitment was added and found to agree with the Assessors' records. The total commitment was accounted for by cash and authorized abatements, or was still unpaid as shown by Schedule 2.

Payments received and abatements and adjustments made by the Selectmen during the year on prior years' taxes appear to have been credited against the proper balances. Those taxes still remaining unpaid are also shown on Schedule 2.

All payments received on tax liens and deeds, together with adjustments made by the Selectmen, appear to have been applied against the proper items. The liens and deeds on file and remaining unpaid were checked and are listed on Schedules 3, 4 and 5.

The excise taxes were checked from the triplicate copies of the receipts and the amounts specified were found to have been deposited with the Treasurer as shown by Exhibit B. The receipts and disposition of same are as follows:

1942—Receipts 182, to 1, 187	\$4,291.28
1943—Receipts 1A 50A)	423.12
— 15)	
Overpayment by Treasurer	.01

CREDITED TO MISCELLANEOUS ACCOUNT

\$4,714.41

TRUST FUNDS

All pass books covering trust fund investmtns were examined and the detail is shown on Schedule 8. All income had been properly accounted for.

DEPARTMENTAL OPERATIONS

Exhibit D presents in summary form the result of operations from the amounts as appropriated at the last annual town meeting.

Unexpended Balances	\$5,729.02
Overdraft Balances	400.76

NET UNEXPENDED BALANCE \$5,328.26

This gain in operations, together with other additions and deductions as shown on Exhibit E, has increased the Net Surplus account from \$4,620.50 to \$12,366.09 during the year.

GENERAL

A test check was made of paid bills and payrolls and as far as our examination went, all appeared to be proper charges and correctly recorded.

The dog licenses issued by the Town Clerk were checked and the amount of \$375.30 was collected and paid to the State Treasurer.

With the exception of cash and trust funds, no external verification was made of your asset or liability accounts.

Superintendent.

REPORT OF COUNTY NURSE

The following is the annual report of the Piscataquis County Nursing Service rendered for the period of January 1, 1942 to December 31, 1942, for the town of Dover-Foxcroft.

Emphasis has been placed on the health of the child of school age and Tuberculosis prevention.

School Health

Assistance of the nurse was given Dr. Noel in making annual health examination:

Number of pupils inspected	776
" " " with defective vision	22
" " " with defective hearing (audiometer)	61
" " " with defective teeth (grades only)	200
" " " with defective throat	213
" " " with defective glands	102
" " " cardiac defects	18
" " " defective speech	3
" " " defective skin condition	20
" " " inspected for skin eruption	300
" " " showing malnutrition	26

Number pupils showing interest in athletic activities receiving examination at the Academy	32
--	----

Number students with activity restricted	4
--	---

The students at the Academy are receiving a more thorough examination of the heart and lungs. Each teacher is present as his or her pupils are examined in order that he or she might be told about any corrective measures which should be used.

Immunization

Number vaccinated against smallpox	322
Number receiving typhoid inoculations	643

Tuberculosis Prevention

Number given tuberculin tests	11
An X-Ray clinic was held in September	
Number X-Rayed at Dover-Foxcroft	31

Number X-Rayed at Fairfield 3

Number X-Rayed at Newport clinic 3

Transportation was furnished to Fairfield and Newport by the Nurse.

To interest the citizens in knowing more about preventing tuberculosis the Early Diagnosis Campaign was emphasized in April. Posters and pamphlets were made available to all individuals and organizations. A new film "A Cloud in the Sky" was shown at the Academy. Dr. Noel gave a very interesting talk on the Early Diagnosis Campaign with emphasis on high school age. He also showed a number of X-Ray films from the viewing box and explained how the lung looks when there is evidence of active tuberculosis.

The nurse has made 46 visits of investigation to homes or in follow-up of school children.

Unclassified Activities

Meetings attended 10; Office Interviews 18; School children taken for refraction of vision, 3; School children taken to doctor's office, 3.

Bangor Clinic

Mental Hygiene clinic, numbering attending was 3. Transportation was furnished by the nurse.

Assistance is given to the Crippled Children's program in providing a place in the office for the Exercise Clinic in follow-up of these patients and in urging attendance at Clinic. Thirteen crippled children have received visits.

One day was spent at the Piscataquis Valley Fair.

Sixteen submitted to tonsil and adenoid operations. This clinic was sponsored by the Percolator Club. The Club also purchased several pairs of glasses for needy children. This Club makes a real contribution to the school health program.

It is hoped some provision can be made for a much needed dental clinic.

Appreciation is extended to all who have helped to make this Service possible.

Respectfully submitted,

NELLIE R. GIBBONS, R. N.

Piscataquis County Nursing Service,

By: NELLIE R. GIBBONS, R. N.,

Public Health Nurse.

REPORT OF THE PUBLIC HEALTH NURSE—1942

DOVER-FOXCROFT

War means longer, harder work. It means also greater strain and weariness. In wartime health is more than ever a national asset—illness of a liability. The public health nurse did her part for better health of the community by making home visits to stress the importance and general principles of prenatal and post-partum care for the mothers and the need of health supervision for the infant and preschool child, including medical and dental care, immunization and guidance in nutrition and mental hygiene.

Two well attended Child Health Conferences were held in August, sponsored by the Farm Bureau in co-operation with the State Bureau of Health. A local physician gave examinations with recommendations. Immunization against smallpox and diphtheria was offered with many availing themselves to this opportunity. The members of a local Home Nursing Class assisted at the conference and contacted the mothers before the conference making the attendance larger. The County Demonstration Agent gave individual help in better nutrition. A State Hygienist gave mouth health examinations with recommendations for corrective work.

A similar conference was held in East Dover with six infants and preschool children being examined.

During the past year, through the co-operation of the State Bureau of Health the several local graduate nurses, many home nursing courses were taught in town and rural Dover-Foxcroft.

Some attempt has been made to form a local health committee to help in giving a more adequate public health service to the community. In many towns of Maine, Health Committees have been formed with their aims and objectives being:

- A. To survey the health needs of the community.
- B. To suggest health programs to meet those needs.
- C. To advise with the State P. H. N. in regard to constructive health programs, corrective

clinics, protective measures, etc.

- D. Increase the nurse's service by saving her time and carrying work that should be assumed by Health Committees.
- E. To remain as a representative body to bring into the community speakers and services from the Central Office and elsewhere to augment and guide the local thinking and health practices.

Many mothers have availed themselves of the opportunity of taking their children to the Pediatric Clinic held at the Eastern Maine General Hospital in Bangor and sponsored by the State Bureau of Health.

Crippled Children follow-up work has been done in the town and with the co-operation of the Pine Tree Crippled Children Society many children were able to attend the Crippled Children's Clinic in Waterville.

An added responsibility taken over by the Public Health Nurse this year was that of Social Hygiene, the nurse making home visits on Venereal Disease cases when referred by a doctor.

MISS GRACE HUNT,

Public Health Nurse.

THOMPSON FREE LIBRARY

The circulation for 1942 has still continued to fall off, in line with reports from other libraries throughout the state and country. The contributing causes are mostly the fact that so many of our readers are in the armed forces and the hours of those working in our mills do not allow for time for much reading. Through the generosity of our citizens six boxes of desirable books have been contributed to the Victory Book Company and two more are to be sent shortly.

Miss Helen G. Williams completed her work as assistant Librarian Oct. 1st and Miss Charlotte Jennison is filling the position very acceptably.

REPORT OF NIGHT OFFICER FOR 1942

Doors of business places tried each night	196
Doors found unlocked and cared for	212
Calls on Siren	17
Vagrants taken to lodging	22
Lights reported out	76
Called to investigate motor accidents	10
Called to look after disturbances	16
Aid in making arrests	15

Respectfully submitted,

H. E. TURNER, Night Officer.

REPORT OF SUPERINTENDENT OF SCHOOLS**To the Superintending School Committee:**

I present herewith my second annual report as Superintendent of the Public Schools of Dover-Foxcroft.

The year has been a very challenging one to the schools and to their personnel. However, I feel that the challenge has been and is being met with a desire by all concerned, to do their best for the good of the boys and girls.

The present War effort has brought added responsibilities, as well as increased opportunities, to pupils, teachers, and school administrators, for school and community service. There are some things which we must give up to make the War effort more effective; likewise there are other things which we must retain and strengthen if the War sacrifices are to be justified. We must retain and strengthen, with certain necessary adjustments, our public school program. To fail here, would cost bitterly and tend to defeat our high hopes for tomorrow.

The many projects carried through so successfully, have attested the patriotism, adaptability, and efficiency of our teachers and pupils in the present crisis. My plea for our boys and girls is that we continue to carry out the same fine program that now exists, and which is so vitally needed both for the present and future.

If we wish to continue such a program, we must do all within our reasonable power to keep the teacher turn-over in our classrooms at a minimum. In order to do this, I am sure the citizens of Dover-Foxcroft can see the need for increasing the salaries of the teachers to a level which will make it possible for them to meet the high living scale.

Citizens of Dover-Foxcroft do not need to have arguments presented on the need for maintaining their educational standards, except in the most desperate emergencies. Our children do not inherit the qualities of good citizenship which are basic in a democracy—each generation must learn democratic principles

through experiences in the school, home, and in community life. These are best learned throughout childhood and youth, and it is the kind of training that cannot be delayed until after the War.

With these thoughts in mind, I am sure the citizens of this community will see that the teacher salary level be made to compare favorably with other communities, so that we can maintain our high grade of education.

Sick Leave

A plan of sick leave is being presented to the Town Budget Committee and other citizens this year which, if adopted, will prove to be of far-reaching benefit to our whole school program. At the present time, due to no sick leave, our teachers often feel obliged to carry on their duties when they should be home. It is harmful to the health of the teacher, her colleagues, and the pupils, when she feels obliged to work under these conditions.

It is recommended that a non-cumulative five-day sick leave be adopted beginning with the present municipal year. Under such a plan, if all teachers were to take the five-day sick leave and substitutes hired to take their places, the total cost to the town would be \$432.00. Records prove that it is very unlikely all the allotted days would be used, therefore it would be safe to estimate a very substantial balance in this account at the end of fiscal year. Such balance could be carried forward to the next year, and if the plan seemed to be successful, might be made a cumulative sick-leave program sometime in the future. I sincerely hope the Budget Committee will give this plan very careful consideration for the good of our whole school system.

Foxcroft Academy

It was with a feeling of regret that the services of Mr. Clair Wood, Principal of Foxcroft Academy since 1939, were lost to the school system, when he resigned to accept the principalship of Waterville High School. Mr. Wood is a conscientious school man, well trained in his profession, and while here brought about many

worthwhile improvements in the Academy.

During the last year, each member of the Foxcroft Academy faculty, with the exception of Miss Hilliard, who came to us in January, resigned. With one exception, these resignations were presented in order that the teacher in question might accept a teaching position at a higher salary, or to enter industry. Space does not permit mentioning individually the names of all teachers who left the Academy last year, but they were well known as members of the community, and always worked wholeheartedly for the good of the Academy and Town.

The Academy was indeed most fortunate in securing the services of Mr. Theodore P. Blaich of Cleveland, Ohio, as the new principal. Mr. Blaich, who holds a Bachelor's Degree from the University of Michigan, and a Master's Degree from Western Reserve, with fifteen years experience in the Cleveland schools, has stepped into his position in a very satisfactory manner, and with his many new teachers, has a smoothly operating school. As was stated concerning the teachers who left, it is impossible in this report to mention the names of all new teachers at the Academy. I do wish to say, however, that they came to us with the highest of recommendations and quickly and efficiently adjusted themselves to the needs of the school and community. Mr. Blaich has a report in this book on the work of the Academy during the past year and I commend it to your attention.

Elementary Schools

The elementary schools of Dover-Foxcroft have been maintained for thirty-six weeks, closing the municipal year February 1st, 1943. The following persons have been engaged in the work of these schools during the present school year.

1942—1943

Dover-Foxcroft Elementary Teachers

Teacher	Position	Years	Expt.	Salary
GRAMMAR SCHOOL:				
Russell W. Perry	Prin. & Grs. 7-8	7		\$1,200.00
Harriette E. Crockett	Dean of Girls & Grs. 7-8	34		936.00
Harold O. Doe	Grs. 7-8	8		828.00
Bernice W. Sterling	Grs. 7-8	23		900.00
Effie D. Bolton	Gr. 6	18		900.00
PLEASANT ST. SCHOOL:				
Ava E. Goff	Prin. & Gr. 5	29		936.00
Margaret Mersereau	Gr. 4	3		720.00
Helen Pratt	Gr. 3	15		900.00
Ola F. Blood	Gr. 2	23		900.00
Corinne Johnson	Gr. 1	12		828.00
Marion Doore	Gr. Sub.	9		828.00
NORTH ST. SCHOOL:				
Harriette H. Crockett	Prin. Gr. 6	27		936.00
Mildred C. Hewett	Gr. 5	18		900.00
Marion G. Rollins	Gr. 4	23		900.00
Mildred Pratt	Gr. 3	19		900.00
Martha Green	Gr. 2	2		720.00
Louise MacFadyen	Gr. 1	14		900.00
Dorothy Greenlaw	Gr. Sub.	19		900.00
Doris Hathorn	Extra Room & V	24		850.00
RURAL TEACHERS:				
Mary Orborne	East Dover S-4	1		756.00
Nellie C. Downs	East Dover 5-8	30		828.00
Harriett N. Ladd	South Dover	16		720.00
Veronica Fitzgerald	Music Supervisor	0		950.00
Ruth P. Twitchell	Sec. to Superintenden.	8		625.00
Dr. G. F. Noel	School Physician			150.00
JANITORS:				
Henry Pearl (52 wks)	Grammar & Pleasant St. Schools			\$1,435.72
Arthur Crockett (38 wks)	North Street School			670.00
Stanley Downs (40 wks)	East Dover School			240.00
Floyd Stevens (36 wks)	(Pupil) South Dover School			36.00

There have been a few changes in the teaching staff of the elementary school. Mr. Lewis Scott, teacher of English and Music in Grades 7-8, was granted a leave of absence due to his expected induction into the armed forces. Mr. Scott had successfully completed one year as a teacher in our school system. Mr. Harold Doe of Bangor was engaged to take the place of Mr. Scott as teacher of English and Music in Grades 7-8. Mr. Doe was graduated from the University of Maine with a major in English and has had eight years experience in teaching, the last three of which were as Principal of Garland Grammar School, Garland, Maine.

Mrs. Dorothy Packard Clark resigned to accept a position as teacher in the Milo schools. Mrs. Clark served very efficiently for a number of years as teacher of Grade 2 at the North Street School. Miss Martha Green was transferred from the sub-primary at Pleasant Street School to the second grade vacated by Mrs. Clark.

Miss Alice Austin resigned as teacher of grade 4 at Pleasant Street School to accept a position in the schools of Bath, Maine. Miss Austin carried on very fine work for ten years, as a teacher in our schools. Miss Margaret Mersereau of Brownville Junction was secured to fill the vacancy created by Miss Austin. She is a graduate of Farmington State Normal School and has had three years teaching experience.

Miss Marion Doore was transferred as teacher of the sub-primary-4 grades at East Dover, to the sub-primary room at the Pleasant Street School vacated by Miss Martha Green.

At the end of the first week of school last Fall, it was deemed wise to close the Bear Hill School, and Miss Mary Osborne, teacher, was transferred to the East Dover School, Sub-Primary-4 to fill the vacancy created by Miss Doore's transfer to the Pleasant Street School.

The enrollment of the Bear Hill School during the first week consisted of 12 girls and 1 boy; due to this condition and the comparatively small classes at the

Pleasant Street School, arrangements were made to have the children conveyed into town. This has made it more efficient from an educational standpoint, and has meant a considerable saving financially.

Conveyance

An extensive study was given the whole conveyance problem during the summer of 1942, which brought about a few changes—namely Fernald Whitman, who has for the past number of years conducted his own conveyance on the Guilford and Foxcroft Center Routes, being engaged to drive the school bus. This bus conveys children from the Macomber Corner district on the Dexter Road and during the early part of the year, conveyed the Guilford Road pupils. Mr. Whitman's salary per week is \$20.00.

Mr. Fred Pinkerton conveyed during the early part of the year, the children from the Pinkerton Road. A study of conditions, followed by an agreeable understanding with Mr. Pinkerton, made it more economical to eliminate the Pinkerton bus and send the school bus for the children on that road.

At the same time, arrangements were made with Mr. Steadman to convey his daughter, the only elementary pupil on the Guilford Road, to and from school, commencing October 19th, at a salary of \$2.00 per week.

Mrs. Roy Lyford still maintains the route above her home and also the Foxcroft Center Route, previously held by Mr. Whitman, at a salary of \$25.00 per week.

Mr. Clyde Judkins has the Dover South Mills route as of last year, and in addition has the Bangor Road route previously handled by the school bus. Mr. Judkins' weekly salary is also \$25.00.

Mr. Charles Davis continues to have the Norton Hill route as of last year, conveying pupils from that district to the South Dover School, at a salary of \$12.00 per week.

Mr. Ira Doore is continuing with the route he has had for a number of years conveying pupils to the East Dover School, at a salary of \$13.00 per week.

The above explained changes have eliminated two

conveyances and have brought about a wider use of the others. Due to O.D.T. regulations, it may be necessary to decrease the mileage of some of the conveyances, but the present system will be maintained as long as it is patriotically possible.

Public School Music

Miss Veronica Fitzgerald of North Andover, Massachusetts, began her duties as Music Supervisor in September, filling the vacancy created by the resignation of Miss Dorothy Dolan. Miss Fitzgerald received her degree from Lowell State Teachers' College in 1942. She has ably taken over the work as a supervisor in our schools, and is carrying out a very satisfactory program in music. For various reasons, there has been an unusual turn-over in this department during the past several years, which has not been for the good of the boys and girls. It takes at least one year for a Supervisor who has a heavy schedule, to become acquainted with the many pupils under her supervision. When the music supervisor leaves at the end of her first year of service, it means that the pupils have to go through the same adjustment period again the following year, with a new supervisor. I sincerely hope this department will gradually return to a more stable basis, as was the case a few years ago. In looking ahead to plans for future development in this field, I recommend that it sometime be made possible for the music supervisor to devote all her efforts to the elementary schools, and include in her territory, the schools of Sebec and Atkinson. In conjunction with such a plan, I would further recommend that one of the regular Academy teachers with special training, carry on the musical activities at the Academy, which are at present in charge of the music supervisor. A report of the Supervisor of Music will be found elsewhere in this book, and I commend it to your attention.

Physical Education

Mr. Nathaniel Crowley of Winthrop, Massachusetts, a graduate of the University of Maine in 1942, was secured to fill the vacancy created by the resignation of Mr. Ernest Scribner. Mr. Crowley came to us.

with the highest of recommendations. The work of the Physical Education Director consists of the teaching of all physical education classes in the Academy and the supervision of the program in the grade schools. As in the case of music, it takes one year for a person to become adjusted to such a busy schedule. However, the work has progressed very satisfactorily and we feel sure the program will continue to be of more and more value to the health of our pupils. An out-of-door physical education exhibit to take place in the late Spring, is being planned, in which all pupils will participate.

Secretary to Superintendent of Schools

For the past number of years, Miss Madelyn Ballard has served as clerk at the Academy until 2:30 each day, and has then taken over the secretarial work at the Superintendent's office.

The War effort has brought about increased clerical demands and it was felt that there was a need for a full time secretary in each office. Beginning July 1st, Miss Ballard assumed her duties as secretary to the Principal of Foxcroft Academy, and in late August, Mrs. Ruth Twitchell started her duties as secretary to the Superintendent of Schools.

This new arrangement is working out very satisfactorily and it is only natural that a greater efficiency exists in each office. The towns of Atkinson, Sebec and Bowerbank help to defray the expense of the secretary's salary in the Superintendent's Office.

School Physician and County Nurse

The work of Mrs. Gibbons, County Nurse and Dr. Noel, School Physician, continues to be very satisfactory. Through their efforts, and those of Dr. Stanhope and other doctors and officials of the community, a very satisfactory immunization program was carried out in the schools last spring.

Also due to the efficiency of the work of Mrs. Gibbons and Dr. Noel, and to the cooperation of the teachers, pupils, parents, and health officer, it has been possible to keep several epidemics quite well under control. This health service is one of the most

valuable in our school program, and I hope that some day, for the good of the boys and girls of Dover-Foxcroft, it will be possible to adopt the plan as recommended by me in the 1941-42 Annual Report. The reports of the County Nurse and School Physician will be found elsewhere in this book.

School Lunch Program

Through the continued support of various organizations and individuals, given recognition in my last report, and that of the volunteer helpers, the school lunch program continues to be very successful and has gained State wide recognition. There are approximately 190 pupils at the present time benefiting from this project. From January 28, 1942, when the first meal was served, to December 18, 1942, there were served 16,803 meals. All WPA assistance ceased on January 26th, but it is my sincere hope that it will be possible for the program to continue for the remainder of school year.

Penny Milk Program

Through the cooperation of our local milk dealers and the Agricultural Marketing Administration, the penny milk program has been inaugurated in the schools of Dover-Foxcroft. At the cost of one cent per day per pupil, all of the children in our schools are benefiting by receiving this half pint bottle of milk daily. Milk is usually served during the middle of the forenoon, and has already proven itself as a health benefit.

War Efforts

I wish to take this opportunity to compliment and thank the teachers and pupils for their splendid spirit of cooperation in the Salvage campaign conducted last Fall. Through their efforts nearly \$600 was obtained, which has been forwarded to the Kiwanis Club to be used for the school lunch program. I wish also to compliment the schools on the sale of stamps and bonds which is so successfully carried out each week.

Curriculum and Textbook Study

I feel that our schools have made sound education-

al progress during the past year. In keeping with the emphasis upon the health program of schools in general, a new textbook has been added in Dover-Foxcroft, known as the Health and Growth Series. This series is available from Grade 1-8 inclusive and during the past year the books have been placed in all fifth and sixth grades, and in one fourth grade room. It is expected that all rooms will be equipped with the new books in the very near future.

Following a series of teachers' meetings, there have been five teacher-committees formed for the purpose of studying our courses of study and textbooks now in use. The purpose of such a study is not to criticize the present and recommend a lot of new books, but it is felt to be sound educational practice to make such a survey every five or six years. Undoubtedly a few changes will be recommended to the school committee at the completion of the study.

Repairs

As in past years, Mr. Henry Pearl was in charge of the repair program last summer. Due to labor and material shortages, it was decided that no large projects such as outside paint jobs would be undertaken. We do feel however, that the repair money was wisely spent in carrying out a thorough cleaning job of walls and ceilings in all school rooms. One classroom was newly decorated and many other minor repairs completed. Existing conditions will necessarily govern the amount of repair work to be undertaken next summer. It is hoped that the Pleasant Street School can be painted, that several classrooms can be re-decorated and that the usual cleaning program may continue.

New Equipment

During the past summer, a very satisfactory beginning was made toward the improvement of classroom lighting. A complete new set of fixtures were installed at the East Dover School. The sub-primary and first grade rooms at the Pleasant Street School were wired and lights installed. Flourescent lights were used in the first grade room and have proven to be a very

fine light for classroom purposes. It is hoped that a gradual improvement may be made each year in our classroom lighting system.

A beginning was also made last summer in the purchase of new desks for the schools. Ten up-to-date desk and seat combinations were placed in the sub-primary room at the Pleasant Street School. It will take quite a number of years to complete this improvement, but it should receive gradual attention. Each year's improvement in this manner will pay dividends in better health and posture.

Also during the past summer stokers were installed at the North Street and East Dover Schools. The money for the North Street stoker was recommended and approved in last year's budget, and the East Dover stoker was a gift to the school department by Mr. Harold Hayes. With the exception of minor difficulties and adjustments, both stokers are proving to be very satisfactory.

Another long felt need in each of the three large schools in town was accomplished during the summer, when a classroom electric clock was installed in the home room of the Principal in each of the schools.

The Superintending School Committee presents the following budget for 1943-44:

Common Schools	\$26,800.00
Int. on School Fund	156.14
C. S. Textbooks	1,300.00
C. S. Supplies	1,600.00
Lights, tel., water	650.00
Supt. of Schools	1,500.00
School Physician	200.00
School Committee	105.00
Insurance	750.00
Repairs	1,600.00
	<hr/>
	\$34,661.14

I wish to take this opportunity to give special thanks to the teachers and other citizens who have given so untiringly of their time and energy in assisting with the various phases of the rationing program. More

and more of this work continues to come to the schools, and the success we make of it depends upon the continued cooperation thus far manifested.

In closing, I wish to express my sincere thanks to the citizens of Dover-Foxcroft for the interest they have shown in the work of our schools; also my thanks to the teachers and pupils for their friendly and helpful cooperation, and to you, the members of the Superintending School Committee, for your ever willing cooperation and support.

Respectfully submitted,

C. EVERETT PAGE, JR.,

Superintendent of Schools.

REPORT OF SCHOOL PHYSICIAN

To C. Everett Page, Jr., Supt. of Schools:

Herewith is submitted the report of the school physician for the current year.

The children were examined at the opening of the school year for itch, impetigo, etc. by Mrs. Gibbons, the school nurse, and myself. It was very satisfactory to find only a few scattered cases of these conditions. Eliminating these cases at once kept the number down for the entire year.

The routine examinations of both the town and rural schools have been done. Tuesday mornings were given over to these examinations. By doing this we were able to be in the schools every week during the year, which enabled us to make a weekly check-up on the children.

The attendance record was affected again this year by an epidemic of whooping cough. I believe that through the untiring effort of our teachers this epidemic has been kept down to a minimum.

I wish to thank the School Board, Mrs. Gibbons, and yourself for the splendid cooperation in making this an outstanding year in the health of our school children.

Respectfully submitted,

GEO. FREDERICK NOEL, D. O.

REPORT OF THE MUSIC SUPERVISOR

To C. Everett Page, Jr., Supt. of Schools:

I herewith submit my first annual report as the Supervisor of Music in the Public Schools of Dover-Foxcroft and Foxcroft Academy.

The Academy Band which replaced the Academy Orchestra a few years ago, is smaller in numbers this year due to the graduating of at least six of its former members and there has been no one to replace them. However, band has been carried on and made its first appearance Friday, Dec. 4, 1942. This was for the Senior play held in Central Hall.

A Girls' Choir has been established in the Academy. Interest in music and the desire to sing were the only two requirements necessary. It takes at least four months to train inexperienced people to sing together and so their first appearance was not until December the 16th, at which time they presented a program for the Congregational Guild. At present they are working on a program to be given in the late spring.

Last year the Chorus assembled in Central Hall with any pupil attending who chose to elect Chorus rather than a study hall. The same plan was carried out this year. However, since January it has seemed advisable to cut the Chorus down and consequently eliminate many people who were uninterested in working during the music period. Room 11 is being used now and is proving to be a more successful venture. Much time, formerly wasted walking to and from the Hall may be used in a more beneficial way.

It is hoped that by raising the requirements of Chorus and offering the students more than just a period of singing, a higher standard of music can be obtained.

Plans had been made for the presentation of an operetta in the Grammar School. Due to unforeseen circumstances the operetta was temporarily cancelled and no further plans have been made.

December the 18th the upper grades of both the

North Street and the Pleasant Street Schools presented programs with a Christmas theme interwoven with music, and a short play, The Story of Silent Night, was included in the program. The North Street School is working on a patriotic program to be given in the spring as an assembly for the school at large.

The Bear Hill rural school was closed this year, leaving East and South Dover the only two rural schools to be supervised. Both of these schools presented Christmas programs.

Rhythm Orchestras have been started in the kindergarten, also music reading in the first grades, where previously it was begun in the second, and a music appreciation program carried on in all the grades in conjunction with the regular theory work.

This is my first year in the teaching field and in the six months I have learned many things to help me improve my teaching technique. Much of my progress is due to the fact that the Superintendent, Mr. Page, Principal of Foxcroft Academy, Mr. Blaich, and all the teachers with whom I am working have smoothed the way with constructive criticisms, excellent cooperation and kindness. May I express my sincere thanks to each of them.

Respectfully submitted,

VERONICA FITZGERALD,

Supervisor of Music.

ANNUAL REPORT OF FOXCROFT ACADEMY

FEB. 1, 1943

To the Joint Board of Foxcroft Academy:

At this time, I submit my first annual report as Principal of Foxcroft Academy.

School opened for the fall semester on Tuesday, September 8th, with enrollment of pupils as follows:

Class	Boys	Girls	Total
Seniors	22	20	42
Juniors	23	17	40
Sophomores	30	32	62
Freshmen	22	36	58
Postgraduate	—	1	1
Net total	97	106	203
Left school	9	7	16
Gross total	106	113	219

FACULTY 1942-43

Theo. P. Blaich, B. A., M. A.	Principal
Jean Hilliard, B. A., M. A.	English and French and Dean of Girls
Eleanor F. Lang, B. A.	Latin and English
Louise C. Clark, B. A.	English
Elizabeth Burr, B. A.	History
Mary E. Jules	Commercial Subjects
Frances Chapman, B. A.	Commercial & Economics
Jerald R. Twitchell, B. S.	Sciences
Everett M. Fairbrother, B. S.	Mathematics
Bessie Argus, B. S. (10 wks)	Spanish & Mathematics
Alfred S. Goody, B. A. (27 wks.)	Spanish & Mathematics
Walter Leland	Farm Shop and Forestry
Nathaniel J. Crowley, B. A.	Physical Education
Veronica Fitzgerald, B. S. E.	Music
Madelyn C. Ballard	Secretary to the Principal
Harold C. Campbell	Janitor

THE BUILDING

The building had been completely renovated during the summer by Mr. Campbell, the janitor, and addi-

tional repair work was done by outside help. This additional work included the redecorating and rearranging of the Physics and Chemistry laboratory.

In addition to the above, the Farm Shop class built their own shop on the Academy lot directly behind the Congregational Chapel. This shop is now completed except the electrification of it and is satisfactory from the standpoint of being adequate as a wood shop.

THE SCHOOL PROGRAM

As you all know, we started with a clean slate at the beginning of the year. Only two of last year's faculty were on the roster when school opened in September. We, with the exception of these two, were new, green, and willing to learn. At this point let it be said that the principal of the Academy feels that it will be almost impossible to repay his indebtedness to Supt. C. Everett Page, for his aid and counsel during this early period. In every way possible he aided us and worked with us so that the number of errors made by one who was new in a situation was reduced to a minimum. Let it be known that we are greatly indebted to him.

One of the two experienced teachers, Miss Argus, left us to take employment in Massachusetts in the middle of November. We are indeed fortunate in replacing her with Mr. Alfred S. Goody, who, since that time, has been doing more than an excellent job in teaching all the Spanish classes and some of the mathematics classes at the Academy.

With war in the uppermost part of our minds, we realized that the school too would have to do its share in the work of the civilian army and also that we would have to do something concerning the preparation of youth for the armed forces. As a result there have been changes to take care of these responsibilities.

Pre-flight Aeronautics had been planned as part of the curriculum by our predecessor, Mr. Clair Wood. It was incorporated into the curriculum for the first time in September. The work in this course is closely allied with formal physics, especially in the field of flight and the problems of flight. The class is large and has shown a great deal of interest in this work. The C.

A. A. is developing a test that these pupils will take at the end of the academic year. If they are successful, they will receive a certificate stating the amount and quality of this basic training that will be worth consideration when they are inducted into the armed services of the nation.

Another point being stressed because of the war, is physical fitness. With the necessity of physical stamina and power being emphasized by the army training centers, the schools have all swung in line to do their share in this building program. We, too, have followed this trend and are now having all boys take four periods a week of Physical Education. There is a re-emphasis on calisthenics and the games that are rugged and develop keen competitive spirit are in the forefront.

In our Forestry Course we are emphasizing the farm woodlot side of forestry. We are not trying to develop foresters who would be unable to compete against university graduates when it came to getting a position with the state or federal government. We are trying to instruct a group of boys how to manage and cut on a farm woodlot with some degree of good practice and management. We are teaching them how to keep their woodlots clear of brush, how to cut, when to cut, and what to cut. There is also instruction in the use of various types of wood. These boys are also learning the care of seedlings and how to handle a nursery—so as to give them the fundamentals in reforesting useless pastures and run-down fields. All of the instruction that they are receiving is for practical use in this community.

From the standpoint of education in its most direct form, possibly the Farm Shop has been the outstanding achievement in this particular field. Two weeks after school began in the fall we had nothing in the line of a shop and we had just hired a teacher, Walter Leland, for the course. He had the task of starting a new course that was nothing but a name and had no equipment with which to start. Hence the first project was to build the Farm Shop. The shop is now completed although it is not completely equipped and

it is a credit to the class and to the instructor.

The idea behind the Farm Shop course is practical education in a field of endeavor that is vital to the community in which we live. Farm problems are being solved in this shop—and in the future we hope that it will be the center of maintenance and repair of farm equipment. At present we are building potato trays for the Farm Bureau. It is hoped that in the near future we can expand the activity of the shop to include automotive repair and iron work. Upon completion we hope to have an outstanding example of a farm shop in which the boys will be trained in the basic skills necessary to maintain and repair their own farm equipment.

All of these courses are part of what is known as Pre-Induction training. It has been the concern of both the Federal and State government to have boys enter the mechanized army of today with skills and knowledge of tools and machines. Only two of the Senior boys are not participating in one or more of these courses. Hence, through the basic curriculum of the Academy we are participating in the much needed pre-induction training.

In the commercial field two new subjects have been added to round out the Commercial curriculum, namely, Commercial Law and Secretarial Training. These are taught in the senior year and serve as a liaison between the school and the business world. In correlation to this, our students work afternoons in the various offices of the town so that their classroom studies may be actually experienced in a practical way. In this work the District Health Center, the Farm Bureau, Moosehead Tel. & Tel. Co., and P. E. Ward & Co. have not only cooperated with Miss Jules, head of the department, but have in some instances, hired girls who have proven their ability.

The Academy is stressing the practical and vocational side of education—but do not be misled into believing that this is all that is being stressed. We are attempting to develop mature and complete individuals here at the school. These youngsters leaving the Academy must be able to make a living, to be able to

live a satisfying life as an individual, and also perform their obligations as citizens in the community. As a result, we have a threefold job, and we are doing our best to accomplish this task.

In the academic subjects we have definitely put the pressure on so as to insure mastery and thoroughness in the basic tools of learning. We believe that it is necessary for these youngsters to be able to think—and guide their actions by this thought. Hence the necessity of straight thinking and the realization that sound groundwork is necessary.

We also believe that the students of the Academy should be conscious of the problems of the world in which they live and be alive to the responsibility they have as citizens to aid in the solution of these problems so that they and their children may have a better world in which to live.

We are beginning to stress the arts. All of us know that good music, good books, and lovely surroundings in the home all go to make life more pleasant. In music we are trying to develop a chorus that can not only sing—but get a kick out of singing. We are also beginning to develop appreciation of some of the great music through the use of recordings. This work will not be accomplished overnight. It will be a long process. We are fortunate in having the services of Miss Veronica Fitzgerald in this work. In the field of applied art, Miss Marion Haskell has graciously given her time at no cost to the school, to conduct a small art class.

The Academy is proud of Edward Craine who is now attending Bowdoin College on a State of Maine Scholarship which he received through competition earlier in the year. He has entered Bowdoin after three and one half years of Academy work so that he may get in a full year of collegiate work before his induction time.

Our Cross-country team won the state championship meets at Bates and University of Maine, and then went on to win the National Prep School Championship at Seton Hall in New Jersey. Lloyd Blethen won the individual honor of National High School

Champion by defeating the entire field. This team was coached by Jerald Twitchell

We also won the County championship in football. Although we have had no championship team in basketball this year, we have had a scrappy team that has won its share of the games. In both football and basketball, the coaching was handled by Nathaniel Crowley.

Athletics are in their right place in the curriculum of the Academy; they are being used for the purpose that all such activities were originally introduced into the secondary schools of our nation—to teach boys how to be men in the real sense of the word.

Thus, to all of the Faculty of the Academy, to the Superintendent of schools, and to all the homes and families of Dover-Foxcroft, I express my thanks for helping and cooperating with the work of the Academy. With your continued help and cooperation I am sure that we can progress more rapidly toward that goal of all education—the development of decent men and women who will take their place and perform their obligations in the better world of tomorrow.

Respectfully submitted,

THEO. P. BLAICH, Principal.

REPORT OF THE BUDGET COMMITTEE OF 1943

Dover-Foxcroft, Maine.

February 22, 1943.

To the Voters and Tax Payers of Dover-Foxcroft:

Your Budget Committee this year has given much thought to the general rise in the costs which affect most of the departments of Town Government, as well as to the prospect of lower revenues from Excise and Poll Taxes.

Real Estate must bear the heavy burden and this burden will increase as costs of Town Government Highways, Education and other expenses go up. Most of these rising costs are due to present general conditions and are difficult to control, but any that can be controlled should receive great consideration from those in charge before the expense is incurred.

Our recommendations are made after much discussion and thought from two angles; the providing of sufficient money for the purpose in mind, and the keeping of our Tax Rate at a reasonable figure.

Recommendations of the Budget Committee of . . .**Amounts to be Raised in Town Meeting**

March 8, 1943.

ACCOUNT	RECOMMENDATION

TOWN WARRANT

To Irving C. Trufant, or any Constable of the Town of Dover-Foxcroft, in the County of Piscataquis:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said town, on Monday, the eighth day of March, A. D. 1943, at ten o'clock, Eastern War Time, in the forenoon, then and there to act upon the following articles, viz:

ART. 1 To choose a Moderator to preside at said meeting.

ART. 2. To choose a Town Clerk, fix the compensation, and raise and appropriate money therefor.

ART. 3. To see if the Town will accept the report as printed.

ART. 4. To choose three Selectmen, two to serve for a term of three years, and one for a term of one year, and fill any vacancy in accordance with the provisions of the Town Charter.

ART. 5. To elect a Town Treasurer, fix the compensation, and raise and appropriate money therefor.

ART. 6. To see what sum of money the Town will vote to raise and appropriate for a night Police Officer, and the regulation of traffic.

ART. 7. To see if the Town will vote to elect one member of the Board of Mothers' Aid for three years.

ART. 8. To see how much money the Town will vote to raise and appropriate for Officers' bills and Miscellaneous expenses.

ART. 9. To see how much money the Town will vote to raise and appropriate for General Government.

ART. 10. To see if the Town will vote to purchase bonds for the Treasurer and Tax Collector.

ART. 11. To see if the Town will vote to raise and appropriate the sum of two hundred dollars for the purpose of controlling the White Pine Blister Rust within the limits of the Township. The sum raised to be supplemented with State and Federal funds, dependent of course upon funds made available by cooperating agencies.

ART. 12. To choose a member of the School Committee for three years, and fill any vacancy in accordance with the Town Charter.

ART. 13. To see how much money the Town will vote to raise and appropriate for Common schools.

ART. 14. To see if the Town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

ART. 15. To see how much money the Town will vote to raise and appropriate for Free High Schools.

ART. 16. To see how much money the Town will vote to raise and appropriate for text books for Common Schools.

ART. 17. To see how much money the Town will vote to raise and appropriate for the services of the School Committee.

ART. 18. To see how much money the Town will vote to raise and appropriate for school telephones, lights, and water service.

ART. 19. To see how much money the Town will vote to raise and appropriate for repairs on school-houses.

ART. 20. To see how much money the Town will vote to raise and appropriate for school supplies.

ART. 21. To see how much money the Town will vote to raise and appropriate for the salary of the Superintendent of schools.

ART. 22. To see if the Town will vote to authorize the School Committee to appoint a School Physician in accordance with provisions of R. S. Chapter 19, Section 47, and raise and appropriate money for same.

ART. 23. To see how much money the Town will vote to raise and appropriate for insurance on school buildings.

ART. 24. To see how much money the Town will vote to raise and appropriate for interest on school fund.

ART. 25. To see if the Town will authorize the Superintending School Committee to close the Bear Hill School, (on recommendation of the School Committee.)

ART. 26. To see what sum of money the Town will vote to raise and appropriate for the services of a Public Health Nurse.

ART. 27. To see how much money the Town will vote to raise and appropriate for salaries of the Board of Health, and the recording of Vital Statistics.

ART. 28. To see how much money the Town will vote to raise and appropriate for care of Public Dump.

ART. 29. To see what sum of money the Town will vote to raise and appropriate for sewer maintenance.

ART. 30. To see what sum of money the Town will vote to raise and appropriate for sewer construction.

ART. 31. To see what sum of money the Town will vote to raise and appropriate for the construction and repair of sidewalks.

ART. 32. To see what sum of money the Town will vote to raise and appropriate for the general repairs of highways and bridges.

ART. 33. To see what sum of money the Town will vote to raise and appropriate for State Aid Road Patrol.

ART. 34. To see what sum of money the Town will vote to raise and appropriate for State Aid Road construction (in addition to the amount regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28 of the Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

ART. 35. To see how much money the Town will vote to raise and appropriate for the maintenance of Third Class roads.

ART. 36. To see what sum of money the Town will vote to raise and appropriate for the maintenance of Special Resolve roads.

ART. 37. To see if the Town will vote to discontinue a section of the old road leading to Sebec Lake, starting at a point near residence of Edward Sargent and crossing the land of the said Mr. Sargent and Willis Gilman and ending at a point on the now used Sebec Lake road beyond the residence of Willis Gilman.

ART. 38. To see what sum of money the town will vote to raise and appropriate to treat the Village Streets against dust.

ART. 39. To see what sum of money the Town will vote to raise and appropriate for Street Lighting.

ART. 40. To see what sum of money the Town will vote to raise and appropriate for the support of Mayo Memorial Hospital.

ART. 41. To see what sum of money the Town will vote to raise and appropriate for the Support of Poor.

ART. 42. To see if the Town will vote to raise and appropriate a sum of money for Memorial Day, and the decorating of Soldiers' graves.

ART. 43. To see what sum of money the Town will

vote to raise and appropriate for band concerts and other music.

ART. 44. To see what sum of money the Town will vote to raise and appropriate for the care of cemeteries.

ART. 45. To see how much money the Town will raise and appropriate for the repair of fences around burying grounds in which war veterans are buried; for the repair of graves, headstones, monuments and markers designating the burial place of such war veterans; and for keeping the grass on such graves suitably cut and trimmed during the summer season.

ART. 46. To see what sum of money the town will vote to raise and appropriate for Boys' and Girls' Agricultural clubs within the town.

ART. 47. To see what sum of money the Town will vote to raise and appropriate for the support of the Thompson Free Library.

ART. 48. To see what sum of money the Town will vote to raise and appropriate for abatements.

ART. 49. To see whether or not the Town will vote to raise and appropriate the sum of \$100.00 for advertising our natural resources, advantages and attractions, under the provisions of Chapter 5, Section 82 of the Revised Statutes. Said money to be expended through the State of Maine Publicity Bureau.

ART. 50. To see if the Town will vote to raise and appropriate the sum of three thousand dollars (\$3,000.00) to pay on bond issue of 1934.

ART. 51. To see if the Town will vote to raise and appropriate the sum of two hundred and forty dollars (\$240.00) to pay interest on bonds for the ensuing year.

ART. 52. To see if the Town will vote to authorize the Selectmen and Town Treasurer to make a temporary loan not exceeding thirty-five thousand dollars (\$35,000.00) in anticipation of taxes.

ART. 53 To see what sum of money the Town will vote to raise and appropriate for interest on temporary loan.

ART. 54. To see what sum of money the Town will vote to raise and appropriate for carrying out the Civilian Defense program.

ART. 55. To see what sum of money the Town will vote to raise and appropriate for repairs on Fair Grounds property.

ART. 56. To see if the Town will vote to authorize the Selectmen in behalf of the Town to sell and dispose of any real estate acquired by the Town for non-payment of taxes thereon, on such terms as they deem advisable, and execute quit-claim deeds for such property.

ART. 57. To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) for the repair of the Norton Hill Road, from the residence of Stanley W. Merrill, to the residence of John Vulner, the same to be spent under the direction of the Selectmen.

The undersigned, the Selectmen of Dover-Foxcroft, will be in session at their office in Central Hall Building, Monday, the eighth day of March, A. D., 1943, at nine o'clock, Eastern War Time, in the forenoon, for the purpose of hearing and deciding upon the applications of persons claiming the right to have their names entered upon the voting list of said Town.

Given under our hands at said Dover-Foxcroft this twenty-seventh day of February, A. D., 1943.

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

“Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

TOWN MANAGER'S REPORT

**To the Board of Selectmen and citizens of
Dover-Foxcroft:**

February first 1944 brought to a close another fiscal year in the operating of our town. We are still at war, and governed in our operations by wartime restrictions. In comparing the list of Servicemen which is printed elsewhere in this Town Report, with the population of Dover-Foxcroft, we find that nine and six tenths per cent (9.6%) of the entire population of the town are now serving in the Armed Forces. This is a record of which we may all be justly proud. Operating conditions relative to activities which are influenced by wartime conditions remain about the same as they were a year ago. The labor shortage and increased wages make it difficult to operate the several Town Departments efficiently with the amount of money that can be appropriated without increasing the tax rate.

Finances

The Town debt was reduced \$3000.00 in 1943. This was accomplished by paying that amount of the bond issue of 1934 which matured June first. The remaining \$3000.00 which will mature June first 1944, will be paid at that time leaving the Town free from debt. 97 per cent of the 1943 tax commitment was collected before the books closed February first, and several have been paid since that time. These are marked with a star (*) in the list of unpaid taxes. The Treasurer's Report shows a cash balance of \$25,951.39. This furnishes a working capital with which to pay current bills weekly until the 1944 taxes are assessed. The practice of paying all town bills weekly has been carried out for the past several years. A complete statement of the financial condition of the town will be found in the Auditor's Report.

Highways

No money was available from the State for Third Class and State Aid highway construction in 1943, so that the only highway construction this year was

on the Norton Hill Road where the five hundred dollar special appropriation made at the last annual Town Meeting was spent. Due to the continued drop in revenue to the State from automobile registrations, it is not probable that any money will be allocated for Third Class or State Aid highway construction in 1944. There is however \$1100.00 in Special Resolve money granted by the last Legislature, available the coming year for construction work on the Range Road, as a continuation of the work already done there. This work will be done the coming summer if labor and the necessary equipment are available.

In closing I wish to thank the Board of Selectmen and all other Municipal Officers for the splendid support that they have given me in the past year. I wish also to express at this time my appreciation to the employes of the Town Office, and all other town employes in all departments, for the valuable assistance which they have so faithfully rendered, also the Budget Committee for their valuable service to the town in the very important work of making the financial recommendations. I am also grateful to the citizens of Dover-Foxcroft for their friendly suggestions which are always welcomed by those who are in Administrative positions. Without the cooperation of all of the Officials and citizens it would not have been possible to have had the successful year that we have had.

Respectfully submitted,

IRVING C. TRUFANT,

Town Manager.

State of Maine
STATE DEPARTMENT OF AUDIT
Augusta

February 18, 1944.

TO THE INHABITANTS OF THE
TOWN OF DOVER-FOXCROFT:

In accordance with the request of your municipal officers, this department, represented by M. E. Libby and A. L. Gould, has completed an examination of the accounts of your town officers for the municipal year ended February 1, 1944.

In our opinion, based upon such examination, the accompanying exhibits and schedules fairly present the financial condition of your municipality as of February 1, 1944 and the results of its operations for the municipal year then ended.

The data obtained by us is summarized in the following:

	Comments
Exhibit A	Balance Sheet
B	Cash Receipts and Disbursements
C	1943 Valuation, Tax Assessment and Collection
D	Statement of Departmental Operations
E	Analysis of Change in Net Surplus
Schedule 1	Reconciliation of Treasurer's Cash Balance
2	Summary of Taxes
3	Summary of Tax Liens with Supporting Detail
4	Summary of Tax Deeds with Supporting Detail
5	Summary of Sheriff's Deeds with Supporting Detail
6	Accounts Receivable
7	Note Receivable
8	Cemetery Trust Funds
9	Bond Payable

Respectfully submitted,

State Department of Audit
HAROLD E. CRAWFORD,
Municipal Auditor.

COMMENTS

CASH

All receipts as recorded were found to have been properly accounted for and cash for same deposited currently in the bank as per summary on Exhibit B.

Expenditures were made by check from properly authorized warrants, as summarized on Exhibits B and D.

The cash balance reconciled with the bank statement at the close of the municipal year as per detail on Schedule 1. TAXES—PROPERTY AND POLL

The 1943 tax commitment was added and found to agree with the Assessors' records. The total commitment was accounted for by cash to the Treasurer, authorized abatements, or was unpaid as summarized on Schedule 2.

According to the records, payments received and abatements made on prior years' unpaid taxes appeared to have been credited against the proper balances and those still unpaid are also summarized on Schedule 2, with the supporting detail for all years being shown on Schedule 2-a.

Tax liens, deeds and sheriff's deeds on file were checked and those remaining unpaid are summarized and detailed on Schedules 3, 4 and 5.

The cash collection of the current year's taxes was 95.9%; while all taxes collected during 1943, both current and prior, amounted to 102.8%, both as against the current commitment.

EXCISE TAX

The excise tax receipts were checked from the Collector's copies and according to these records, all collections were accounted for and deposited with the Treasurer.

The receipts and disposition of same follows:

1943—Receipts #16-1075 (Exhibit B)	\$3,591.37
Balance brought forward from 1942 Yr. (Exhibit A)	423.12

Total 1943 Receipts	4,014.49
Payments to Water Dist. and refunds (Exhibit B)	251.04

CREDITED TO GENERAL GOVERNMENT	\$3,763.45
--------------------------------	------------

1944—Receipts #1-204 (Exhibit B)	\$ 755.73
----------------------------------	-----------

Carried Forward to 1944 Year (Exhibit A)

ACCOUNTS RECEIVABLE

Settlement has been made since the close of the municipal year with the town of Eagle Lake on a 15% basis representing a loss on this account of \$983.78. Several of the remaining accounts are questionable assets because of their age. For this reason, a reserve has been set up to take care of doubtful items.

TRUST FUNDS

The investment of the trust funds were examined and the income appeared to have been properly accounted for. The detail is shown on Schedule 8.

GENERAL

Our test check of paid bills and payrolls indicated they were proper charges and correctly recorded.

The dog licenses issued by the Town Clerk showed collections in the sum of \$378.90 which amount was paid to the State Treasurer.

A test check was made of the Victory and Withholding Tax deductions from the employees of the town and it appeared that all funds so deducted had been properly handled and deposited or sent to the Collector of Internal Revenue.

With the exception of cash and trust fund investments, no external verification was made of your asset and liability accounts.

Some action should be taken to collect, if possible, from Serviceman the amount due on his note held by the town. We note that the terms of payment are at the rate of \$3.00 weekly and that there has been no change in the amount due from him during the past year.

REPORT OF THE TOWN CLERK VITAL STATISTICS

MARRIAGES

Marriages recorded February 1, 1943 to February 1, 1944:
1943

JANUARY

15 Arthur William Edgerley and Helen Elizabeth Farrar

FEBRUARY

17 Galen Francis Roderick and Eleanor Louise Anderson

28 Elmo Bruce Mays and Patricia Ruth Rowe

MARCH

11 Harold Virgil Blood and Betty Brown

13 Jack Franklin Plummer and Patricia Celestine Ronco

20 Francis Taylor and Eleanor Murrey

21 Marshall Walker Spaulding and Martha Elizabeth
Willard

21 James Edwin Dyer and Doris Eleanor Berce

24 Ernest J. Smith and Gertrude May Young

APRIL

2 Clarence G. Cushman and Inez Sherman Flint

6 John Burton Meisner and Anne Mary Blakeney

27 Harold Linwood Maddocks and Barbara Whalen

MAY

1 Ralph Eugene Woodard, Jr., and Rita Ellen Bates

3 William J. Nicholson and Pauline M. Coffin

10 Clair A. Wiley and Gertrude M. Priest

15 Jack Dixon Walker and Verna Elizabeth McCready

29 Harry Miles Taylor and Hattie May Collins

22 Edmund S. Zande and Edith Fern Drew

22 Kenneth Eugene Kimball and Guida Crofton Leidien

JUNE

7 Clifford Samuel Pratt and Roberta May McKenney

7 John Alfred King, Jr., and Irene Elizabeth Philpot

13 George Albert Davenport and Olive Rosella Seile

JULY

4 William Anso Williams and Eleanor Lavina Murray

10 Archibald Carroll Lyford and Maxine Eleanor Adams

28 Rodney Malcome Hathorne and Madeline Ruth
Turner

AUGUST

10 Justin Arthur Clukey and Dorothy Ellen Foss

SEPTEMBER

4 Raymond Edward Grant and Dorothy Louise Scott
25 John Washington Doore, Jr., and Eliza Pearl Kennedy
25 Arthur G. Martin and Hazel E. Spaulding

OCTOBER

10 William J. Chase, Jr., and Gloria E. Bradeen
20 Allen Leo Cole and Lena May Davis
23 Harry Albert Clark and Arleta Melvina Leathers
23 George Francis Seile and Louise Evelyn Nickerson
30 Michael S. Weymouth and Estelle G. Levesque

NOVEMBER

13 Clyde Orman Dow and Alice Estella Green
15 Charles E. Washburn and Lotta P. Westfall
24 Harry J. Gayne and Dorothy V. Harding

DECEMBER

22 Ernest Gerald Gerry and Marean Priscilla Ronco
31 William A. Bragg, Jr., and Marjorie Esther Gross
1944

JANUARY

8 Glenwood Whittemore and Dora Geraldine Boyce
24 Glen Eugene Roberts and Vada Edith Hall
Total number of marriages—41

BIRTHS

Births recorded February 1, 1943 to February 1, 1944:

REPORT OF COUNTY NURSE

I hereby submit the annual report of health service rendered Dover-Foxcroft for the period beginning January 1 1943 and ending December 31, 1943.

Tuberculosis Prevention

The Von Pirquet tuberculin test was offered in March.

Number tested by Dr. Stanhope with nurse assisting	187
Number reactors	10
Number X-rayed at Fairfield and Dexter	25
Number home follow-up visits by nurse	20

Assistance was given three patients in securing admission to the Sanatorium. Transportation facilities were provided through the nurse, Mrs. E. D. Merrill, and the Motor Corp to Dexter.

As a result of previous casefinding activities and the tuberculin test survey a number of primary type infections as well as contact children of tuberculosis were located. They will need a periodic check-up through the adolescent years. Other open and arrested cases referred by the District Health office for follow-up by the nurse are visited periodically.

The Early Diagnosis Campaign for the Prevention of Tuberculosis was given added emphasis in April through poster display and pamphlets. A special program was provided by Dr. Noel who gave a talk on the importance of the Early Diagnosis Campaign. He also showed X-ray films explaining their significance. The service nurse cooperating with the Health District under Dr. Stanhope assisted with the following immunizations: given in grades Sub. Pri. —1-2.

Diphtheria	55
Typhoid	105

Unclassified Activities

Arrangements were made as a contribution to social hygiene for Dr. McCloskey to speak to the Academy students. A home visit was made with Mr. Page, the Superintendent of Schools, in the interest of the welfare of a family.

Crippled children admitted to Service referred by District Health Office	3
Meetings attended	8
Office interviews	17
School children taken to doctor's office	6
School children taken for refraction of vision	4
Consultations with doctors	8
Investigation visits with physicians	2
Reports on findings to Superintendent of Schools and teachers	15
Health talks given to different groups	4
Number taken to Bangor for special treatment	2
Home visits	18

Health Service to Schools

The nurse assisted the school physician with this program in making physical examination.

Number of pupils examined	519
" " " with defective vision	14
Corrections	7
" " " with defective teeth	155
Dental prophylaxis	71
" " " with abnormal throats	152
Corrections	25
" " " with orthopedic defects	5
" " " with defective glands	50
" " " with cardiac defects	8
" " " advised to consult family physician	2
" " " showing malnutrition	3
" " " with high blood pressure	2
" " " with abnormally low blood pressure	6
" " " showing nervous symptoms	3
" " " inspected for special reason	200
" " " excluded	2

The large number of dental defects shown in the examination of school children indicate a need of clinic facilities and emphasis on a dental education program.

Appreciation is extended to the Superintendent of Schools, teachers, and all citizens for their cooperation,

and to the Percolator Club for health service rendered in paying for glasses and tonsil and adenoid operations.

Respectfully submitted,

Piscataquis County Nursing Service,

NELLIE R. GIBBONS, R. N.

By: NELLIE R. GIBBONS, R. N.

Public Health Nurse.

**REPORT OF THE PUBLIC HEALTH NURSE—1943
DOVER-FOXCROFT**

Due to the war emergency this town has been without a Bureau of Health nurse for the past four months. Prior to that time, however, health supervision was given to mothers, babies, and preschool children. National statistics and particularly selective service figures prove to us that more time and care should be spent on younger age groups. There would be fewer breakdowns and misfits as the child grows into adulthood if more adequate health service could be provided.

The public health nurse makes an effort to consider the health problems of the family as a whole and to assist your local officials and civic minded groups to find solutions to their community health problems. A local health committee is the goal for your town in 1944.

Under the sponsorship of the Miosac Club three Child Health Conferences were held in the summer. At one of these conferences the Dental Hygienist was present. In October the responsibility was assumed by a group of young mothers of the town who have been successful in promoting child health conferences each month. These are well attended and many mothers have been glad to secure for their babies and small children such health protection service. A total of immunizations against smallpox is twenty-six infants and preschool children; against diphtheria is thirty-two and against whooping cough is thirty-two; a total number of one hundred eight were examined at these conferences.

Red Cross Nutritionists have attended each conference. Dr. Brown and Dr. Merrill have been the examining physicians.

Home visits have been made to ninety mothers with problems or who wished advisory service in caring for their children.

Interviews in behalf of cases carried have totaled to one hundred thirty-seven.

Periodic visits have been made as needed to crippled

children by one of the Bureau of Health nurses who has special orthopedic training.

The services of the Pediatric Clinic, which is conducted by the Division of Maternal and Child Health have been made available to the children of the community.

With an active Health Committee in Dover-Foxcroft, much more could be done in securing health protection for the community.

GRACE J. HUNT,
Public Health Nurse.

THOMPSON FREE LIBRARY

The annual year-end check-up of reading interests among the users of our public library shows drop in quantity but a gain in quality. There has been an ever-increasing demand for non-fiction and serious reading. There has been no slump in use of the library by children and young people. Aviation books are favorites.

Four boxes of books were sent to the Victory Committee. Most of these books were donated by people in the community, others were taken from the library. The Committee highly complimented the quality of the books sent.

As is customary, it has been necessary to retire some books for one reason or another and these books were passed along to rural teachers who used them in their schools or in the community.

Owing to the illness of Miss Louise Monroe there have been various changes in the library staff. Miss Maude Robinson kindly assisted for some weeks, Jean Bussiere worked during the summer and at present Barbara Bennett is acting as assistant.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee:

I present herewith my third annual report of the condition and progress of the Elementary Public Schools of Dover-Foxcroft. The Report of Foxcroft Academy, written by the principal, Mr. Blaich, will be found elsewhere in this book and I commend it to your attention.

Personnel

The elementary schools of Dover-Foxcroft have been maintained for thirty-six weeks, closing the municipal year January 31, 1944. The following persons are engaged in the work of the schools during the present school year:

1943-1944**Dover-Foxcroft Elementary Teachers**

<i>Teacher</i>	<i>Position</i>	<i>Years Exper.</i>	<i>Salary</i>
GRAMMAR SCHOOL:			
Harold O. Doe	Prin. & Gr. 7-8	9	\$1,350.00
Harriett E. Crockett	Dean of Girls & Gr. 7-8	35	1,086.00
Bernice Sterling	Gr. 7-8	24	1,050.00
Charles Chapman	Gr. 7-8	5	1,100.00
Effie Bolton	Gr. 6	19	1,050.00

SOUTH DOVER SCHOOL:			
Harriett Ladd	Gr. Sub.-8	17	900.00
MUSIC SUPERVISOR:			
Veronica Fitzgerald	All grades	1	1,100.00
SECRETARY TO THE SUPERINTENENT:			
Margaret Washburn			775.00

TOWN OF DOVER-FOXCROFT

77

JANITORS:

Henry Pearl, Grammar & Pleasant St. Schools (52 wks.)	1,500.00
Arthur Crockett, North Street School (38 wks.)	700.00
Stanley Downs, East Dover School (40 wks.)	240.00
Pupil, South Dover School (36 wks.)	36.00

CONVEYANCES:

	<i>Weekly Salary</i>
Clyde Judkins, Bear Hill and South Dover Routes	\$30.00
Fernald Whitman, School Bus: Dexter Rd. and Park St.	22.00
Mrs. Roy Lyford, Outer Park St., and Milo Rd.	27.00
Ira Doore, East Dover Route	13.00
Wilfred Hesketh, South Dover Route (Norton Hill)	14.00
Mrs. Wainwright Butler, Essex St. and Guilford and Sangerville Rd.	7.00
(Guilford Rd. pupils conveyed by Walter Steadman up until January, 1944).	

We have been very fortunate, as compared to many communities in the state, in that we have had very few changes in the teaching staff of our elementary schools during the past year.

Mr. Russell Perry, Principal of the Grammar School, was granted a leave of absence as of March 29, 1943 in order that he might attend Gorham Normal School for the purpose of completing the requirements for a Bachelor of Science Degree in Education. After receiving his degree, Mr. Perry accepted a much higher salaried position in Greenville for the present school year. Mr. Perry was a very conscientious worker while employed in the Dover-Foxcroft schools and this office wishes him the best of success in the future.

Mr. Harold O. Doe, teacher of English and Music at the Grammar School was made acting-principal at the time of Mr. Perry's departure and was later unanimously elected as principal for the present school year. The school is operating very smoothly under the leadership of Mr. Doe.

At the time Mr. Perry left us, Mr. Charles Chapman of Farmington, Maine was secured as a substitute to teach the mathematics and science in the Grammar School, and was later elected as a regular teacher for the present school year. Mr. Chapman is a graduate of Farmington State Normal School and has had several years of teaching experience. He is doing fine work in the subject field and also giving much time to the boys in their sports endeavors. I feel that we are fortunate in having two men teachers of the caliber of Mr. Doe and Mr. Chapman in our Grammar School during this critical war period.

Miss Helen Pratt, teacher of the Pleasant Street School,

grade three, resigned in June 1943 to accept a higher salaried position in the Brewer schools. Miss Pratt is a fine teacher and gave 5 years of valuable service to the boys and girls of Dover-Foxcroft.

Mrs. Dorothy Warren was secured to fill the vacancy created by the resignation of Miss Pratt. Mrs. Warren graduated from Farmington State Normal School with high honors and had teaching experience in Rangeley and Ashland, Maine before coming to Dover-Foxcroft. Mrs. Warren is proving to be a very valuable teacher in our school system, and in addition to her regular classroom teaching duties, is working with Miss Martha Green in the supervision of the Grammar School girls in their sports activities.

Miss Mary Osborne, teacher of the lower grades at the East Dover School during the last school year, resigned in June, and due to a reduction in the enrollment of the school it was not necessary to fill the existing vacancy. Mrs. Downs teaches all of the grades in the East Dover School this year.

All other positions in the elementary schools remain the same as of last year and it is my opinion that exceptionally fine work is being conducted by each teacher.

Two of our teachers, Miss Dorothy Greenlaw of the North Street School, and Mr. Charles Chapman of the Grammar School, availed themselves of an opportunity to attend school this past summer. Miss Greenlaw attended summer school at Cornell University and Mr. Chapman attended Farmington State Normal School. Both teachers gained valuable experiences and information which are proving beneficial to them in their work.

Public School Music

Miss Veronica Fitzgerald is in her second year as supervisor of music in our schools. I stated in my last report that for various reasons there had been an unusual turn-over in this department during the past several years, and that it was my hope that it would gradually return to a more stable basis. The beginning of the return to stability was brought about when Miss Fitzgerald was invited to return for another year and her acceptance received. The work in this field is showing satisfactory progress and plans are underway for an operetta in the spring which will include children in all grades, thus serving to demonstrate some of the work being accomplished in music in our schools.

Physical Education

Mr. Nathaniel Crowley, Director of Physical Education in the elementary schools and in the Academy, resigned during the past summer to accept a larger position in Millinocket. Mr. Crowley did an efficient job during the one year he was connected with our schools and had he been able to remain with us longer we would have observed real results in the Physical Education Program. Under the supervision of Mr. Crowley and the other teachers, an outstanding Physical Education Demonstration was presented at the Fair Grounds last June. The program, which included all pupils in the village and rural schools, was very colorful and impressive.

Mr. John J. Wilkinson of South Portland was hired in September as Director of Physical Education in the elementary schools and in the Academy. Mr. Wilkinson resigned in January of this year thus leaving a vacancy in this field. Mr. Blaich, of the Academy, has explained in his report how the work in Physical Education is being carried on in the Academy. It is continuing to function in the grades under the supervision of the classroom teachers with the assistance of Miss Green and Mrs. Warren of the North and Pleasant Street schools respectively.

School Physician and County Nurse

Reports by Dr. Noel, School Physician and Mrs. Gibbons, County Nurse, are to be found elsewhere in this book and I commend them to your attention. In my opinion their work has been accomplished very satisfactorily during the past year and I wish to thank them through these pages for their splendid spirit of cooperation in promoting the health and welfare of our boys and girls. Their reports give a summary of the work accomplished in this field.

Curriculum and Textbook Study

In my report of a year ago I explained the organization of teacher-committees that were beginning the study of our Elementary School Curriculum. The members of the committees were very faithful in their attendance at regularly scheduled meetings, and it was the privilege of the Superintendent to meet with each committee at different times. The results of the committee studies were very satisfactory and their reports and recommendations were accepted with appreciation by the Superintending School

Committee. Authorization was granted to the Superintendent of Schools to follow the recommendations as far as possible.

The Committee on Reading made up of Miss Greenlaw, Mrs. Sterling, Miss Johnson, Miss MacFadyen and Miss Doore began its work by making a survey of the reading material in use in the Dover-Foxcroft schools, and by talking with the teachers to obtain their opinion about the material. The Committee next sent out questionnaires to twenty-five towns and cities within and outside of Maine. As a result of these studies the committee recommended the adoption of the Elson-Gray system of reading as a basic system in Dover-Foxcroft, and that it be extended into all grades from the sub-primary through the sixth, as rapidly as possible. Appropriate teacher-manuals and pupil workbooks were also recommended for adoption. The Superintendent is proud to announce that all of the basic books recommended by this committee have been purchased and are being used very satisfactorily in our schools.

The Spelling Committee, composed of Mrs. Hathorn, Miss Harriett E. Crockett, Miss Margaret Mersereau, Mrs. Nellie Downs, and Miss Mary Osborne, made a careful study of this subject for the purpose of selecting a textbook, or workbook, which would arouse the interest of the pupil and consist of a learning method which would insure steady progress in the mastery of spelling. As a final result of this study, the committee recommended the adoption of the spelling series entitled "My Spelling" published by Ginn & Company. The authors of this series are well qualified to produce a spelling textbook of practical educational value. The Superintendent is pleased to announce that these recommended spelling books have been placed in all of our schools and are proving very satisfactory.

The Committee on Ranks and Report Cards, composed of Mrs. Harriett H. Crockett, Miss Martha Green, Mrs. Ola Blood, Mrs. Effie Bolton, Mr. Russell Perry, and Mr. Charles Chapman, began their survey by studying reports and communications from approximately twenty different places. These reports came to the committee as a result of a questionnaire sent to many communities. As a result of this study new sample report cards were made up and recommended for adoption. One card is for use in the sub-primary, first, and second grades, and the other for grades

three to eight inclusive. The lower grade card gives an opportunity for the teacher to check certain learning habits and traits of the boy or girl. This plan makes it possible to convey to the parents a fairly good idea as to the progress of the child without labeling him with an "A", "B", "C", or "D", so early in his school career. This card also serves as a promotion certificate at the end of the school year. The upper grade card affords an opportunity for the teacher to rank the child for his accomplishment in various subjects, but in addition, provides an opportunity for the checking of "work habits". This affords the parents an extra opportunity to understand the work being accomplished by the pupil. The values of the marks used in ranking have also been changed. This card also serves as a promotion certificate at the end of the school year. These new cards are in use in all of our classrooms and have been accepted as an improvement over the old ones. The quantity of the new cards printed was just ample to take care of this year's needs with the thought in mind that improvements would be forthcoming after they had been in use a year. The committee will recommend necessary changes at the end of the present school year as a result of suggestions received from all classroom teachers.

The Committee on Language composed of Mr. Doe, Mrs. Goff, Mrs. Hewett, Miss Rollins, and Mrs. Ladd made a careful study of the Language books and course of study now in use in our schools and compared them with the practice being followed in other communities. It is the intention and desire of the committee to make a further study of this field and to make a more detailed report at a later date. Due, however, to an immediate need of new materials in the seventh and eighth grades it was recommended that the Center & Holmes English Books, published by Allyn & Bacon, be adopted. This recommendation was accepted and the eighth grade books have been placed in the Grammar School for use this year.

The Music Committee, composed of Miss Fitzgerald, Miss Pratt, and Mrs. Mildred Pratt, met weekly over a period of two months and made a survey and comparison of the standard of Music in the Dover-Foxcroft schools with that of other localities both larger and smaller. This study was also done through the use of questionnaires. The result showed that Dover-Foxcroft rated very well in theory, sight-reading, rhythm work, etc., as compared to other

schools. It also showed that there was a chance for improvement in Music Appreciation. In an attempt to remedy this situation it was recommended that work-books called "Music Notes", be purchased with the necessary teacher-manuals and accompanying victrola records. The remainder of the report offers the outline of a course of study from the sub-primary to the eighth grade inclusive. The "Music Notes", teacher-manuals, and suggested records have been purchased and are in use in our schools this year.

A bound, composite report of all the committee surveys and recommendations was sent to each of you as school committee members, and also presented to each teacher at the beginning of the present school year. Interested citizens may secure a copy by calling at the Superintendent's Office. Teacher-Committees are at present meeting and working on the subject-matter fields not covered in the above report.

School Lunch Program

Through the continued support and interest of the Kiwanis Club, Grange, and other organizations, agencies, and individuals, the school lunch program continues to function in a very satisfactory manner.

Many extra vegetables have been made available this year through the cooperation of a large number of citizens and parents who raised extra quantities in their gardens and donated them to the lunch program.

The Superintendent wishes to take this opportunity to thank all those who have in any way helped with the success of this program. Thanks is also extended to the teachers, pupils, and the ladies who serve the meals, for their untiring efforts and cooperation in behalf of this project.

Repairs

Mr. Henry Pearl was in charge of the Repair Program again last summer. Mr. Pearl has very efficiently carried on this responsibility for many summers and due to his careful supervision and foresight we have been able to keep our equipment in good condition at all times. One classroom in each of the three village schools was redecorated last summer and also in the South Dover Rural School. All other classrooms were thoroughly cleaned, minor repairs made, and a very satisfactory outside paint job completed on the Pleasant Street School. The Grammar School building needs

painting and it is hoped that this can be accomplished this coming summer.

Sick Leave

I am very pleased to report on the success of the sick leave system inaugurated as of February 1, 1943. The privilege has not been abused and we feel confident that our teachers have not been in the classrooms when they should have been at home due to ill health. The plan has worked to the advantage of both teachers and pupils and was certainly a forward step in the progress of our schools.

The following budget is presented for 1944-1945:

Common Schools	\$26,000.00
Int. on School Fund	156.14
C. School Textbooks	1,300.00
C. School Supplies	1,600.00
Lights, Tel., Water	650.00
Superintendent of Schools	\$1,600.00
School Physician	200.00
School Committee	105.00
Insurance	750.00
Repairs	1,600.00
	<hr/>
	\$33,961.14

This total requested budget is the same as that raised last year.

In closing I wish to express my sincere thanks to all of the town officials and citizens of Dover-Foxcroft for the kindly interest they have shown in the progress of our schools; also my thanks to the teachers and pupils for their splendid spirit of helpful cooperation.

I wish to take this opportunity to thank Captain Harold M. Hayes for the fine service he rendered the boys and girls of Dover-Foxcroft while he was a member of the Superintending School Committee, and for the helpful guidance he gave me during the period in which we were associated in school work.

It is my opinion that the citizens of our community are very fortunate in having as their representatives on the Superintending School Committee three people who are as vitally interested in the educational and general welfare of the boys and girls as are you, Mrs. Glover, Mr. Warren, and Mr. Cushman.

Please accept my thanks and appreciation for your ever willing cooperation and support.

Respectfully submitted,

C. EVERETT PAGE, JR.,

Superintendent of Schools.

To C. Everett Page, Jr., Supt. of Schools:

I herewith submit my annual report as school physician in the public schools of Dover-Foxcroft.

At the opening of the school year all children were examined by Mrs. Gibbons, the school nurse, and myself for all communicable diseases. All suspicious cases were immediately eliminated and with the careful scrutiny of the class teachers the number of these cases have been kept at a very low ebb for the entire year. Chicken pox affected to some extent our attendance record, but did not reach an epidemic form. I believe this was due, in part, to our rule that a child who has been absent for five days must procure an admittance slip from his family or school physician.

Routine examinations of both the town and rural schools were made. It is very pleasing to note that many defects and conditions detrimental to the health of the child which we had noted on examinations in previous years had been corrected.

I wish to thank the School Board, Mrs. Gibbons, and yourself for the splendid cooperation in making this an outstanding year in the health of our school children.

Respectfully submitted,

Geo. Frederick Noel, D. O.

REPORT OF THE MUSIC SUPERVISOR**To C. Everett Page, Jr., Supt. of Schools:**

I herewith present my second annual report as Supervisor of Music in Dover-Foxcroft to C. Everett Page, Jr., Superintendent of Schools. This report includes information on the activity of the Music Department from February 1943 to February 1944.

Early in the spring of last year the Kiwanis Club enlisted my help to present, in conjunction with a minstrel show of theirs, a miniature minstrels using as many school children as possible. Approximately seventy-six children from the sub-primary through the eighth grade were used and the performance, presented early in May, was a successful venture. The teachers gave generously of their time and talents and needless to say the credit goes not alone to one person but to all who helped in anyway.

As a member and chairman of a Music Committee of three which was set up at the suggestion of Superintendent Page, we studied the needs of the Music Department. In a report filed after several weeks of investigation, we asked that materials such as records and notebooks be purchased to set up a Music Appreciation program in the grades. Fearing we had asked for too much, it was certainly pleasing to return in September to find the notebooks waiting and records to be bought at my discretion. It was difficult getting some of the records needed but I was able to purchase enough to begin the work. This library of records is in no way complete, but it has a start. To date, the notebooks are being used in the 4th, 5th, and 6th grades and can be purchased for the Grammar School grades in the future. The children like them, the teachers like them, and certainly I find using the notebooks with the records a progressive step in the teaching of Music.

When the schedule was revised at the Academy this past year it included a Music period four times a week, to be elected and to give credits. There were twenty-seven who elected the course and more would have, had it not interfered with their schedules. We

use no books but have used sheet music as a text and I have taught fundamental theory of sight reading, staff notation, ear training, interpretation of moods, etc., from the songs. In activity period held the last hour on Tuesday any person who likes to sing may drop in and lead us in a song, teach us one, tell us some interesting musical current event he may have read or seen and in general, have fun with music. We listen to records, old and new, and have good healthy discussions pro and con until the bell rings.

But again this year due to unforeseen circumstances my efforts have been interrupted in the middle of the year when plans were being formulated to present an operetta with the grades. At this point there is little I can predict except my sincere hope that the program will develop as planned.

My appreciation of Superintendent Page and Principal Blaich has deepened even more this year to the extent that nowhere will I find two more understanding people with whom to work and I have no less a feeling of admiration for the teachers who work with me.

Respectfully submitted,
VERONICA FITZGERALD,
Supervisor of Music.

ANNUAL REPORT OF FOXCROFT ACADEMY

FEB. 1, 1944

To the Joint Board of Foxcroft Academy:

I hereby submit my second annual report as Principal of Foxcroft Academy.

School opened for the fall semester on Tuesday, September 7th, with the enrollment of pupils as follows:

Class	Boys	Girls	Total	Left School
Seniors	10	16	26	5
Juniors	19	32	51	4
Sophomores	17	33	50	9
Freshmen	21	32	53	9
Postgraduate	1	3	4	4
	68	116	184	31

FACULTY 1943-44

Theo. P. Blaich, B.A., M.A.	Principal
Eleanor F. Lang, B.A.	Latin and English
Louise C. Clark, B.A.	Mathematics
Margaret L. Johnson, B.A.	English and History
Ruth T. Weymouth, B.S., (11 weeks)	English and History
William G. Glover, A.B. (25 weeks)	English and History
Shirley G. Ashman, A.B.	French and Spanish
Mary E. Jules	Commercial Subjects
Frances P. Roberts	Commercial Subjects
Everett M. Fairbrother, B.S.	Gen. Science and Mathematics
Thomas W. Borjesson, B.S.	Sciences
Walter Leland	Forestry and Farm Shop
John J. Wilkinson, B.A. (16 weeks)	Physical Education
Veronica Fitzgerald, B.S.E.	Music
Madelyn C. Ballard	Secretary to the Principal
Harold C. Campbell	Janitor

We are glad to report that it is our sincere feeling

that the faculty of the Academy has been strengthened by the replacements that have had to be made this year. Miss Shirley Ashman, teacher of Romance languages, comes to us with an outstanding scholastic record from the University of Maine. She was also one of the outstanding girl athletes while at the University.

Thomas Borjesson came to us highly recommended in the field of science. He is a graduate of the University of Maine and has done graduate work at Harvard and Farmington Normal.

Miss Margaret Johnson is a Colby graduate who comes to us from Houlton where she did excellent work in English and the Social Studies. She is teaching in the same fields at the Academy.

Miss Frances Roberts, who is in the commercial department, comes to us as a graduate of the Maine School of Commerce where she was an honor student, an outstanding athlete, and the recipient of the D. A. R. Award.

In the past few weeks we have been fortunate to obtain William Glover as a teacher. He is a Bowdoin graduate and a native of Dover-Foxcroft. He is replacing Mrs. Weymouth and is teaching in the field of History, English and Biology.

These new teachers, with those of the faculty of last year, are doing an excellent job in the classroom, and also in the various extra-curricula activities carried on at the Academy.

Reorganization of the Courses of Study

The major accomplishment in the line of curriculum change during this year has been the reorganization of the courses of study. In this task it must be understood that we did not bring into the curriculum many new courses; but rather we rearranged the courses already offered into a logical educational sequence. Only one new subject was added, and two others were re-adapted for special groups of students.

The first objective behind this revision was to line up subjects in an orderly sequence so that the student,

no matter what course he had taken, would have a broad cultural background when he left the Academy. The hope was to eliminate unwise specialization on the secondary school level.

The second objective was to arrange these subjects in such a manner so that each ensuing year will be more difficult and more challenging than the one that preceded it. Hence the step from freshman to sophomore means that the student must strive a little harder to accomplish what is expected of him. It also means that his learning processes have been elevated to a group of subjects that lead on from those of the freshman year to a new level, and are not merely another group of subjects on the same level as those taken the first year.

At the present time there are five courses of study offered at the Academy; namely, college preparatory, nurses preparatory, commercial, forestry and farm shop, and the general course.

The college preparatory course is so arranged that the student takes five subjects a year rather than four, giving him a chance to have 20 credits on graduation which in turn will admit him to any college in New England or the Eastern United States on certificate, if he has a B average. It also gives him four years of study in each of the main branches of knowledge — English, Language, Mathematics, Science, and of Social Science. Whether or not he goes on to college, there can be no doubt but that he has received the groundwork in a well balanced cultural diet. It is a course set up for those who have the ability to go on to higher education. And those who have such ability should be given an educational diet that makes them work somewhere near capacity.

The Nurses Preparatory is based upon the requirements for entrance to Peter Bent Brigham Hospital in Boston. As the nursing school of this institution has the most exacting entrance requirement in New England, and as many of our girls strive to gain admittance to this school, it was thought wise to use its re-

quirements for the basis of this course. In reality, it is not something entirely different from the college preparatory course; it is rather a modification of the latter course, in which the load for the four years is not quite so heavy.

The Commercial course continues to have its high standards of attainment and is graduating persons who are excellently prepared for the business world. However they too, must carry their share of background subjects so that they may graduate with something more than merely mechanical techniques. This course is gaining each year in popularity, and there is no doubt but that with the continued excellence of our commercial faculty, we will prepare an adequate number of young people to take their places in the business world of our community and even more.

The Forestry and Farm Shop Course, which was inaugurated last year has shown a steady gain in popularity and worth during this second year. Its value to the young men is seen even to them and their interest and enthusiasm can be seen in all their activities. At present, due to a grant from the Board of Trustees, we are in the process of expanding the shop facilities, and this is again the work of the classes. By doing so, we will have sufficient room, not only to carry on a program in woodworking, but will also have the available space for sheet metal instruction, forging, and automotive repair. They are constructing at the present, an addition to the shop that they built last year. This additional area is necessary to carry out the program of study adopted by the Joint Board last fall. This program was not crystallized and adopted until after a year of experimentation and observation of what was needed and a plan of time allotment decided upon.

The Forestry class is working out its problems and procedures with a practicalness that is nothing short of remarkable. Under the supervision and suggestion of Prof. Dwight Demeritt, Head of Forestry Dept. at the University of Maine, we have been carrying on an operation at Oakes Field. The primary purpose has been to cut some of the trees that are going back—

and show evidence that they are ready for harvest. This operation will net about 8000 board feet of lumber and several cords of wood. The lumber will be divided into first and second class stock. The first class will be used for finish work. The second class will be used in shop construction. Hence the co-ordination of these two courses is coming about in the manner planned on at their inception.

The General course is organized for the average student who is not as yet interested in any special preparation. It is primarily an English course with its sciences being more descriptive than analytical. Its mathematics stays with the practical application of the fundamental processes. And in the social sciences the attempt is made to orient the student into the society in which he will live rather than teach him theories of government. Here again you will notice that we have not lost sight of the need for breadth in cultural background.

In all of these courses, we are striving to carry subjects in their rightful and planned sequence. The idea of free elections is being applied to courses rather than subjects. Through this procedure we hope to maintain integration and logical sequence, thereby lending purpose to the entire secondary school process.

Music for Academic Credit

This year, we are giving 1-2 academic credit to those pupils enrolled in Chorus. They are meeting four hours per week and are actually receiving training in voice culture. We have made a survey of the school concerning instrumental music—only to find that we had no combination of instruments that could be used either as a band or orchestra. However, there will be a re-check of all with the hope of finding talent that can be utilized in such a manner.

The Activity Period

The last period of the day on Tuesdays is given over to various extra-curricular activities. At this time the following organizations meet: Camera Club, Personality Club, Science Club, Public Speaking, Girls Athletic Association.

The Potato Harvest

For four weeks this fall, the Academy closed down so that the students could be utilized in the harvesting of the potato crop. At the height of the harvest, it was estimated that about 150 students, or 75 per cent of the total enrollment, were employed. When one considers that student labor throughout the County had a large part in the harvesting of 270,000 barrels of potatoes on which net earnings were around \$40,000, one realizes the scope of the job these students undertook. It also gives us pleasure to report that the labor plan and labor bookkeeping used throughout the county was the plan devised the preceding year by Foxcroft Academy. We realize that more than likely we will be asked to help in this harvest next year.

Varsity Sports

We have won our share of honors during the year in the athletic field. Again this fall we won the County Football Championship. Last spring we had the outstanding Track Team in the county—and also won the County Championship in Baseball. Last March for the first time, we sent a boys and girls team to compete in the Winter Carnival at Monson. They gained good experience and the girls won many places—enough to win the girls' meet.

We are now engaged in a successful basketball season.

There has been a re-awakening in the interest in Tennis and in the spring, we hope to get a team together to play some of the neighboring schools. Archery is also becoming increasingly popular since its introduction at the Academy.

In closing, I wish to express my appreciation to all those people who have aided in making this year at Foxcroft Academy the success that it has been.

Respectfully submitted,

THEO. P. BLAICH

REPORT OF THE 1944 BUDGET COMMITTEE

Dover-Foxcroft, Maine.

February 25, 1944.

To the Voters and Tax Payers of Dover-Foxcroft:

Your Budget Committee this year is pleased to report a generally healthy condition in Town Finances, and after the final \$3,000.00 Bond of the 1934 Issue is paid in June the Town will be free of debt.

The amounts we recommend raising in Town Meeting are very similar to those of the last few years, the total being about \$2,300.00 above that of last year. Without the cooperation of the Selectmen, the Town Manager and the School Committees in keeping their requests at the minimum consistent with their needs this would not have been possible.

Respectfully submitted,

J. ERIC LOVE, Chairman

ARNOLD T. GELLERSON, Secretary

WALTER J. MAYO

Annual Warrant

To Irving C. Trufant, or any Constable of the Town of Dover-Foxcroft, in the County of Piscataquis:

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said town, on Monday, the thirteenth day of March, A. D. 1944, at ten o'clock, Eastern War Time, in the forenoon, then and there to act upon the following articles, viz:

ART. 1 To choose a Moderator to preside at said meeting.

ART. 2 To choose a Town Clerk, fix the compensation, and raise and appropriate money therefor.

ART. 3 To see if the Town will accept the report as printed.

ART. 4 To choose two Selectmen to serve for a term of three years and fill any vacancy in accordance with the provisions of the Town Charter.

ART. 5 To elect a Town Treasurer, fix the compensation, and raise and appropriate money therefor.

ART. 6 To see what sum of money the Town will vote to raise and appropriate for a Night Police Officer, and the regulation of traffic.

ART. 7 To see if the Town will vote to elect one member of the Board of Mothers' Aid for three years.

ART. 8 To see how much money the Town will vote to raise and appropriate for Officers' bills and Miscellaneous expenses.

ART. 9 To see how much money the Town will vote to raise and appropriate for General Government.

ART. 10 To see if the Town will vote to purchase bonds for the Treasurer and Tax Collector.

ART. 11 To see if the Town will vote to raise and appropriate the sum of two hundred dollars for the purpose of controlling the White Pine Blister Rust within the limits of the Township. The sum raised to be supplemented with State and Federal funds, dependent of course upon funds made available by cooperating agencies.

ART. 12 To choose two members of the School Committee, one to serve for three years, and one to serve for two years, and fill any vacancy in accordance with the Town Charter.

ART. 13 To see how much money the Town will vote to raise and appropriate for Common Schools.

ART. 14 To see if the Town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

ART. 15 To see how much money the Town will vote to raise and appropriate for Free High Schools.

ART. 16 To see how much money the Town will vote to raise and appropriate for text books for Common Schools.

ART. 17 To see how much money the Town will vote to raise and appropriate for the services of the School Committee.

ART. 18 To see how much money the Town will vote to raise and appropriate for school telephones, lights, and water service.

ART. 19 To see how much money the Town will vote to raise and appropriate for repairs on school-houses.

ART. 20 To see how much money the Town will vote to raise and appropriate for school supplies.

ART. 21 To see how much money the Town will vote to raise and appropriate for the salary of the Superintendent of schools.

ART. 22 To see if the Town will vote to authorize the School Committee to appoint a School Physician in accordance with provisions of R. S. Chapter 19, Section 47, and raise and appropriate money for same.

ART. 23 To see how much money the Town will vote to raise and appropriate for insurance on school buildings.

ART. 24 To see how much money the Town will vote to raise and appropriate for interest on school fund.

ART. 25 To see what sum of money the Town will vote to raise and appropriate for the services of a Public Health Nurse.

ART. 26 To see how much money the Town will vote to raise and appropriate for salaries of the Board of Health, and the recording of Vital Statistics.

ART. 27 To see how much money the Town will vote to raise and appropriate for care of Public Dump.

ART. 28 To see what sum of money the Town will vote to raise and appropriate for sewer maintenance.

ART. 29 To see what sum of money the Town will vote to raise and appropriate for sewer construction.

ART. 30 To see what sum of money the Town will vote to raise and appropriate for the construction and repair of sidewalks.

ART. 31 To see what sum of money the Town will vote to raise and appropriate for the general repairs of highways and bridges.

ART. 32 To see what sum of money the Town will vote to raise and appropriate for State Aid Road Patrol.

ART. 33 To see what sum of money the Town will vote to raise and appropriate for State Aid Road construction (in addition to the amount regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28 of the Revised Statutes of 1930, or under the provisions of section 3, Chapter 229, Public Laws of 1937.

ART. 34 To see how much money the Town will vote to raise and appropriate for maintenance of Third Class roads.

ART. 35 To see what sum of money the Town will vote to raise and appropriate for the maintenance of Special Resolve roads.

ART. 36 To see if the Town will vote to discontinue the road from Kinney corner so called, easterly to the Dexter Road, a distance of approximately three fourths of a mile.

ART. 37 To see if the Town will vote to discontinue the road leading from the Macomers' Corner Road to the Gilman's Corner Road so called, near the white school house, a distance of approximately one fourth of a mile.

ART. 38 To see if the Town will vote to discontinue a section of the road leading from Foxcroft

Centre near the residence of William Bragg, north--erly toward Sebec Lake, from the northerly line of the Foxcroft Centre Cemetery to the end of the said road.

ART. 39 To see what sum of money the Town will vote to raise and appropriate to treat the Village Streets against dust.

ART. 40 To see what sum of money the Town will vote to raise and appropriate for Street Lighting.

ART. 41 To see what sum of money the Town will vote to raise and appropriate for the support of Mayo Memorial Hospital.

ART. 42 To elect a member of the Board of Trustees of the Mayo Memorial Hospital for a term of two years.

ART. 43 To see what sum of money the Town will vote to raise and appropriate for the Support of Poor.

ART. 44 To see if the Town will vote to raise and appropriate a sum of money for Memorial Day, and the decorating of Soldiers' graves.

ART. 45 To see what sum of money the Town will vote to raise and appropriate for band concerts and other music.

ART. 46 To see what sum of money the Town will vote to raise and appropriate for the care of cemeteries.

ART. 47 To see how much money the Town will raise and appropriate for the repair of fences around burying grounds in which war veterans are buried; for the repair of graves, headstones, monuments and markers designating the burial place of such war veterans; and for keeping the grass on such graves suitably cut and trimmed during the summer season.

ART. 48 To see what sum of money the Town will vote to raise and appropriate for Boys' and Girls' Agricultural clubs within the town.

ART. 49 To see what sum of money the Town will vote to raise and appropriate for the support of the Thompson Free Library.

ART. 50 To elect one member to serve on the Executive Committee of the Thompson Free Library for one year.

ART. 51 To see what sum of money the Town will vote to raise and appropriate for abatements.

ART. 52 To see whether or not the Town will vote to raise and appropriate the sum of \$200.00 for advertising our natural resources, advantages and attractions, under the provisions of Chapter 5, Section 82 of the Revised Statutes. Said money to be expended through the State of Maine Publicity Bureau.

ART. 53 To see if the Town will vote to raise and appropriate the sum of three thousand dollars (3000.00) to pay on bond issue of 1934.

ART. 54 To see if the Town will vote to raise and appropriate the sum of sixty dollars (\$60.00) to pay interest on bonds for the ensuing year.

ART. 55 To see if the Town will vote to authorize the Selectmen and Town Treasurer to make a temporary loan not exceeding thirty-five thousand dollars (\$35,000.00) in anticipation of taxes.

ART. 56 To see what sum of money the Town will vote to raise and appropriate for interest on temporary loan.

ART. 57 To see what sum of money the Town

will vote to raise and appropriate for carrying out the Civilian Defense program.

ART. 58 To see what sum of money the Town will vote to raise and appropriate for repairs on Fair Grounds property.

ART. 59 To see if the Town will vote to authorize the Selectmen in behalf of the Town to sell and dispose of any real estate acquired by the Town for non-payment of taxes thereon, on such terms as they deem advisable, and execute quit-claim deeds for such property.

ART. 60 To see if the Town will vote to raise and appropriate the sum of one thousand dollars (\$1000.00) to improve the highway from the end of the tarred road on outer Park Street near the site of the Gilman school house so called, to the residence of I. R Holmes. The money to be spent under the direction of the Selectmen.

ART. 61 To see if the Town will vote to raise and appropriate the sum of one thousand dollars (\$1000.00) to improve the Sangerville Line Road so called, beginning at the Sangerville Town Line on Bridges Hill, and extending southerly to the R. R. crossing, same to be spent under the direction of the Selectmen.

ART. 62 To see if the Town will vote to raise and appropriate a sum of money for the purpose of developing Sebec Lake airplane landing area, same to be expended by the Selectmen.

ART. 63 To see what sum of money the Town will vote to raise and appropriate for a memorial to World War Veterans.

ART. 64 To see what action the town will take with regard to having prepared in permanent record

book form a full and complete record, so far as possible, of the ownership of all lots in the "Dover" cemetery, so called, as made up of the old yard and annex, the Brown yard, the Bassett yard, and the Poole yard; together with the names of the persons buried in said lots; and also what amount of money the town will vote to raise and appropriate for the purpose, if any.

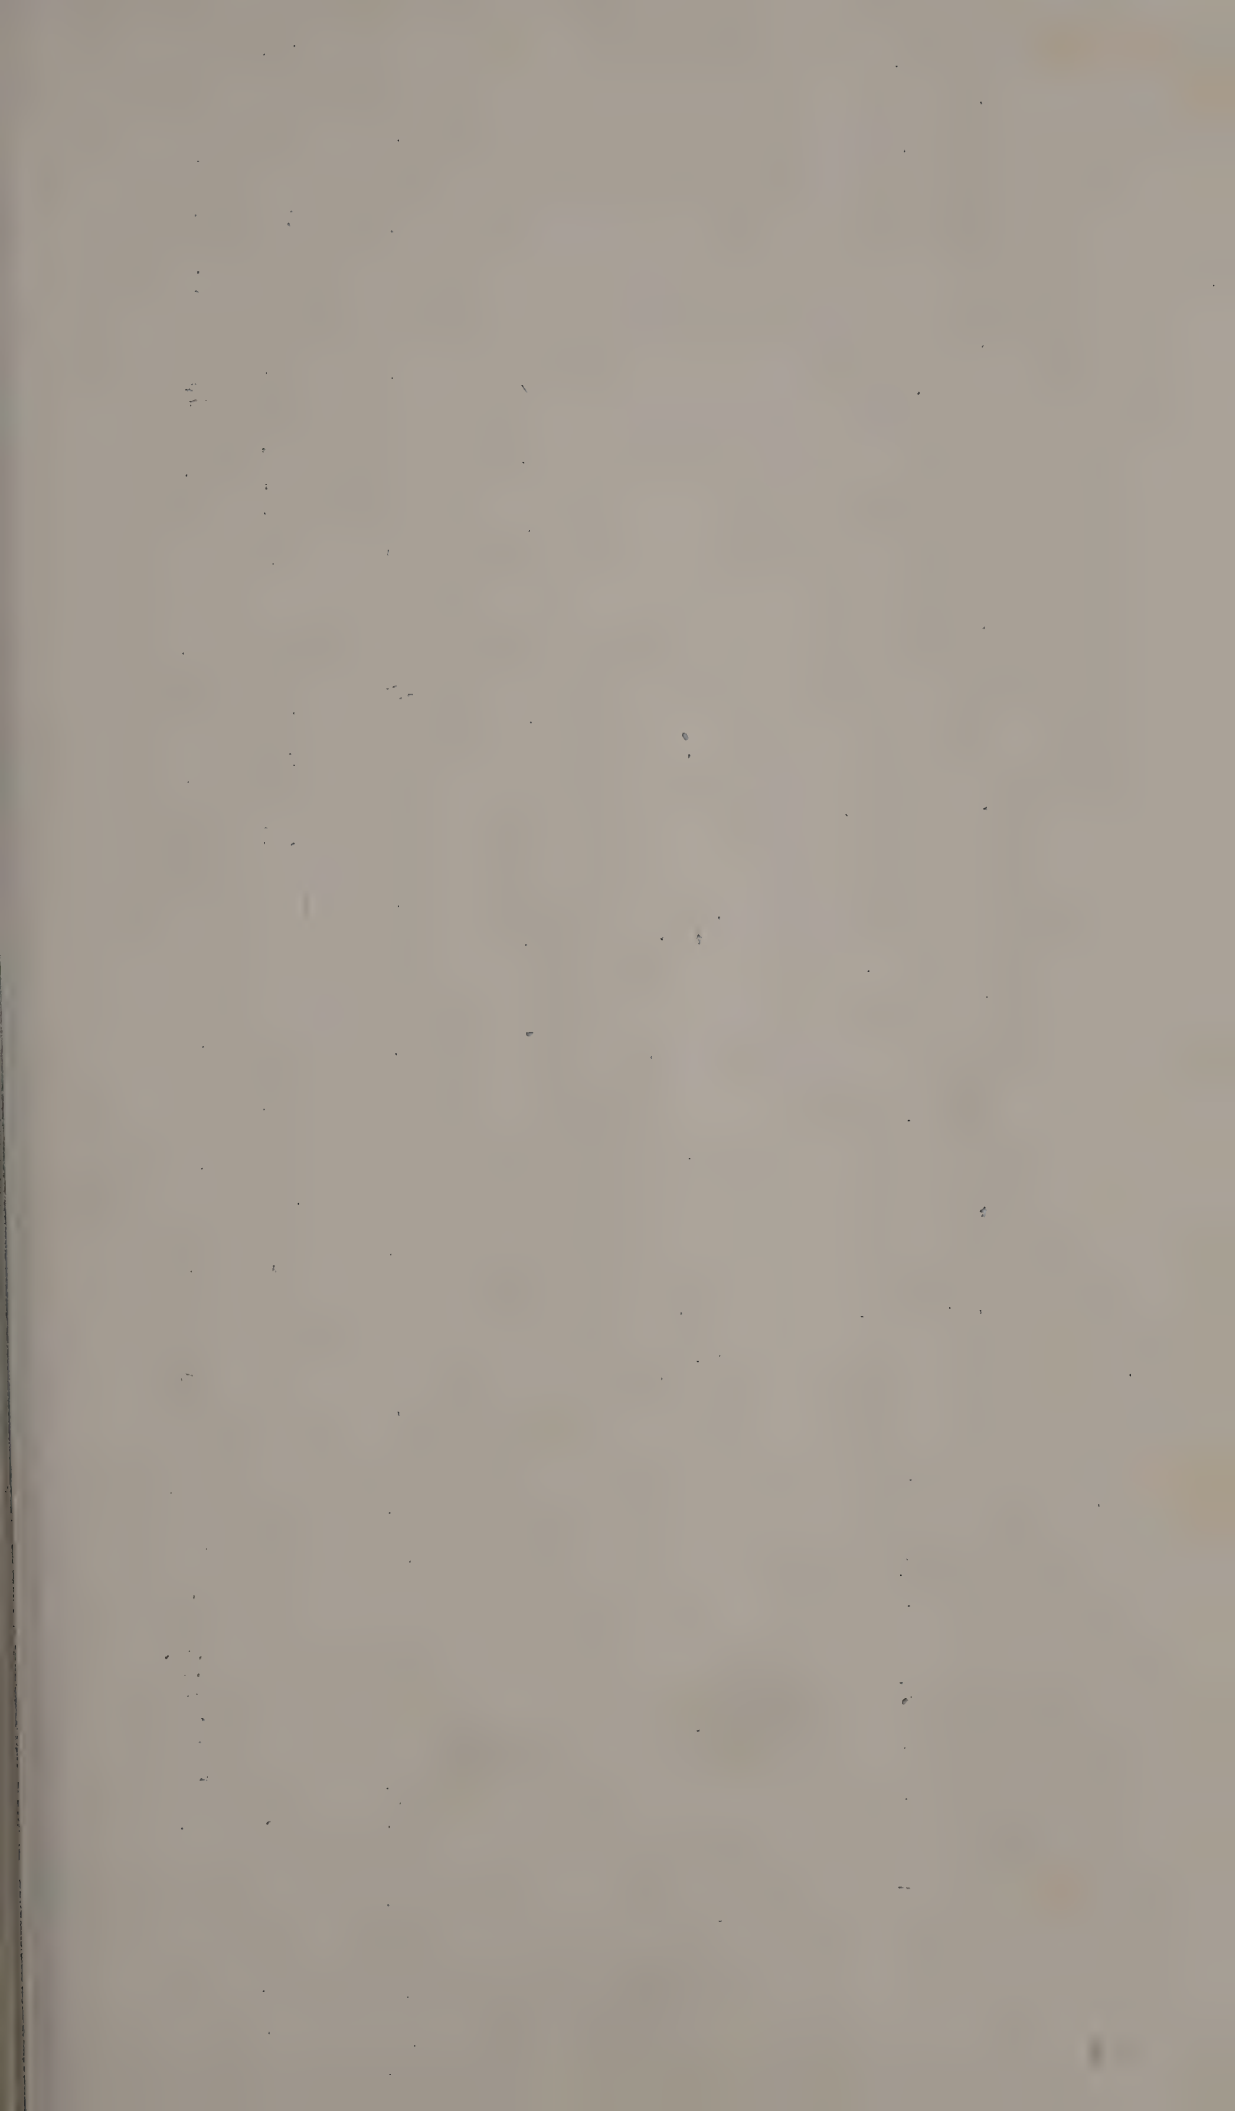

The undersigned, the Selectmen of Dover-Foxcroft, will be in session at their office in Central Hall Building, Monday, the thirteenth day of March, A. D., 1944, at nine o'clock, Eastern War Time, in the forenoon, for the purpose of hearing and deciding upon the applications of persons claiming the right to have their names entered upon the voting list of said Town.

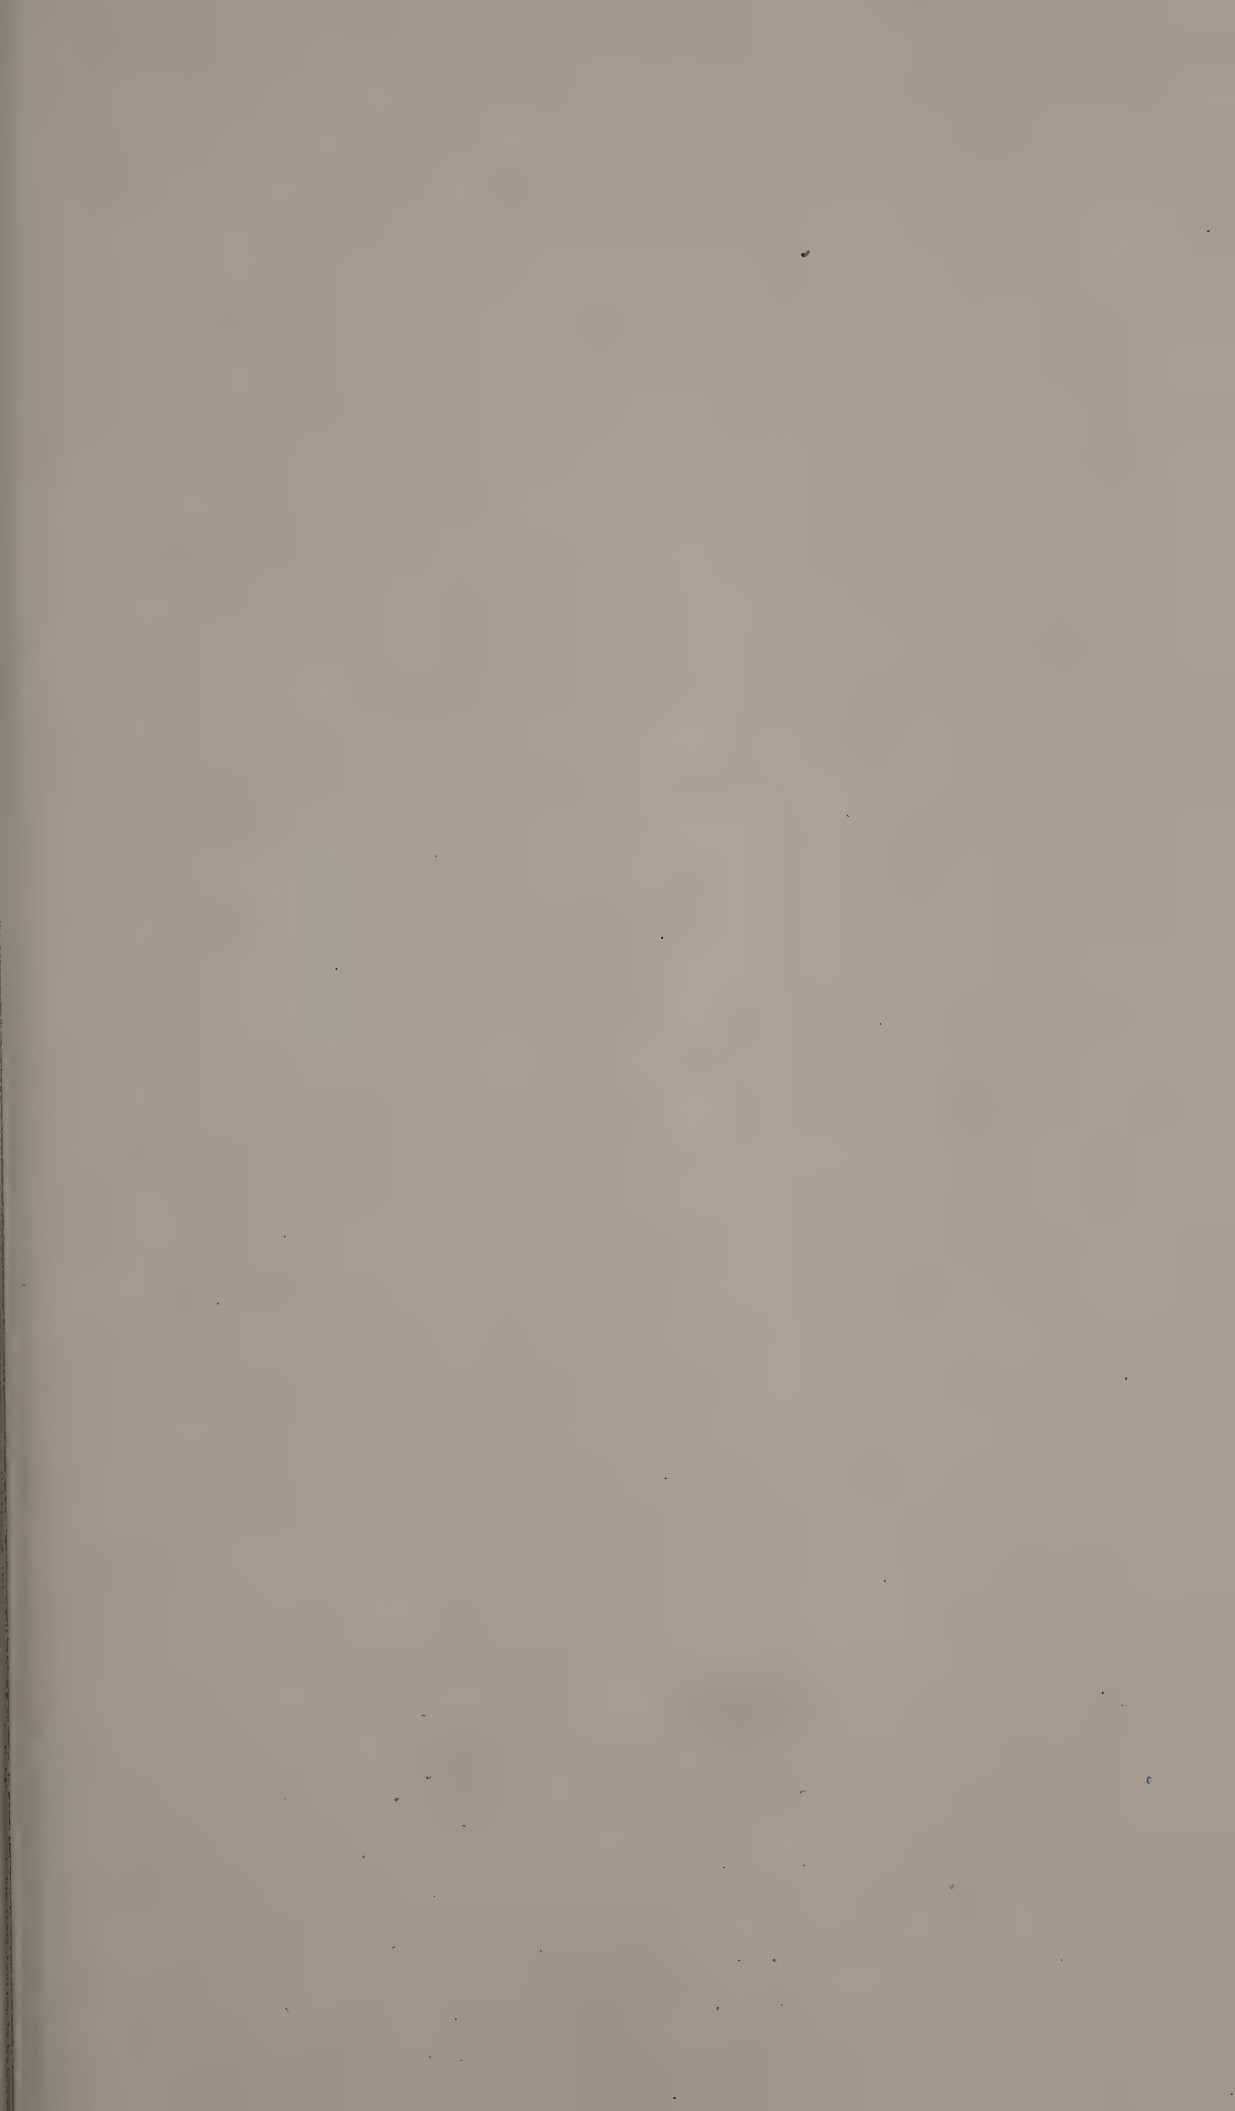

Given under our hands at said Dover-Foxcroft this twenty-eighth day of February, A. D., 1944.

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

"Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

TOWN MANAGER's REPORT

To the Board of Selectmen, and Citizens of Dover-Foxcroft:

Wartime conditions have made it impossible to accomplish all of the things which we wished to do this year. Although obtaining sufficient labor and materials, as well as equipment has been impossible, I feel that many worthwhile results have been attained in spite of wartime handicaps.

The Honor Roll

We have made every effort to obtain a complete list of all those who are now, or who have at any time served in the Armed Forces from Dover-Foxcroft. We have been aided in our efforts by the Selective Service Office and American Legion, whom we wish to thank at this time for their valuable assistance. If there are errors or omissions in this list, please notify the Town Manager's Office, and corrections will be made through the Piscataquis Observer.

Finances

It is gratifying this year to be able to report to you that the Town of Dover-Foxcroft is entirely free from debt, the last of the bond issue of 1934 having been paid June first, 1944. The Treasurer's report shows a cash balance of \$25,353.07 at the close of the fiscal year with all bills paid. As has been the custom for the past several years, all bills have been paid weekly during the past year. Ninety-six per cent of the 1944 taxes had been collected at the close of the fiscal year on February first. Several have been paid since that time, so that at this time only three per cent of the entire tax commitment remains uncollected. Taxes that have been paid since the books were closed are indicated by a star (*) in front of the name in the list of uncollected taxes. A detailed report of the financial condition of the Town will be found in the Auditor's Report.

Highway

Due to the decrease in revenue to the State Highway Department, caused by the drop in automobile registrations and the gasoline tax, no money was allocated

to the town in 1944 for the construction of Third Class or State Aid highways, so that the only highway construction done by the town the past year, other than the usual repairing of roads and bridges, was on the Holmes Road, where \$1500.00 was spent. \$1000.00 of this amount was appropriated by the town at the annual Town Meeting, and the remaining \$500.00 was donated by Mr. Irving Holmes. The second project was on the Sangerville Line Road in West Dover where \$822.60 of the appropriation of \$1000.00 was spent. The remaining \$177.40 has been carried forward to 1945, and the work will be continued in the spring. The work done in both cases consisted of ditching, cutting bushes and graveling. It is not probable that any State funds will be available for 1945 construction.

In closing I wish to thank the Board of Selectmen and all other Municipal Officers for their whole hearted cooperation during the past year, and also the employees of the Town Office, and all other employees of the several departments for their untiring efforts in their service to the interests of the town.

I also wish to thank the Budget Committee for the splendid service which they rendered, and the many citizens for the helpful suggestions which they have given me. I deeply appreciate them all. Your interest in the affairs of your town is most commendable. Without the cooperation of all it would not be possible to attain the degree of success that I feel the Town has enjoyed during the past year.

Respectfully submitted,

IRVING C. TRUFANT

Town Manager.

State of Maine
STATE DEPARTMENT OF AUDIT

February 22, 1945.

Board of Selectmen
Dover-Foxcroft, Maine
Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944, the records of the town of Dover-Foxcroft have been audited for the fiscal period February 1, 1944 to February 1, 1945 inclusive.

Our examination was made in accordance with the generally accepted auditing standards applicable in the circumstances and included all procedures which we considered necessary.

Insofar as we can ascertain within the scope of our examination, the result discloses that the many financial transactions of this town have been properly handled in accordance with accepted accounting practices.

Comments of Auditors Libby and Gould, who conducted the examination, are incorporated in this report. These may prove of interest to you.

All of which is respectfully submitted.

Very truly yours,

FRED M. BERRY,
State Auditor.

COMMENTS

CASH—GENERAL, \$25,353.07

Cash on deposit and subject to check as of February 1, 1945, as shown by the bank statement, reconciled with the town records.

Expenditures were made by check from authorized warrants supported by invoices on file.

TAXES—PROPERTY AND POLL, \$9,126.17

The tax commitment to the Collector was compared with the records of the Assessors. The total commitment was accounted for by cash and abatements, or still remained unpaid as reflected in the records of the Collector.

Payments received on prior years' unpaid taxes, tax liens, tax deeds, and sheriff's deeds appeared to have been applied against the proper items.

No mail verification has been made of any of the uncollected tax accounts.

The cash collection of the current year's taxes was 95.8%; while all tax accounts collected during 1944, both current and prior, amounted to 99.6% as against the current commitment.

ACCOUNTS RECEIVABLE, \$997.47

This amount represents the items due from the state and other towns for pauper supplies.

The Reserve for Collection of doubtful items was adjusted during this audit to an amount considered adequate.

TRUST FUNDS INVESTED, \$34,362.54

Schedule 8 shows the detail of the various Cemetery Trust Funds,

TOWN OF DOVER-FOXCROFT

11

together with information relative to income currently derived and amounts withdrawn.

The Spaulding Trust Fund was created during this year, the income of which is to be used for the hospital. The Selectmen act as trustees. The proceeds from the sale of certain real estate will eventually be added to this fund.

NET SURPLUS, \$18,535.44

As of the close of the year, there was a Net Surplus in the amount of \$18,535.44 as compared with a Net Surplus of \$17,835.40 shown the year previous. This represents a beneficial change of \$700.04, the analysis of which is shown on Exhibit E of this report.

In contemplating this Surplus, however, consideration should be given the fact that no reserve has been set up to cover probable loss on tax accounts.

DEPARTMENTAL OPERATIONS

The operations for the municipal year ended February 1, 1945 reflect the following:

Appropriations	\$129,467.84
Credits (including balances forward)	79,708.52
	<hr/>
Total Available	\$209,176.36
Expenditures and charges	198,604.23
	<hr/>
	\$ 10,572.13
Less: Balances to 1945-46 year	13,130.93
	<hr/>
Net Loss in Operations—Transferred to	
Net Surplus (Exhibit E)	\$ 2,558.80

GENERAL

The Withholding Tax deducted from town employees was handled by drawing a check to the Treasurer for deductions on each warrant. The monies were promptly paid to the depository as required by the Office of Internal Revenue.

The Excise Tax collections were checked from the Collector's duplicate receipts and the amounts specified were found deposited with the Treasurer. The detail follows:

1944—Receipts 205 to 1,161	\$2,654.67
—Brought forward from 1943 year	755.73
	<hr/>
Transferred to General Government Acct.	\$3,410.40
	<hr/>
1945—Receipts 1 to 165 carried forward	
to 1945-46 year	\$718.00

The records of Dog Licenses issued by your Town Clerk showed collections in the sum of \$314.10, which amount has been forwarded to the State Treasurer.

The last bond of the Refunding Issue of 1934 was paid during the year, leaving no outstanding direct obligations of the town.

Our only outside or independent verifications, made at the close of the fiscal year, were with the banks and others to reconcile the cash balance and trust fund investments.

Superintendent.

REPORT OF PUBLIC HEALTH NURSE

I herewith submit the annual report of service rendered the town of Dover-Foxcroft by the Piscataquis County Tuberculosis and Health Association for the period January 1, 1944 to January 1, 1945.

Tuberculosis Prevention

New cases admitted to Service.....	4
Patients assisted to have sanatorium care.....	1
Home visits to suspects.....	3
Home visits to contacts.....	7
Patients taken to sanatorium for recommended X-rays.....	7
Patients under treatment (Pneumothorax).....	1

Cooperating with Dr. Stanhope, the Von Pirquet Tuberculin Test was offered in January to school groups and 107 students were given this test.

School Service

School children taken to Doctors' office.....	8
" " " for refraction of vision.....	3
Assistance of the nurse was given Dr. Noel in making annual health examination.	
Number of pupils inspected.....	774
" " with defective vision.....	18
" " with inflamed eyes.....	6
" " with defective hearing (Whisper).....	1
" " with defective throats.....	247
" " with defective glands.....	197
" " with cardiac defects.....	23
" " with defective speech.....	12
" " with skin condition.....	18
Special inspection for skin condition.....	218
Number excluded.....	12

A dental service clinic has been organized through the Town Club with various clubs contributing to a very worth while project. Our dentists, Dr. Robbins and Dr. Whittredge, have been very cooperative in helping with this corrective program.

Crippled Children

Assistance is given to the Crippled Children's pro-

gram. Twenty-four crippled children received visits. Thirty-eight hours were spent in crippled children work.

Unclassified

Number of school children admitted to Pediatric clinic at Bangor.....	3
Number admitted to Pownal.....	1
Special conferences attended.....	25
Office interviews.....	20
Tonsil and adenoid operations.....	10

The tonsil and adenoid clinic was sponsored by the Percolator Club. The Club also purchased 10 pairs of glasses for needy children. Much credit is due this Club. It makes a real contribution to the school health program.

During the month of April, I was privileged to attend the Tuberculosis Institute held in Boston for two weeks. This proved very helpful to me in conducting our Tuberculosis Prevention Program.

In planning our Health Program for the coming year, we should continue the program now being carried on of Promotion of Health and Prevention of Disease with a careful medical examination of school children done in alternating grades every other year, thus a child will be assured of an examination every other year with emphasis on heart and lung conditions. If each teacher and a parent could be present as her child is examined, it would help both in cooperating with the school health service in securing recommended corrections.

Case-finding in Tuberculosis

1. Finding Tuberculosis through the use of Tuberculin Tests of certain age and special groups with X-ray of all reactors.
2. Provision of X-ray of known suspects and known contacts.
3. Follow-up of all diagnosed and known cases.
4. Cooperation with local and district health officer in their immunization program.

5. Intensive correction of defect program.
To the Superintendent of Schools, citizens and teachers for their cooperation in supporting their community health program, my appreciation is extended.

Respectfully submitted
Piscataquis County Tuberculosis
and Health Association

Public Health Nurse

BUREAU OF HEALTH NURSING SERVICE**January 1 to December 31, 1944**

With the passing of each year of the war, there is an increased need for Good Health and fewer resources for obtaining it. This makes the requirement greater for communities to find ways to help themselves. Scarcity of Doctors, Nurses, wartime restrictions on travel and rationing of food, means that maintenance of good health standards on the home front is becoming more important. Communities that use Health Resources at their command such as Pediatric and Crippled Children's Clinics, Child Health Conferences and Immunization Clinics find that better health can be maintained.

During the past year your Bureau of Health Nurse has made home visits to mothers stressing the importance of continuous medical supervision and giving health guidance before and after the birth of the baby. Visits were made to assist parents of infants and small children with health problems. Parents were urged to take their children to the family physician for physical examination and immunizations.

The services of the Crippled Children's Clinics and Pediatric Clinics of the Bureau of Health have been made available to children in this Community.

The Sanitary Engineering Division services have been used by your Community during the past year. This health protection is always available and contributes to the Community safety.

Child Health Conferences were held every month through October. Eighty-five infants and preschool children examined by a physician. Recommendations were made for correction of defects when found. Nineteen were vaccinated against smallpox and thirty-two immunized against diphtheria. Fifty-six against whooping cough. There was a good response to these conferences and the committee is to be congratulated.

The organization of a local Health Committee would give the town more health services.

The cooperation of the Conference Committee and citizens of Dover-Foxcroft has aided in providing health protection for the community.

THOMPSON FREE LIBRARY REPORT

Thompson Free Library closed a relatively successful year with an annual circulation of 19,688 books and periodicals. In view of the fact that this is based upon a materially lessened reading public, and that the non-fiction readers are increasing, it would seem that the indication is of an upward trend in reading habits as far as the Library is concerned.

During January, the Library rooms underwent considerable rearrangement and redecoration. The basement rooms were also painted and put into order so that there is a secondary library there, consisting of older and sometimes much-used books which may still be in demand for specific occasions. The basement magazine room, housing valuable old magazines and periodicals, is worthy of the attention and interest of the public.

Special attention was given this year to Children's Book Week, which falls in November, and the librarian cooperated with the teachers from the elementary schools in providing a class of instruction for the children. Thirty-two story books and eight books of non-fiction have been added to the children's shelves in recent weeks.

From time to time the librarian has attempted to keep the public informed as to the new books which have been received, through the medium of The Observer, in the hope that more people would come to the Library with the assurance that they might find books of interest to them.

The Library is well stocked with history, biography and fiction and in every division has a goodly number of books worthy of wider circulation. There is also a well chosen list of magazines and daily papers, 46 of which are subscribed to by the Library. Gift magazines include: Our Dumb Animals; Leatherneck; three denominational papers—The Christian Leader, The Friends Intelligencer and the National Spiritualist; The Trail (Maine Development Commission); The National Historical Magazine; The Polish Review and the Netherlands Digest.

344 new books have been accessioned this year—114

non-fiction, 230 fiction. Gifts include, from individuals: biographies, 4; religion, 2; education, 1; fiction, 10; from Maine State Library, 3; University of Maine Press, 1; Yale University Press, 1; from authors, 3; from Superintendent of Army Nurses Corps, 1.

The general circulation per month is as follows:

Month	Fiction	Non-Fiction	Total
1944			
Feb., 1944	1415	378	1793
March	1535	426	1961
April	1654	150	1804
May	1270	324	1594
June	1212	316	1528
July	1301	341	1642
Aug.	1232	316	1548
Sept.	1174	391	1565
Oct.	1541	264	1805

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee:

I present herewith my first annual report of the condition and progress of the elementary Public Schools of Dover-Foxcroft. For information about our Secondary School, please see Principal Blaich's Report of Foxcroft Academy elsewhere in this book.

Personnel

The elementary schools of Dover-Foxcroft have been maintained for thirty-six weeks, closing the municipal year January 31, 1945. The following persons are members of the school staff during the present school year:

Teacher	Position	Years Exper.	Salary
GRAMMAR SCHOOL:			
Harold O. Doe	Prin. & Gr. 7-8	10	\$1,350.00
Harriett E. Crockett	Dean of Girls 7-8	36	1,161.00
Bernice Sterling	Grades 7-8	25	1,125.00
Charles Chapman	Grades 7-8	6	1,175.00
Effie Bolton	Grade 6	20	1,125.00
PLEASANT STREET SCHOOL:			
Ava Goff	Prin. & Gr. 5	31	1,161.00
Margaret Mersereau	Gr. 4	5	1,061.00
Dorothy Warren	Gr. 3	3	1,061.00
Ola F. Blood	Gr. 2	26	1,125.00
Corinne Johnson	Gr. 1	14	1,089.00
Marion Doore	Sub.	11	1,089.00
NORTH STREET SCHOOL:			
Harriett H. Crockett	Prin. & Gr. 6	29	1,169.00
Mildred Hewett	Gr. 5	20	1,125.00
Marion Rollins	Gr. 4	25	1,125.00
Mildred Pratt	Gr. 3	21	1,125.00
Martha Green	Gr. 2	4	1,061.00
Louise MacFadyen	Gr. 1 ½ yr.	16	562.50
Dorothy P. Clark	Opp. Rm.; ½ yr.	17½	562.50
Dorothy Greenlaw	Sub.	21	1,125.00
Doris Hathorn	Opp. Rm.; Gr. 1	26	1,089.00
RURAL TEACHERS:			
Nellie Downs	East Dover	32	1,089.00
Harriett Ladd	South Dover	18	1,061.00

MUSIC SUPERVISOR:

Constance Day	All Schools	10	1,100.00
---------------	-------------	----	----------

SECRETARY:

Margaret E. Washburn	Supt. Office	1	1,040.00
----------------------	--------------	---	----------

SCHOOL PHYSICIAN:

Dr. George F. Noel	All Schools		200.00
--------------------	-------------	--	--------

JANITORS:

Henry Pearl, Grammar & Pleasant St. Schools (31 wks.)	\$910.00
Earl Gordon, Grammar & Pleasant St. Schools (21 wks.)	620.00
Arthur Crockett, North Street School (38 wks.)	750.00
Stanley Downs, East Dover School (40 wks.)	290.00
George Whelan, pupil, South Dover School (36 wks.)	36.00

CONVEYANCES:

	Wkly. Salary
Clyde Judkins, Bear Hill and South Dover Routes	\$30.00
Fernald Whitman—School bus: Dexter Road and Park St.	22.00
Mrs. Roy Lyford—Milo, Guilford, and Sangerville Roads	27.00
Ira Doore, East Dover and Grammar School Route	20.50
Mr. Elmer Jordan, South Dover and Norton Hill Route	15.00
Mrs. Wainwright Butler, Essex Street	4.00

We have been more fortunate than most communities of the state in keeping our staff almost intact for this year. Miss Constance Day of Monson was employed to take Miss Veronica Fitzgerald's place as Supervisor of Music, Miss Fitzgerald being forced to resign because of illness. Although I cannot speak personally of her work, I learn that she was a strong teacher, and that her resignation was a loss to our schools. Of Miss Day's preparation and work more will be said in the proper place.

At mid-year, Miss Louise MacFadyen resigned from her position as teacher of the first grade at the North Street School to prepare herself for a different field of work. Miss MacFadyen had taught in our schools for sixteen years, being a teacher of experience, skill, and understanding, as well as a person who carried her full share in the activities of our community. The school department wishes for her success and happiness in her new work.

Upon Miss MacFadyen's resignation, Mrs. Doris Hathorn was transferred from the Opportunity Room

at the North Street School to the First Grade position left vacant, and Mrs. Dorothy P. Clark of Dover-Foxcroft was secured as teacher of the Opportunity Room. Mrs. Clark is no stranger to our schools, having taught successfully in them for fifteen years. She also has two years of experience in the schools of Milo, Stacyville, and Atkinson.

No other changes were made in elementary school positions. It is difficult to overestimate the importance to our children of retaining our capable, loyal, and experienced staff of teachers. During the time which I have had to observe their work I have found them co-operative, enthusiastic, and skillful, with their pupils making good progress in all subjects. Miss Martha Green and Mrs. Dorothy Warren of our teaching staff attended the University of Maine last summer, taking advanced work in physical education with Dr. Hutto of the State Department of Education. They are now prepared to take a leading part in developing better health and physical education programs both in the schools and during the summer vacation.

Public School Music

Our supervisor of music, Miss Constance Day, is new to us this year. She is a graduate of Bangor High School, Gorham Normal, and the Boston University College of Music, with extension work at the University of Pittsburgh. She comes to Dover-Foxcroft with ten years of experience, including music supervision at Livermore Falls, Turner, and Greenville. In keeping with plans developed last year, Miss Day has done a great deal of work in developing instrumental music classes to the end that the community may have a good school orchestra. This group will make its first public appearance this spring in connection with an operetta to be put on with children from the three schools. More information concerning school music will be found in Miss Day's report, included in this book.

Physical Education

Because of present conditions it has been impossible to secure the services of a Director of Physical Education. The program already set up is being carried on in all the elementary schools by the classroom teachers,

with help and advice from Miss Green and Mrs. Warren. A definite amount of time is provided in the daily program for health, recreation, and physical education activities.

School Physician and County Nurse

You will want to read the detailed reports of Dr. Noel, School Physician, and Mrs. Gibbons, County Nurse, elsewhere in this book. They are both deeply interested in the physical and mental welfare of all our boys and girls. Mrs. Gibbons' report last year indicated the need for dental clinic facilities, and it is hoped that some means can be found this year to support such a clinic.

Teacher Committees and Course of Study

The work done by the teacher-committees continues to show results in increased efficiency in the schools. The new basic reading system by Elson-Gray is popular with our teachers, who feel that it is a most satisfactory method. Of the books recommended for supplementary reading by the committee as many as possible were purchased this past year; the others we hope to secure for next year.

The recommendations of the Committee on Language have been carried out by placing the "Adventures in English" series, by Burleson and Cash, in grades three, four, five, and six, and "Elements in English" by Center and Holmes in grade seven. This completes the adoption of the new series begun last year.

The Committee on Ranks and Report Cards under the chairmanship of Mrs. Harriett H. Crockett met several times with the Superintendent to make a final revision of the tentative report cards developed last year. After some further study and bearing in mind suggestions from all the teachers, the cards now in use were set up. The lower grades card provides an opportunity for rating in general terms, school progress and habits, and has in addition a place for the teacher to indicate the kinds of work the pupil is doing well, and the places, if any, where a special effort is needed. The upper grades card emphasizes school citizenship as well as school subjects. The promotion certificate is a part of both cards.

The work of the original committees having thus been, in most cases, brought to a successful conclusion, three new committees were set up this fall to study the possibilities of modernizing curriculum and methods along the lines suggested by the State Department of Education with the advice of Dr. W. H. Burton of Harvard. Mrs. Charles Chapman is chairman of the Grammar group, Mrs. Harriett Crockett, of the Intermediate group, and Miss Marion Doore of the Primary group. Each group has done considerable study, and reports from them are heard and discussed at the general teachers' meeting each month. Several of the best books in the field have been bought, as well as illustrative samples of curriculum materials and outlines of school activity units used at New York City, and at Santa Barbara and San Diego, California. Some of the teachers have carefully planned and carried out with their grades one or more "units" during the year with good results. This kind of teaching is based on study of some such human activity as transportation, with an hour or more a day for possibly three weeks, given wholly to it, and with the subject matter of the regular classes correlated with it as far as practicable. At the beginning pupils raise all sorts of questions about transportation. They are then helped to find the answers, to acquire the necessary skills, and to express themselves according to their various talents by means of stories, talks, reports, drawings, mural decorations, models and demonstrations all related to the unit of activity: transportation. Most pupils become interested, and therefore learn more rapidly than in a routine "lesson". They learn to consult many books and references instead of just the one textbook, to work in cooperative groups, to have the pleasure of making an individual, and possibly unique, contribution to the class project; to appreciate the contributions of others; and to see the importance of learning, say, to read and figure time tables, understand time zones and freight and passenger rates, spell correctly the new words involved, interview adults properly and make appointments for speakers or for class visits to transportation facilities, and to share their knowledge with their classmates by the medium of talks, stories,

papers, or dramatized "skits". In short, this kind of teaching makes for a classroom situation very similar to that in which an intelligent and democratic adult group attacks a new problem. Skillfully used, it makes for a deeper, broader, and more lasting education. Most important of all perhaps, is its essential democracy, for it substitutes for the will and authority of the teacher, the individual child's own fascinated and driving interests, enthusiasm, and intellectual curiosity.

School Records

Any school program which is concerned with the individual child must have available to teachers and administrators as complete and accessible information as possible regarding each pupil. To that end, a master Kardex cumulative record system was installed in the superintendent's office a few years ago. In order to make the accumulated facts the child's school history instantly and easily available to each teacher for her use in counseling, guiding, and helping her pupils (particularly her "problem" pupils), we are this year beginning to provide "Kardex" Book Units for each grade. This file in book form will go with the grade from teacher to teacher and gradually be filled with all the pertinent data for each child: school marks, standard test results, character and personality traits, health records, photograph, home and family information, attendance record, age-grade placement, and other facts. Upon promotion to high school all this material will become available for guidance there, and should be of very considerable help in the choice of courses and careers.

School Lunch Program

The school lunch project instituted by Superintendent Page with the support of the Kiwanis Club, has continued to be a valuable part of the total school program. This year it was opened to Academy as well as elementary pupils, and about twenty of the former regularly take advantage of the opportunity.

I am happy to express here, on behalf of our boys and girls, our gratitude to the Kiwanis Club for financial support, to the Athena and other clubs and individuals for gifts of food and contributions of money, to

the Grange for the use of its hall and equipment, rent-free, to Mrs. Avis Clark and her staff of assistants for preparing the meals, to the Grammar School and Academy girls for their services as waitresses, and to our teachers for their careful supervision.

Repairs

Mr. Henry Pearl had general oversight of the repairs again last summer, although poor health forced him to resign his position of head janitor at the beginning of the school year in September. His resignation was a loss to the schools of Dover-Foxcroft. For many years he had been an expert janitor, a treasured friend to every pupil and teacher in his buildings, and a craftsman able to go ahead with almost any sort of repair or construction job in the schools.

Mr. Earl Gordon, who was secured to fill the vacancy caused by Mr. Pearl's resignation, is doing fine work. He has had considerable experience with heating plants of various types, as well as in sheet metal work, plumbing, and carpentry and has already made a place for himself as a valued member of the school staff.

During the summer the Grammar School and East Dover School were painted, so that the exterior finish of all buildings is now in good condition. One classroom at each of the village schools was redecorated, as well as the interior of the East Dover School. All other classrooms were carefully cleaned, windows washed, and necessary minor repairs made.

In order to improve the operation of the heating plant at the North Street School, a blower to provide auxiliary draft was installed at a cost of \$200 last fall. The blower is controlled by an automatic switch synchronized with the stoker, and boosts the draft provided by a chimney of insufficient size.

Sick Leave

The sick leave provision having now been in effect for two years is well past the trial stage and is greatly appreciated by our teaching staff, since each year the plan assures them of five days leave, if due to illness, with pay; the allowance being cumulative to fifteen days. It is my earnest recommendation that this plan be continued.

Budget

The following budget is presented for 1945-1946:

Common Schools	\$29,500.00
Interest on School Lands Fund	156.14
Common School Textbooks	1,275.00
Common School Supplies	1,300.00
Lights, Telephone, Water	725.00
Superintendent of Schools	1,600.00
School Physician	200.00
School Committee	105.00
Insurance	600.00
Repairs	1,500.00

\$36,961.14

This total requested budget is \$3,000 more than was raised last year, due largely to higher fuel costs and a higher salary schedule.

I should be most remiss if I did not here express my deep gratitude to my predecessor, Superintendent C. Everett Page, Jr., not only for the several days of time which he devoted to familiarizing me with the administration of the schools, but for the fine condition in which I found the school department, both educationally and financially.

I have enjoyed from the first the hearty cooperation and guidance of an outstanding School Committee: Mrs. Julia Glover, Mr. Victor Warren and Mr. Elmer Cushman, who have under their direction "the most important, the most technical, and the most difficult public business".

In closing may I say a sincere thank you to our teachers and pupils for their interested cooperation; to our janitors and conveyance drivers for an important share in our work; to Mr. Trufant and his staff in the Town Office for frequent help; to my loyal secretary, Miss Margaret Washburn; and to all the friendly people of Dover-Foxcroft who have helped to make our months here among the pleasantest we can remember.

Respectfully submitted,

HAYDEN L. V. ANDERSON,

Superintendent of Schools.

REPORT OF SCHOOL PHYSICIAN**To Hayden L. V. Anderson, Supt. of Schools**

I herewith submit my annual report as school physician in the public schools of Dover-Foxcroft.

At the opening of the schools in September Mrs. Gibbons, the school nurse, and myself examined all the children for communicable diseases. The condition of the children was satisfactory with the exception of a few skin eruptions.

We have been very fortunate this year in not having any diseases reach an epidemic form. The itch started with some fury but was quickly put under control by promptly eliminating all suspicious cases. I believe that our rule that all children who have been absent for five days must procure an admittance slip from their family or school physician has done much in maintaining a high attendance record for this year.

The routine examinations of all children in both rural and town schools were made. It was pleasing to note that many corrections were made as a result of previous examinations.

I wish to thank the School Board, Mrs. Gibbons, and yourself for the splendid cooperation in making this an outstanding year in the health of our school children.

Respectfully submitted,

GEO. FREDERICK NOEL, D. O.

REPORT OF THE MUSIC SUPERVISOR**To Hayden L. V. Anderson, Supt. of Schools**

I hereby submit my first report as the Supervisor of Music in the public schools of Dover-Foxcroft and Foxcroft Academy.

At the Academy a small orchestra has been organized and meets once a week during school hours. This orchestra furnished music for the Senior play and will appear at various assemblies and other functions when needed throughout the year. The teaching of instrumental classes in the grades and Grammar School should result in a larger orchestra or band for the Academy in a year or two.

Chorus at the Academy is elective this year, meeting once a week with an attendance of about sixty. The Girls' Glee Club met twice a week after school during the first term, but will have to be held during school hours, if at all, due to conflicting activities of both students and instructor.

With the assistance of Mr. Blaich, Music Appreciation is also being given at the Academy.

For the pupils of grades five through eight, a band has been organized and now numbers about thirty. Various classes are held each week under the instruction of Mr. Doe and Mr. Chapman of the Grammar School faculty, Mr. Ray Annis and myself. This band will be ready for public performances in May. There are many more children who would like to play but who have no instruments. Something will have to be done about raising money to provide instruments for the children and for those of the two new classes eligible next year. If new pupils are not taken into the band each year the instrumental organizations in both the Elementary and Secondary schools will again disappear. Perhaps it is true that there is a great deal of child delinquency at present. Certainly it is true that Music can be one of the remedies, for no child who is busy and happy blowing a horn or playing a fiddle will be delinquent!

To help raise money for buying instruments, pupils of all the grades through the fifth will present an op-

eretta sometime this year. The band will play on this occasion.

The fifth, sixth, and seventh grades have all given performances and with various other pupils will put on part of the Kiwanis Minstrel Show.

In all classes a graded course of study in theory and sight singing is being given. The seventh and eighth grades are now singing two and three part music and all boys in the eighth grades sing from the bass clef. Two part singing is carried on in the fifth and sixth grades.

Music appreciation consists of rhythm band, folk songs and dances, operas such as Hansel and Gretel, and other music suitable for the lower grades. The upper grades are studying the four operas of Wagner's "Ring of the Nibelung" with the idea of developing a liking for and an appreciation of opera.

In the South Dover and East Dover schools the same program of theory, sight singing and music appreciation is being given. Both these schools presented Christmas operettas.

At this time a word of thanks is due all the teachers, school officials and citizens for their excellent help and cooperation in carrying out this program of music in the schools.

Respectfully submitted,

CONSTANCE DAY,

Supervisor of Music.

ANNUAL REPORT OF FOXCROFT ACADEMY

To the Joint Board of Foxcroft Academy:

I hereby submit my third annual report as Principal of Foxcroft Academy.

The fall semester of 1944-45 opened on Tuesday September 5 with the following enrollment:

Constance Day.....	Music
Madelyn C. Ballard.....	Secretary
Harold C. Campbell.....	Janitor

We are glad to report that there was need for the replacement of only two teachers this year. Mrs. Mary Gikas became a member of the faculty, taking the place of Mrs. Louise Clark. Mrs. Gikas, a resident of Gloucester, Mass., received her training at the Currie School in Boston, as a result she comes to the Academy especially prepared in the field of English, Public Speaking, and Dramatics. She is carrying her entire teaching load in these allied fields.

Miss Helma Ebbeson of Bangor, comes to the Academy as a Mathematics teacher and indirectly takes the place left vacant by Thomas Borjesson. Miss Ebbeson is a graduate of the University of Maine and was elected to Phi Beta Kappa, the honorary scholarship fraternity, in her senior year. She came to Foxcroft highly recommended from Machias High School, where she taught for the past five years. Her entire teaching load is mathematics.

It will be of interest to you to know that for the first time in the present administration of the Academy, that each teacher is now teaching in his or her major field of interest. No teacher in the school is now working on a make-shift schedule this year. As a result, the quality of teaching should be on as high a plane as possible.

CURRICULUM REORGANIZATION

We are continuing to reorganize the curriculum of the Academy when through the workings of the school we discover need for remedy or shift in emphasis.

During the past year we discovered a duplication of effort in the teaching of personal economics. Our commercial and general course seniors were taking a course in it. They were also receiving instruction in

Junior Business Training and in Bookkeeping. In addition many of the seniors were receiving like instruction in their course in Problems of Democracy. As a result, we have eliminated Personal Economics from our curriculum and in its stead have incorporated a course in Economic Geography. This course is open primarily to the students who are taking the Commercial Course of Study — and also to a few General Course students. It may be well to note, that this move is in line with the returning emphasis on geography, particularly that which is known as global geography, which is being felt in all educational circles throughout the nation.

The other curriculum change that was made during this year aids in the rounding out of the shop program and the effort to use these shop facilities to their fullest efficiency. Starting in the fall of 1944 all freshmen boys must take four hours of shop per week. This work is equivalent to one-half of one academic credit.

The reason for this move is twofold. It insures us that each boy will learn something of the basic skills in handling tools. We hope that it will open up a new field of satisfying endeavor for a lot of them. It will also give the Academy a chance to discover which boys have special abilities in this field and therefore aid us in guiding them into related work. All of this correlates with the thesis that the greatest satisfaction in life comes from the use of those special abilities a person may have to their fullest extent.

GUIDANCE

In education, the word guidance covers a multitude of sins. It is used every time someone turns around at a convention or in a faculty meeting. Hence it would be well to define the way we at the Academy are using this word. To us, it simply means the attempt to aid the youngster in finding himself and developing what he has. There are three sides to this task. In the first place there is the problem of straightening out the youngster insofar as his attitude toward life is concerned; and particularly, his attitude toward school. The second task is the discovery of his aptitudes and

interests within the school curriculum. If we can find these, the third task becomes very apparent and can be summed up in the question; how can this youngster make the best use of these interests and abilities in the work-a-day world?

The above concept is much more than the current concept of vocational guidance which is built on job analysis and occupational information. It is an attempt to orient the whole child, the whole personality.

The method that is used is personal conference, alertness by the various teachers with the hope of discovering special abilities, and a direct drive toward personal orientation of the freshmen through the social studies classes. It is definitely not a "paper program". It is a personal contact technique which in some cases means an attempt to straighten out quirks through a stern conference in the office, calling a spade a spade so that there can be no misunderstanding on the part of the child. Sometimes it means a hint, sometimes a pat on the back when improvement is seen. And always, it means constant alertness so as to discover and aid in the development of potentialities.

How far we have progressed in this action is yet to be seen. At times it seems that here and there is a glimmer of accomplishment. But we are working with intangibles and objective measurement is impossible. But it is to be hoped that we are on the right track and that as time goes on there will be more and more evidence of accomplishment in this endeavor.

ASSEMBLIES

For the past year there has been an attempt made at the Academy to conduct some of the assemblies in the style of a chapel exercise. These, like all assemblies, have opened with the Star Spangled Banner, the Lord's Prayer, and a Scripture. The Scripture has been selected so that it may also serve as a text for a talk on practical ethics. These talks have been given by the principal of the Academy. It may be interesting to some to know that the Bible from which the scriptures are read is the American Translation which is the result of the scholarship of two of the professors of

religion at Chicago University.

We are also indebted to the clergy of our town who wholeheartedly cooperated in a series of ministerial assemblies which were conducted throughout the last school year.

MUSIC

Under the supervision of Miss Constance Day, we continue to strive to build understanding and enjoyment, and appreciation of music in its various forms. This year a small orchestra has been organized and has had several public appearances. A small chorus is attempting to survive the rigors of competition of the out-of-school life of the youngsters. And continuing from last year, with increasing growth, is the large singing group that enjoy putting their utmost into producing a "joyful noise." This group enjoys simple part singing with no idea of doing the more serious type of choral work. It is hoped however, that from this group there may develop enough interest in a few of its members so they may form a nucleus with which to carry on serious choral work.

The Academy was fortunate enough to find a used combination radio and phonograph which was purchased this year. The reason for this purchase was to have an instrument which was capable of giving the youngsters of the Academy a taste of the great music which is found on recording.

To do this we are having regular recorded concerts of about an hour in length, when those interested may attend. This group gives suggestions as to what they wish to hear, and as a result, the group is growing. Through repetition of the classics, we hope that it will be possible to develop familiarity with these works, and finally appreciation. It appears at the present that the interest in this sort of thing is increasing.

EXTRA-CURRICULAR ACTIVITIES

These continue with enthusiasm as they are built around the pupil's recreational and avocational interests. The Camera Club is building its own equipment in the Academy shop. They did all of the group pho-

tography and faculty pictures for the Annual last year and will do it again this year.

The Girls' Club continues to teach personal regimen and is using a great many films in the process. Most large industrial organizations have prepared sound films on the proper use of their products and on proper decorum, which they supply to schools free of charge. We are taking advantage of this situation.

The Science Club is studying the minerals and geology of Maine. They have selected this study themselves and are enjoying it immensely. The Juniors in their required course of Public Speaking, have given three minute speeches in a series of assemblies and have done very well indeed. The Senior Play, "The Fighting Littles" was considered a great success by all who saw it. The Academy Spelling team won the Sterling Doak Rice Spelling Trophy for the third time last spring at the County Spelling Bee, and thereby gained permanent possession of it. Prize Speaking is still an important spring activity at the Academy, and although we did not win the County Contest, we were proud of the finesse of the entries. One entry also went to the regional Spear Contest in Bangor. The Junior One-Act Plays are another popular spring activity.

The Commercial Club continues to edit "The Pony" and sends a copy of every issue to each Foxcroft boy in the armed services. The Senior Annual continues to be the impressive volume it always has been and preparation for publication is now in full swing.

VARSDITY SPORTS

Foxcroft teams have again showed true sportsmanship throughout the year in the various sports in which there is inter-school competition. Last spring the Academy was runner-up in the Penquis Baseball League to Dexter, who won the championship. In football, the season started well, but as it progressed, the competition became stronger. In basketball, again we finished second in the Piscataquis League with seven wins and three losses.

The Girls' Basketball team has had an enviable

record for the past two years. Last year they finished on top of the league with only one loss. This year they completed an undefeated league season and are the champions of the league. This fact will bring another trophy to the Academy as the Girls' League was again sponsored by the County Association after a two year interim. As the athletic activities of the girls are under the direction of the Girls' Athletic Association, it is a pleasure to commend this group for their fine work, both in intramural and in inter-school athletic competition. And in passing it may be added that the Winter Sports team of the G. A. A. decidedly won the girls' section of the Monson Winter Carnival in March of 1944.

In closing, I wish to express my appreciation to all those people who have aided in making the past year at Foxcroft Academy the success that it has been.

Respectfully submitted

THEO. P. BLAICH, Principal

WARRANT

To Irving C. Trufant, or any Constable of the Town of Dover-Foxcroft, in the County of Piscataquis:

GREETINGS:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said town, on Monday, the twelfth day of March, A. D. 1945, at ten o'clock, Eastern War Time, in the forenoon, then and there to act upon the following articles, viz:

ART. 1 To choose a Moderator to preside at said meeting.

ART. 2 To choose a Town Clerk, fix the compensation and raise and appropriate money therefor.

ART. 3 To see if the Town will accept the report as printed.

ART. 4 To choose three Selectmen to serve for a term of three years and fill any vacancy in accordance with the provisions of the Town Charter.

ART. 5 To elect a Town Treasurer, fix the compensation, and raise and appropriate money therefor.

ART. 6 To see what sum of money the Town will vote to raise and appropriate for a Night Police Officer, and the regulation of traffic.

ART. 7 To see if the Town will vote to elect one member of the Board of Mother's Aid for three years.

ART. 8 To see how much money the Town will vote to raise and appropriate for Officers' bills and Miscellaneous expenses.

ART. 9 To see how much money the Town will vote to raise and appropriate for General Government.

ART. 10 To see if the Town will vote to purchase

bonds for the Treasurer, Deputy Treasurer, Tax Collector and Town Clerk.

ART. 11 To see if the Town will vote to raise and appropriate the sum of two hundred dollars (\$200.00) for the purpose of controlling the White Pine Blister Rust within the limits of the Township.

ART. 12 To choose one member of the School Committee to serve for three years and fill any vacancy in accordance with the Town Charter.

ART. 13 To see how much money the Town will vote to raise and appropriate for Common Schools.

ART. 14 To see if the Town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

ART. 15 To see how much money the Town will vote to raise and appropriate for Free High Schools.

ART. 16 To see how much money the Town will vote to raise and appropriate for text books for Common Schools.

ART. 17 To see how much money the Town will vote to raise and appropriate for the services of the School Committee.

ART. 18 To see how much money the Town will vote to raise and appropriate for school telephones, lights, and water service.

ART. 19 To see how much money the Town will vote to raise and appropriate for repairs on school-houses.

ART. 20 To see how much money the Town will vote to raise and appropriate for school supplies.

ART. 21 To see how much money the Town will vote to raise and appropriate for the salary of the Superintendent of Schools.

ART. 22 To see if the Town will vote to authorize the School Committee to appoint a School Physician in

accordance with provisions of R. S. Chapter 19, Section 47, and raise and appropriate money for same.

ART. 23 To see how much money the Town will vote to raise and appropriate for insurance on school buildings.

ART. 24 To see how much money the Town will vote to raise and appropriate for interest on school fund.

ART. 25 To see if the Town will vote to raise and appropriate the sum of eight hundred dollars (\$800.00) for the support of the School Lunch Program in Dover-Foxcroft the same to be spent under the direction of the Superintending School Committee.

ART. 26 To see if the Town will vote to raise and appropriate the sum of sixteen hundred dollars (\$1600.00) to purchase and install a new chassis for the school bus.

ART. 27 To see what sum of money the Town will vote to raise and appropriate for the services of a Public Health Nurse.

ART. 28 To see how much money the Town will vote to raise and appropriate for salaries of the Board of Health, and the recording of Vital Statistics.

ART. 29 To see how much money the Town will vote to raise and appropriate for care of Public Dump.

ART. 30 To see what sum of money the Town will vote to raise and appropriate for sewer maintenance.

ART. 31 To see what sum of money the Town will vote to raise and appropriate for sewer construction.

ART. 32 To see what sum of money the Town will vote to raise and appropriate for the construction and repair of sidewalks.

ART. 33 To see what sum of money the Town will vote to raise and appropriate for the general repairs of highways and bridges.

ART. 34 To see if the Town will vote to authorize

the Selectmen to purchase a gravel bank at a price not to exceed twenty-five hundred dollars (\$2,500.00) and raise and appropriate money for same.

ART. 35 To see what sum of money the Town will vote to raise and appropriate for the purchase of new equipment for use in the Highway Department.

ART. 36 To see what sum of money the Town will vote to raise and appropriate for the purchase of snow plowing equipment.

ART. 37 To see if the Town will vote to raise and appropriate the sum of fifteen hundred dollars (\$1,500.00) for the purchase of snow fence.

ART. 38 To see if the Town will vote to raise and appropriate the sum of one thousand dollars (\$1,000.-00) to be spent on the Sangerville Line Road in West Dover as a continuation of the 1944 construction to be spent under the direction of the Selectmen.

ART. 39 To see what sum of money the Town will vote to raise and appropriate for State Aid Road Patrol.

ART. 40 To see what sum of money the Town will vote to raise and appropriate for State Aid Road construction (in addition to the amount regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28 of the Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

ART. 41 To see how much money the Town will vote to raise and appropriate for maintenance of Third Class roads.

ART. 42 To see what sum of money the Town will vote to raise and appropriate for the maintenance of Special Resolve roads.

ART. 43 To see what sum of money the Town will vote to raise and appropriate to treat the Village Streets against dust.

ART. 44 To see what sum of money the Town will vote to raise and appropriate for Street Lighting.

ART. 45 To see what sum of money the Town will vote to raise and appropriate for the support of Mayo Memorial Hospital.

ART. 46 To elect a member of the Board of Trustees of the Mayo Memorial Hospital for a term of two years.

ART. 47 To see what sum of money the Town will vote to raise and appropriate for the Support of Poor.

ART. 48 To see if the Town will vote to raise and appropriate a sum of money for Memorial Day, and the decorating of Soldiers' graves.

ART. 49 To see what sum of money the Town will vote to raise and appropriate for band concerts and other music.

ART. 50 To see what sum of money the Town will vote to raise and appropriate for the care of cemeteries.

ART. 51 To see how much money the Town will raise and appropriate for the repair of fences around cemeteries in which war veterans are buried; for the repair of graves, headstones, monuments and markers designating the burial place of such war veterans; and for keeping the grass on such graves suitably cut and trimmed during the summer season.

ART. 52 To see what sum of money the Town will vote to raise and appropriate for Boys' and Girls' Agricultural clubs within the town.

ART. 53 To see what sum of money the Town will vote to raise and appropriate for the support of the Thompson Free Library.

ART. 54 To elect one member to serve on the Executive Committee of the Thompson Free Library for one year.

ART. 55 To see what sum of money the Town will vote to raise and appropriate for abatements.

ART. 56 To see whether or not the Town will vote to raise and appropriate the sum of \$100.00 for adver-

tising our natural resources, advantages and attractions, under the provisions of Chapter 5, Section 82 of the Revised Statutes. Said money to be expended through the State of Maine Publicity Bureau.

ART. 57 To see if the Town will vote to authorize the Selectmen and Town Treasurer to make a temporary loan not exceeding thirty-five thousand dollars (\$35,000.00) in anticipation of taxes.

ART. 58 To see what sum of money the Town will vote to raise and appropriate for interest on temporary loan.

ART. 59 To see what sum of money the Town will vote to raise and appropriate for repairs on Fair Grounds property.

ART. 60 To see if the Town will vote to authorize the Selectmen in behalf of the Town to sell and dispose of any real estate acquired by the Town for nonpayment of taxes thereon, on such terms as they deem advisable, and execute quit-claim deeds for such property.

ART. 61 To see what sum of money the Town will vote to raise and appropriate for a memorial to World War Veterans.

The undersigned, the Selectmen of Dover-Foxcroft, will be in session at their office in Central Hall Building, Monday, the twelfth day of March, A. D. 1945, at nine o'clock, Eastern War Time, in the forenoon, for the purpose of hearing and deciding upon the applications of persons claiming the right to have their names entered upon the voting list of said Town.

Given under our hands at said Dover-Foxcroft this twenty-sixth day of February, A. D. 1945.

REPORT OF BUDGET COMMITTEE

To the Voters and Taxpayers of Dover-Foxcroft

The increasing upward trend in wages and costs in general is being felt by municipalities as well as business houses and individuals. Under these conditions the Town of Dover-Foxcroft is no exception, and it is impossible to keep the operating and maintenance expenses down to those of the previous years. Your Budget Committee has gone over all requests for funds carefully and has made recommendations to care for the unavoidable and uncontrollable increases. It has been the intent not to add to the Town's plant equipment property that will cause an undue burden to maintain and operate in the future when money may be less plentiful. With this in mind it is found that the operating expenses of the town for the coming year will increase over \$13,000.00, with a net increase to be raised in Town Meeting of over \$10,000.00. This will necessitate a tax rate of approximately 52 mills if the Committee's recommendations are followed.

Respectfully submitted,

J. Eric Love, Chairman.	A. T. Gellerson
W. J. Mayo	C. A. Runnals
